PENNSYLVANIA HOSPITAL.

[From Official, Hospital, Exports.]

May 19, 1860,—Elica S., set. 28, single, never was very strong. Two years ago she had an attack of acute rhoumatism, from which she was confined to her bed for two weeks and subsequenty from a relapse for four more. She has been well since their till last Satur day, while engaged in house cleaning, she took cold, had pain in her back, felt cold, hot had no decided chill. Two days later her ankies began so swell, which was followed by swelling of the knee, joints, and of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is new fakhionably called; rheumatic fever. It is a well remarked typical case. We will carefully watch the case, and from time to time call your attention to the various ymptoms which present themselves. My chief object in bringing her before you now, is to call attention to a remedy which has recently been recommended in the treatment of rheumatism. Im an propylamina. Dr. Awenarisis, of St. Petersburg, recommends it in the highest terms, having derived great cenefit from its use in 250 cases which came under his care. Various commendatory testimonials respecting it have appeared in our journals, and I propose therefore to give it another trial. I must conless I am always incredulous as to the worth of new remedies, which are vanued as specifies; but this comes to us recommended so highly, that we are bound to give it a trial. FROM OFFICIAL HOSPITAL REPORTS.

SAME CASE FOUR DAYS LATER!

SAME CASE FOUR DAYS LATER!

MAY 23, 1860.—I will now exhibit to you the patient for whom I prescribed Propylamine, and was then laboring under an attack of acute rheumatism. She has steadily taken it in dose of three grains every two hours (intermitting it at night.). The day after you saw her, I found her much more comfortable, better than she oxpected to be for a week or snore, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fall to notice a marked change in the appearance of her joints, which are now nearly all of their natural size.—
Thus far our experiment, would have seemed very successful; but, gentlemen, we must wait a little white before we can give a decided opinion as to what is to be the result. See one or two Specimens of what is everywhere said by the People—Editors—Dealers, &c.

the result.

Here is another patient who was placed on the use of the same medicine on Sunday last; she has sleag been suffering from a room rheumatism, and I found her at that time with an acute attack supervening upon her monte affection. The wrists and knockles were much swollen and to see. She took the cutoride of Propylamine in three grain doses overy two nours, and you will perceive that the swelling of the joints has much diminished. HOUSEAEEPERS—troubled with vermin need be so no longer, if they use "Costar's' Exterminators... We have used it to our satisfaction, and if a box cost \$5 we would have it. We had tried poisons, but they effected nothing; but "Costar's" article knocks the breath out of Rats, Mice, Roaches and Bed-Bugs, quicker than we can write it. It is in great demand all over the country.—Medina (O.) Gazette.

THREE DAYS LATER!!

THREE DAYS LATER!!

MAY 26, 1860.—This is the case of acute rheumatism treated with propylamine, the first of those to which I called your attention at our last clinte. She is still very comfortable, and is now taking three grains thrice daily. In this case it has seemed to be followed by very satisfactory results. The second case to which your attention was called at our last lecture, has also continued, to do welf. I will now bring before you a very characteristic case of acute rheumatism, and if the result be satisfactory, I think, as good jurymen, we shall justly render our verdict in favor of propylamin.

He is a seaman, set. 26, who was admitted a lew days ago. Has bas occasional rheumatic pans, but not so as to keep his bed, antil eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the unper extremities. These joints are all swollen, tense and tender. His tongue is furred it is skin, at present dry, thoogn there has been much sweating. His pulse is full and 'strong, and about 90.—He has now used propylamine for twenty-four hours.

This gentleman is what may be called a sufety typical case of acute rheumatism. There was exposure to cold and web, and this exposure is followed by a feeling of coldness, severe articular pain, beginning, as it usually does, in the lower joints. There is fever and the profuse sweating, so generally attlendant on acute rheumatism. I did not bring this painest tesfore you with the 1 atention of giving you a lecture on all the points connected with rheumatism, but to axain give a triak to the new remedy we are testing, and to exhibit to you this typical case, as I have called it, than which there could not be a fairer opportunity for itesting the medicine in question. We are, therefore, avouing the use of all other medicines, even and bynes, link ther may be no misgivings as to with was the efficient remedy. You shall see the case of a future clinic.

THE RESULT.

A FAVORABLE EVERDICT.

