Blains, and all Skin Diseases.

OAKLAND, Ind, 6th June, 1859.

J. C. AYER & Co., Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infectien, I have suffered from it in various ways for years. Sometimes it burst out in Warlous ways for years. Sometimes it burst out in Warlous ways for years. Sometimes it burst out in Warlous ways for years. Sometimes it burst out in Ward and distressed me at the stomach. Two years ago it brode out on my head and covered my scalp and ears with one sore, which was painful and leathsome beyond description. I tried many medicines and several physicians, but without much relief from anything. In lactice, the disorder grew worse. At length I was rejoced to read in the Gospel Messenger that you had prepared an alternative (Barsaparilla,) for I knew from your reputation that snything you made must be good. Item to Cincinnati and got it, and use it till it cured me. I took it, as you advise, in small doses of a teaspocafful over a mouth, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off, my skin is now clear, and I kaow by my feelings that the disease has gone from my system. I tell you, that I hold you to be one of the a cetter of the age, and remain ever gratefully. Yours,

ALFRED B. TALLEY.

Uterine Ulceration, Female Diseases.

EDr. J. B. S. Channiag, of New York City, writes; "most cheerfully comply with the respect of your agent in saying I have found your sarsaparilia a most excellent alternative in the numerous complaints for which we employ such a remedy, but especially in Female Disease of the Ecrofulous diathesis. I have cured many inveterate cases of Leucorrheea by it, and some where the complaint was caused by sideration of the sterns. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Alia, writes, "A dangerous ovarian tumer on one of the females in my lamily, which had defied all the remedies we could employ, has at length been completely cured by your extract of Sarsaparilla. Our physician thought nothing but extipation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remody eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

Dr. J. C. Ayre: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your sarsaparilla.

I have cured with your sarsaparilla.
I have cured with it, in my practice, most of the complaints for which it is recommended, and have found is effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients had syphilitic ulcers in his threat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, sleadily taken, cured him in five week. Another was attacked by secondary symptoms in his nose, and the ulcerroon had eaten away a considerable part of it, so that believe the disorder would sook leach his brain and kit. Jim. But it yielded to my administration of your Safsaparilla; the ulcers healed, and he is well again, not of course-without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered exeruciating pain in her joints and sones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which you agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkedle results with it have not surprised me.

I think it a wonderful medicine.

J. FREAM.

Jules Y. Getchell, of St. Louis. writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken down man for some years from no ther cause than devangment of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparrilla, because he said he knew you, and anything you made was worth trying. By the bleasing of God it has cured me. I feel young again. The best that can be said of you is not young again. The best that can be said of you is not half good enougn."
