AYER'S SARSAPARILLA FOR PURIFYING THE BLOOD. A ND for the speedy cure of the sub-joined varieties of Disease:

Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co., Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofuljus infection, I have suffered from it in various ways for years. Sometimes it burst out in Uloers on my hands and arms; sometimes turned in warr and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and sars with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief: from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla,) for I knew from your reputation that any thing you made must be good. I sent to Cinemnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy akin soon began to form under the scab, which after a while fell off my skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the a ostles of the age, and remain ever gratefully.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head Ringworm, Sore Eyes, Dropsy.

Dr. Ropert M. Preble writes from Salem, N. Bronchocele, Goitre or Swelled Neck. Zebulon Susau of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Gerrar—a hideous swelling on the neck, which I had suffered from over two years."

Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "most cheerfully compit, with the respect of your agent in saying I have found your sursaparilis a most excellent alternative in the numerous complants for which we employ such a remedy, but especially in Female Diseases of the Scrötdious diathesis. I have cured many invoterate cases of Leucorthosa by it, and some where the complaint was caused by ulceration of the ulcrus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these formale darangements."

Edward S. Marrow of Newbury, Ala., writes, "A dangerous outrient fumer on one of the females in my lamily, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford reliet, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains." Uterine Ulceration, Female Diseases.

NEW ORLEANS, 25th august, 1959.

Dr. J. C. AYES: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your sarsaparills.

I have cared with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wongerful in the cure of Veneral and Mercarial Diseases. One of my patients had syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five week. Another was attacked by sectionary symptoms in us mose, and the diceration had eaten away a considerable part of it, so that I believe the disorder would soon exact his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers heated, and he is well again, not of course without some dissignation to his face. A woman who had been treated for the same disorder by moreury was suffering from this poisso in her bones. Inby had become so sensitive to the weather that on a damp day she suffered accured entirely by your Sarsaparilla is a few weeks. I know from its formula, which you agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Dis. J. C. Ayba: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which bailled the skill of physicians, and stack to me in spite of all the remedies I could fin until tired your Sarsaparilla.—
One bottle cured me in two weeks, and restored my general health so much that I am far otter than before I was attacked. I think it a wonderful medicine,

Jules Y. Getchell, of St. Louis, writes: "I have been afficted for years with an affection of the liver, which destroyed my health. I tried every hing, and every thing tailed to relieve me; and I have been a broken down man for some years from no ther cause than derangment of the Liver. My beloved pastor, the Rev. A great variety of cases have been reported to us where cures of these formulable complaints have result form the use of this remedy, but one space here will not admit them. Some of them may be found in our American Almanac, which the agous below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia, Many remarkable cures of these affections have been nade by the alternative power of this medicine. It stim-

Ayer's Cherry Pectoral FOR THE RAPIDIOURE OF Coughs, Colds, Influenza, Hoarseness Croup, Bronchitts, Incipient Consumption, and for the Relief of Consumptive Patients

in advanced Stages of the Disease This is a remedy so universally known to surpass any other for the cure of throat and lung complaints; that it is useless here to publish the evidence of its virtues. Its univalled excellence for coughs and colds; and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth.—
Few are the communities, or even families, among them who have not some personal experience of its effects—
some living trophy in their indeat of its victory over the subtle and can gerous disorders of the throat and tungs. As all know the dreadful faithity of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that if did have when making the cures which have won so strongly upon the confidence of mankind.