JUNE 9, 1860 .- The next of our convalescents is case of acute rhoumatism before you'at our clinic of May 26th, which I then called a typical case, and which it was remarked was a fair opportunity for testing, the worth of our new remedy. It was therefore steadily given in three grain cases every two hours for four days. The patient has got along very neely, and is now able to walk about, as you see. I do not he state to 2 y that I have nevel, seen as every a case, of acute, then waiting wat about, as you see. Tu not estate to y that he baye peve, seen as severe a cuse of acute theu matism so soon restored to health as this man has been, and without being prepared to decide positive my as to the value of the remedy we have used. I see bound to state that in the cases in which we have tried the Chloride of Propylamine, the patients have regained their health much carlier than under the treatment ordinarily pur sued. I wish gentlemen, you would yourselves try and report the results.

For a full report of which the above is a condensed extract, see the Philadelphia Medical and Surgical Reporter. It is the report after a fair trial by the best med ical authority in this country, and makes it unnecessary to give numerous certificates from astonished doctors and rejoicing patients.

A SPEEDY CURE, AN EFFECTUAL CURE THE SAME RESULT

WHAT IT HAS DONE,

IN EVERY CASE, WHENEVER TRIED, WHENEVER TRIED IT WILL DO AGAIN.

Bullock & Crashaw, affirm well known to most medical men, by whom the Elixir Propylamine has been in troduced, have sold to us the exclusive right to manufac ture it according to the original recipe, and we have made arrangements of such magnitude as to enable us to scatter it broadcast amongst suffering humanity.

A WORD TO DOCTORS.

cure or give relief, or no charge. See certificates. DR. W. BARR—DEAR SIR :—As I have learned that you have purchased the right to manufacture and sell M'Connell's Golden Electric Oil, for the benefit of the afflicted. nell's Golden Electric Oll, for the benefit of the afflicted, I send the following — I have been afflicted with a running sore on my letting for ten years. During that time I have been under the treatment of ten of the best Doctors in Hurrisburg, Splitmore and Cumberland county; but all could not effect a cure. A little over a year past, going into my blackamith shop after dark, I hurt my rigot leg also, below the snee. It spread all around the leg, and became a running sore. Several Doctors told me I must have my leg taken off, mortification haying taken place. Fortunately I got a bottle of your Golden Electric oil for my child's sore mouts. It cured so soon that I thought I would try it on my legs. I have been using it about six weeks, and my logs are now healed up—sound and well.

ELISHA T. HOUCH. We, the undersigned, who are well acquainted with Elisha T. Houch, do certify to the fact as stated above, and the benedicial effects of M'Connell's Golden Electric Oil on many of our neighbors.

DARLING'S LIVERREGULATOR,

LIFE BITTERS,

ARE pure vegetable extracts. They cure all bilous disorders of the human system.—
They regulate and invigorate the liver and kindeys; they regulate the digestive organs; they regulate the secretions, excretions and exhalations, equalize the eigentain, and purify the blood. Thus all bilious complaints of which are lorpid Liver, Sich Headache, vepsia, Piles, Chills and Fevers, Costiveness or Locates are entirely controled and cured by these remediate.

DARLING'S

LIVER REGULATOR Removes the morbid and billious deposits from the stom-ach and bowels, regluates the liver and kidneys, remov-ing every obstruction, restores a natural and healthy ac-tion in the vital organs. It is a superior

FAMILY MEDICINE, luch better than pills, and much easier to take.

DARLING'S LIFE BITTERS is a superior tonic and diuretic; excellent in cases of loss of appetite, fiatulency, female weakness, irregularities, pain, in the side and be wels, blind, protruding and oleeding piles, and general debility.

READ THE FOLLOWING TESTIMONY; Jas. L. Brumley, merchant, 184 Fulton street, New York, writes, August 18, 1860: "I have been afflicted with piles, accompanied with bleeding, the last three years; I used

DARI INGES

DARLING'S LIVER INVIGORATOR

LIFE BITTERS,

And now consider myself EntireLy CURED." Hon. John A. Cross writes, "Brooklyn, March 16, 1860. In the spring of 1859 I took a severe cold, which induced a violent fever. I,took two doses of

DARLING'S LIVER REGULATOR. it broke up my cold and fever at once. Previous to this attack, I had been troubled with dyspepsia several months; I have feit nothing of it since." Otis Studly, Esq., 128 East 28th Street, N. Y., writes: "August 12, 1860—I had a difficulty with Kidney Complaint three years with constant pain in the small of my back... I had used most all kinds el medicines, but found no permanent relief until i used

DABLING'S LIVER INVIGORATOR,

LIFE BITTERS.

