AYER'S SARSAPARILLA FOR PURIFYING THE BLOOD.

A ND for the speedy cure of the sub-joined varieties of Disease: Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

J. C. Ayer & Co., Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrotilous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes turned in Ulcers on my hands and arms; sometimes turned in Ulcers on my hands and covered my scalp and ears with one sore, which was pairful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, then disorder grew worse. At length I was rejoiced to the disorder grew worse. At length I was rejoiced to the disorder grew worse. At length I was rejoiced to the disorder grew worse in the foother from any thing. In fact, it is not used in the Gospel Messenger that you had prepared an read in the Gospel Messenger that you had prepared an itemative (Sarsaparilla,) for I knew from your reputation that any thing you made must be good. I sent to Omeinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a tearpoonful over a month, and used almost three bottles. New and healthy sku soen began to form under the scalp, which alter a while fell off my skin is now clear, and I knew by my feelings that the disease bas gone from my system. You c.p well beliavo that I feel what I am saying when I tell you, that I hold you to be one of the a-celles of the age, and remain ever gratefully. Yours, Alfraid B. Talley. OARLAND, Ind., 6th June, 1859.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Proble writes from Salem, N. Y., 12th Sep., 1859, that he nas cured an inveterate case of Dropsy, which threatened to terminate fatally, by the porsevering use of our Sarsapardia, and also a dangerous attack of Maignant Erysipcias by large doses of the same says he curse the common Eruptions by it constantly. Bronchocele, Goitre or Swelled Neck.

Zebulon Stoan of Prospect, Texas, writes: 'Truce bottles of your Sarsaparilla cured me from a Gerras—a hideous swelling on the neck, which I had suffered from over two years." Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "
most cheerfully comply with the respect of your agent
in saying I have found your barsaparilia a most excellent
alternative in the numerous complaints for which we employ such a remady, but especially in Female Diseases of
the Scrothousu disthess. I have cured many inveter ate
cases of Leucorrhosa by it, and some where the complaint was caused by ulceration of the sterus. The ulceration itself was soon cured. Nothing within my
knowledge equals it for these formale derangements."

Edward S. Marrow of Newbury, Ala., writes, "A dangerous courient temor on one of the females in my family,
which had delied all the romedies we could employ, has
at length been completely cured by your extracted Sarsaparilla. Our physician thought nothing but extirpatien could afford relief, but he advised the trial of your
Sarsaparilla as the last resort before cutting, and it
proved effectual. After taking you remedy eight weeks
no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW OBLEANS, 26th August, 1959.

Dr. J. C. Ayes: Sir, I cheerfully comply with the request of your signt, and report to you some of the effects I have called with your Sarsaparilla.

I have cursed with it, in my practice, most of the complaints for which it is reo minended, and have found its effects truly wonderful in the curs of Veneral and Mercarial Diseases. The of my patients had Syphillite aloers in his threat, which were consuming his pulate and the top of his mouth. Your Sarsaparilla, steadily taking our of him in vivo week. Another was attacked by secondary symptoms in his nose, and the alcoration had saten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the clicers based, and he is well again, not of course without some dadiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poists in her bones. They had become so sensitive to the weather that on a damp day she suffered exercicating main in her joints and tones. She, too, was cured emirely by your sarsaparilla in a few weeks. I know from its formula, which you agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkeble results with there not surprised me.

Fraternally years,

Of the Disease

This isagremedy so universally known to surpage any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its universalled excellence for coughs and colds, and its truly wonderful, cures of pulmonary disease, have made it known throughout the civilized nations of the earth.—
Few are the communities, of even families, among them who have not some personal experience of its effects,—some fiving trophy in their mists of its victory over the subtle and dangerous disorders of the throat and tangs. As all know the dread-unit fataility of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the curres which have won so strongly upon the confidence of mankind.
