SENATE.

WASHINGTON, March 7.

The message from the President concerning the States, &c., was read and referred to the Committee on the Judiciary.

Mr. SUMNER (Mass.) presented a memorial signed by many prominent merchants of New York, asking immediate action to provide for the transportation of the mails from New York to Panama.

Mr. ANTHONY (R. I.) presented a memorial from the officers and seamen on board the steamship Governor, asking compensation for losses from the wrecking of that vessel.

Mr. FORBES (Conn.) presented a memorial from merchants of New York, calling attention to the cotton lands on the Southern coast.

Mr. WADE (Ohio) moved to take up the bill providing for the occupation and cultivation of cotton lands. Agreed to—yeas 25; nays 11.

HOUSE OF REPRESENTATIVES. On motion of Mr. COX (Ohio), it was resolved that the Secretary of War be requested to communicate to the House the number, age and condition of the Africans who have been under the supervision of Maj. Gen. Wool, commanding at Fortress Monroe, Va.

Mr. GUALTY (Ohio.) introduced a bill to secure to the pilots, engineers, sailors and crews upon gunboats and war vessels their bounty and pensions.

Mr. STEVENS (Pa.) said he did not think it was necessary, but it was found by the Secretary of the Treasury that these bonds cannot be sold excepting at a great sacrifice, which he did not choose to make.

Mr. PENNINGTON expressed himself satisfied with the explanation, and would vote for the bill. He however offered an amendment, which was agreed to, re-asserting that the demand notes shall be receivable for duties on imports.

Mr. HARNDIN (Ky.) rising to an explanation, said he noticed in the newspapers that the chairman of the Committee on Territories had reported a bill providing for territorial Government in the seceding States, and for their subsequent admission into the Union.

Mr. ASHLEY (Ohio), the chairman of the committee on the subject of the bill, reported the bill, and under instructions he had moved that it be printed and re-committed to the committee.

Mr. HARDING remarked that the newspapers also said that the Senate Committee on Territory had concurred in the provisions of this bill.

Mr. ASHLEY replied that he was not aware that that committee, with the chairman of whom he had been in consultation, had come to any conclusion on the subject. If the newspapers had made such a statement the chairman of neither of these committees was responsible for it.

Mr. HARRIS said that only four out of nine members of the committee had agreed on this bill, and yet it was sent out as a report of the majority.

Private letters received state that the U. S. steamer Tuscarora remained near Gibraltar on the 16th ult., and had changed her anchorage from Algiers to Orange Grove, bringing her within three miles of the rebel pirate Sumter, but still in Spanish waters.

From the papers we glean the following:—The steamer Cambridge was sunk on the 22d near Grand Glaze, Arkansas. Forty-two lives were lost.

The machinery from the various workshops at Nashville was removed, previous to the evacuation of that place, to Chattanooga. The people of the South are warmly urging and demanding that Jeff Davis should take the field.

A bitter contest was going on at Memphis as to whether that town should be burnt on the approach of the United States gunboats.

Died.

On March 6th, MARY ROSS, infant daughter of N. and G. A. MILLER.
