Left Town.—Capt. G. W. P. Davis' company, recruited in this city, and formerly detailed as guard at the State Arsenal, left town to-day with its regiment en route for the seat of war.

Common.—The renowned Signor Blitz, with his learned canary birds and the inevitable "Bobby," in connection with the celebrated ventriloquist, Dr. Valentini, will shortly give a series of concerts in our city.

Trimming Trees.—The present is the proper season to attend to this work, before the sap begins to ascend from the roots to the trunk and limbs, and thus insure a plentiful growth of shoots and consequently an abundant foliage, which, as every housekeeper knows, is a very desirable thing around one's dwelling during the sultry months of summer. Next month and April will do for preparing and planting out young trees, but the latter month is rather too late for trimming.

The Old Folks.—The "Old Folks" were greeted with a large and fashionable audience at Brant's Hall last night, who gave vent to their satisfaction by frequent bursts of applause. The performers exhibited a taste in dress and a sense of propriety in representing the costume and actions of our ancestors, that was highly commendable. The singing was particularly that of Mrs. Nichols, who is an artist of great ability. The troupe give another concert this evening, and we advise all fond of good singing to be on hand.

Enlarged neck, and all difficult complaints of long standing treated by Dr. Jones, of New York, at Herr's Hotel, three days and a half yet. Also, tumors removed from the eye and ear. Hair is operated for, &c. The great number of ladies and gentlemen successfully treated, both medically and surgically, by Dr. Jones, and the fact of his being a graduate of both prevailing medical schools and of an Eye and Ear Institute, with his diploma proving the same, will give him all the practice that he will be able to attend to in Lancaster or any other city that he may visit.

Important Local Bill.—The City Survey.—The following supplement to the city charter was read in place by our Senator, Mr. Boughter, day before yesterday:

Sec. 1. That whenever the commissioners named in the act to which this is a further supplement shall have either widened, altered or changed any of the streets, lanes, alleys or avenues, as well in the old borough and adjoining suburbs as in all the ground embraced within the limits of the city of Harrisburg, the same shall be taken and held to be valid and effectual to all intents and purposes as if explicit authority had been conferred upon them by said act so to do, when approved by the Court, as provided in the act incorporating the city of Harrisburg, and the supplement thereto.

Sec. 2. That if the Court shall confirm that portion of the plot which extends front street, from State street to the northern extremity of the city, to the water's edge, that the damage incurred by private property shall be assessed as in other cases, but the viewers appointed to appraise the damages shall be required to ascertain how much the property which will be thus left fronting on the river, between State street and the point where the turnpike road strikes the dividing line between the properties of John Roberts and David Mottins, 1833, will be benefited and increased in value by such opening, and the amount of such benefit or increase shall be charged against the same, and only the residue thereof paid by the county. Provided, That when property is injured by the laying out and opening streets, lanes, alleys, or avenues in the city, and benefited by vacating either streets, lanes, alleys or avenues, the advantage shall in all cases be taken into consideration in assessing the damages.

Sec. 3. That the time allowed the Commissioners named in the act to which this is a supplement for performing the duties enjoined upon them, be, and the same is hereby, extended for one year from the date of this supplement, and the amount of each benefit or increase shall be charged against the same, and only the residue thereof paid by the county. Provided, That when property is injured by the laying out and opening streets, lanes, alleys, or avenues in the city, and benefited by vacating either streets, lanes, alleys or avenues, the advantage shall in all cases be taken into consideration in assessing the damages.
