AYER'S SARSAPARILLA

FOR PURIFYING THE BLOOD. A ND for the speedy cure of the sub-loined varieties of Disease:

Blains, and all Skin Diseases.

OANLAND, Ind., 6th June, 1859.

J. C. Ater & Co., Gents: I feel it my duty to acknowledge what your Sarsaparlila has done for me. Haying inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Uleers on may hands and arms: sometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and oovered my scalp and ears with one sore, which was painful and lostinome beyond description. I tried many medic'nes and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla,) for I knew from your reputation that any thing you made must be good. I sent to Gneinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skn soon began to form, under the scab, which after a while fell off my skin is now clear, and I know by my feelings that the disease has gone from my system. I tell you, that I hold you to be one of the acestles of the age, and remain ever gratefully. Yours,

Alfrike D B. Talley.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sep., 1859, that he has cured an inveterate case of Drop sy, which threatened to terminate fatality, by the perse vering use of our Sarsaparilla, and also a dangerous at lack of Malignant Erysipelas by large doese of the same says he cures the common Eruptions by it constantly.

Bronchocele, Goitre or Swelled Neck, Zabulen Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Gental—a hideous swelling on the neck, which I had suffered from over two years." Leucerrhœa or Whites, Ovarian Tumor,

Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "
most cheerfully comply with the respect of your agent
in saying I have found your sarsaparilia a most excellent
alternative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of
the Scrofulous disthesis. I have cared many investor ate
cases of Leoforrhoa by it, and some where the complaint was caused by ulceration of the ulceras. The ulceration itself was soon cared. Nothing within my
knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous carrian, tumor on one of the females in my lamily,
which had defied all the remedies we could employ, has
at length beau completely cured by your Extract of Sarsaparitia. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your
Sarsaparilla as the last resort before cutting, and it
proved effectual. After taking your remedy eight weeks
no symptom of the disease remains." Uterine Ulceration, Female Diseases.

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1959.

Dr. J. C. ATEE: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have realized with your Sarsaparilla in the realized with your in the cure of Yeneral and Mercarial Disease. One of my patients had syphilitic ulcers in his threat, which were conauming his palate and the op of his moun. Your Sarsaparilla, steadily taken, cured him in five week. A nother was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparills: the ulcera healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffering from this poison in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which you agent gave me, that this reparation from your laboratory must be a great remedy; consequently, these truly remarkeble received with it have not surprised me.

Of the Disease

This is a remedy so universally known to surpass any other for the cure of throat and ung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth.—

Tow are the communities, or even families, ameng them who have not some personal experience of its effects.—
some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
