Dr. W. Harr.—Drar Sir:—As I have learned that you have purchased the right to manufacture and sell M'Onnell's Golden Electric Oil, for the benefit of the afflicted, I send the following:—I have been afflicted with a running sore on my left leg for ten years. During that time I have been under the treatment of ten of the best Doctors in Harrisburg, flatitmore and Cumberland county; but all could not effect a cure. A little over a year past, going into my blacksmith shop after dark, I hart my right leg also, below the knee. It spread all a round the leg, and became a running sore. Everal Dectors told me I must have my leg taken off, mortification having taken place. Fortunately I got a bottle of your Golden Electric Oil for my child's sore mouth. It cured so soon that I thought I would try it on my legs. I have been using it about alx weeks, and my legs are now healed up—sound and well.

NEW ORLEANS, 25th August, 1989.

SIDT. J. C. ATER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realised with your sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Feneral and Mericarial Diseases. One of my patients had syphilitic dicers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in dree week. Another was attacked by secondary symptoms in his nose, and the ulcert ton had salen away a considerable part of it, so that helieve the disorder would soon reach his brain and kit. Jim. But it yielded to my administration of your Sarsaparilla: the ulcert healed, and he is well sgain, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this goison in her bones. They had become so sansitive to the weather that on a damp day she suffered excructating pain in her joints and bones. Sic, too, was cured; entirely by your Sarsaparilla in a few weeks. I know from its formola, which you agent gave me, that this Proparation from your laboratory must be a great remedy; consequently, these truly remarkeble results with it have not surprised me.

I have been afficied with a painful chronic Rhoumatism for a long time, which baffled the skill of physicians, and stock to me in spic of all the remedies I could fin , until I tried your Sarsaparilla.

One bottle cured age in two weeks, and restored my general health so much that I am fin restor than before I was attacked. I think it a wonderful medicine.

J. PREAM. Inles Y. Getchell, of St. Louis. writes: "I have been afflicted for years' with an affection of the Liver, which destroyed my health. I tried every thing saide to relieve me; and I have been a broken down main for some years from no ther cause than devenoments, the Liver. My beloved pastor, the Rev. Of the Disease

This is a remedy so universally known to surpass any other for the cure of throat and long complaints, that it is useless here to publish the evidence of its virtues. Its universalled excellence for coughs and colds, and the truly wonderiul cures of pelmonary disease, have made it known throughout the civilized nations of the earth-few are the communities, or even families, among them who have not some personal experience of its effects who have not some personal experience of its effects—some living trophy in their minst of its victory over the smalle and dangerous disorders of the throat and longs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not as they know, too, the effects of this remedy, we need not as they know, too, the offects of this remedy, we need not as the tiddle have when making the cures which have wen so strongly upon the confidence of makind.