I passed clotted blood by the urethra. I am now en irely cured, and take pleasure in recommending these pmedica." Mrs. C. Tebow, 11 Christopher Street, N. Y., writes:
"Feb 20, 1860.—I have been subject to attacks of Asthmathe last twenty years. I have never found anything

Darling's Liver Regulator,

n affording immediate relief. It is a thorough Liver and illious remedy."

Mrs. Young, of Brooklyn, writes, "February 28, 1860. n May last I had a severe attack of Piles, which confin-d me to the house. I took one bottle of DARLING'S LIFE BITTERS and was entirely cured. 'I have had no attack since."

D. Westerveit, Esq., of South 5th, near 9th Street, Wil-lamsburg, L. I., writes: "August 5, 1880.—Having been roubled with a difficulty in the Liver, and subject to bil-ous attacks, I was advised by a Friend to try DARLING'S LIVER REGULATOR, l did so, and found it to operate admirably, removing the bile and arousing the liver to activity. I have also used

FAMILY MEDICINE. When our children are out of sorts, we give them a few drops and it sets them all right. I find it meets the general wants of the stomach and bowels when disorder-

AYER'S SARSAPARILLA FOR PURIFYING THE BLOOD.

A ND for the speedy cure of the subcrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pastules, Blotches, Boils,

Blains, and all Skin Diseases.

OARLAND, Jud, 6th June, 1859.

J. C. Ayre & Co., Gents: I feel it my dury to acknowledge what your Sarsaparilla has done for me. Having inberited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scaip and ears with one sore, which was painful and loathsome beyond description. I tred many medi line, and several physicians, but without much relief from anything. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla,) for I knew from your reputation that anything you made must be good. I sent to Cinc must and got it, and use it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a meuth, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell of, my skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the aposites of the age, and remain ever gratefully. Yours, OARLAND, Ind, 6th June, 1859. age, and remain ever gratefully. Yours,
ALFRED B. TALLEY.

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "most cheerfully comply with the respect of your agent in saying I have found your Sarsaparilia a montexcellent alternative in the numerous complaints for which we employ such a remedy, but especially in Female Disease of the Scrofulous diathesis. I have cured many inveter ate cases of Leucorrheea by it, and some where the complaint was caused by ulceration of the ulcrus. The ulceration itself was soon cured. Nothing within my knowledge equals, for these female darangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous occrian tumor on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1959.

Dr. J. C. AYEE: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Disease. One of my patients and syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, stea dily taken, cured him in five week. Another was attacked by secondary symptoms in his nose, and the pheer*con had eaten away a considerable part of it, so that believe the disorder would some casen his brain and kil. Jim. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. I hey had become so sensitive to the weather that on a damp day she suffered exeruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which you agent gave me, that this freparation from your laboratory must be a great remedy; consequently, these truly remarkeble results with it have not surprised me.

Fraternally yours,

G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint. NEW ORLEANS, 25th August, 1959.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Precton Co., Va., 6th July, 1859. DR. J. C. AYBR: Sir, I have been affliced with a painful chronic Rheumatism for a long time, which battled the skill of physicians, and stuck to me in spite of all the remedies I could fin , until I tried your Sarsaparilla.—
One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every ihing, and overy thing failed to relieve me; and I have been a broken down man for some years from no ther cause than devangment of the Liver: My beloved pastor, the Rev. Mr. Eapy, advised me to try your Sarsajarrilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cared me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of

the Bones. A great variety of cases have been reported to use where cures of these formidable complaints have resultorm the use of this remedy, but one space here will not admit them. Some of them may be found in our Amer can Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alternative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Con-sumption, and for the Kelief of Consumptive Patients

in advanced Stages of the Disease of the Disease.

Whis is a remedy so universally known to surpage any other for the cure of throat and tung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth.—Few are the communities, or even families, among them who have not some personal experience of its effects.—some living trophy in their minust of its victory over the subtle and dangerous disorders of the threat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won no strongly upon the confidence of mankind.

Dr. Robert M. Proble writes from Salem, N. Y., 12th Sep., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparnila, and also a dangerous attack of Malignant Erysipelas by large doses of the same says he cures the common Eruptions by it constantly.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Gerrat—a hideous swelling on the neck, which I had suffered from over two years."
