PENNSYLVANIA HOSPITAL. [FROM OFFICIAL HOSPITAL REPORTS.]

From Official Hospital Reforms. Similarly, 1860,—Elles S., 20t. 28, single, nover was very strong. Two years ago she had an attack of acute rhematism, from which she was confined to her bed for two weeks and subsequent, y from a relapse for four more. She has been well since then till last Batur day, while engaged in house cleaning, she took cold, had pain in her back, felt cold, hot had no decided chill. Two days later her ankles began 65 swell, which was followed by swelling of the knee joints and of the hands. She has now dult pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is now fashionably called, rheumatic fever. It is a woll remarked typical case. We will carefully watch the case, and from time to time call your attention to the various symptoms which present themselves. My chief object in bringing her before you now, is to call attention to a remedy which has recently been recommended in the treatment of rheumatism. Im an propylamine. Dr. Awenarius, of St. Petersburg, recommended in the treatment of rheumatism. Im an propylamine. Dr. Awenarius, of St. Petersburg, recommended in the highest terms, having derived great onefit from its use in 250 cases which came under his care. Various commendatory testimonials respecting it have appeared in our journaks, and I propose therefore to give it another trial I must confess I am always increduous as to the worth of new remedies, which are vaunted as specifies; but this comes to us recommended so highly, that we are bound to give it a trial.

SAME CASE FOUR DAYS LATER!

SAME CASE FOUR DAYS LATER!

MAY 23, 1860.—I will now exhibit to you the patient for whom I prescribed Propylamine, and was then laboring under an attack of acute rheumatica. She has steadily taken it in doses of three grains every two hours (intermitting it at night.) The day after you saw her, I found her much more comfortable, better than she expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fail to notice a marked change in the appearance of her joints, which are now nearly all of their natural size.—Thus far our experiment would have seemed very successful; but, gentlemen, we must wait a little while before we can give a decided opinion as to what is to be the result.

Mere is another patient who was placed on the use of

Here is another patient who was placed on the use of the same medicine on Sunday last; she has long been suffering from e nronic rheumatism, and I found her at that time with an acute attack supervening upon her chrodic affection. The wrists and knuckles were much swollen and tease. She took the caloride of Propylamine in three grain doses every two hours, and you will perceive that the swelung of the joints has much diminished. Here is another patient who was placed on the use o

THREE DAYS LATER!!

THREE DAYS LATER!

MAY 26, 1869.—This is the case of acute rheumatism treated with propylamine, the first of those to which I called your attention at our last clinic. She is still very comfortable, and is now taking three grains thrice daily. In this case it has seemed to be followed by very satisfactory results. The second case to which your attention was called at our last lecture, has also continued to do well. I will now bring before you a very conacteristic case of acute rhoumatism, and if the result be satfactory, I think, as good jurymen, we soall justly render our vertict in favor of propylamin.

He is a seaman, set. 26, who was admitted a few days ago. Has had ocasional rheumatic pains, but not so as to keep his bed, until eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. These joints are all swollen, tense and tender. His tongue is forred his skin, at present dry, though there has been much sweating. His pulse is full and strong, and about 90.—He has now used propylamine for twenty-four hours.

This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this exposure is followed by a feeling of coldness, severe articular pain, beginning, as it usually doen, in the lower joints. There is lever and the profuse sweating, so generally attendant on acute rheumatism. I did not bring this patient before you with the lutenion of giving you a lecture on all the points connected with rheumatism, but to again give a trial to the new remedy we are testing, and to exhibit to you this typical case, as I have called it, than which there are dictions. We are, therefore, avolding the use of all other medicines, even anolynes, that ther may be no misgivings as to which was the efficient remedy. You shall see the case of a future clinic.

THE RESULT.

A FAVORABLE SVERDIOT.

June 9, 1860.—The next of our convalencents is the case of acute rheumatism before you at our clinic of May 28th, which I then called a typical case, and which it was remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain doses every two bours for four days. The patient has got along very uncely, and is now able to walk about, as you see. I do not nesitate to say that I have neves seen as severe a case of notic rheu natism so soon restored to health as this man has been, and without being prepared to decide positive by as to the value of the remedy we have used, I feel bound to state that in the cases in which we have tried the Chioride o rrupylamine, the patients have researed their health much earlier than under the treatment ordinarily pursued. I wish gentlemen, you would yourselves try it, and report the results.

For a full report of which the above its a condense extract, see the Philadelphia Medical and Surgical Reporter. It is the report after a fair trial by the best medical authority in this country, and makes it unnecessar to give numerous certificates from astonished doctors and rejoicing patients.

DARLING'S

LIVER REGULATOR Removes the morbid and billious deposits from the stom-sch and bowels, regluates the liver and kidneys, remov-ing every obstruction, restores a natural and healthy ac-tion in the vital organs. It is a superior FAMILY MEDICINE.

Much better than pills, and much easier to take. DARLING'S LIFE BITTERS is a superior touic and diuretic; excellent in cases of loss of appetite, flatulency, female weakness, irregularities, pain, in the side and bowels, blind, protruding and bleeding piles, and general debility.

READ THE FOLLOWING TESTIMONY;

Jas. L. Brumley, merchant, 184 Fulton street, New York, writes, August 18, 1860: "I have been afflicted with piles, accompanied with bleeding, the last three years; I used

DARLING'S LIVER INVIGORATOR

LIFE BITTERS, And now consider myself entirett cured."

Hon. John A. Cross writes, "Brooklyn, March 13, 1860. In the spring of 1859 I took a severe cold, which induced a violent fever. I took iwo doses of DARLING'S LIVER REGULATOR. It broke up my cold and fever at once. Previous to this attack, I had been troubled with dyspepsia several months; I have set nothing of it since." Otis Studly, Esq., 128 Rast 28th Street, N. Y., writes:
"August 12, 1860—I had a difficulty with Kidney Complaint three years with constant pain in the small of my back. I had used most all kinds of medicines, but found no permanent relief until I used

DARLING'S LIVER INVIGORATOR,

LIFE BITTERS. I passed clotted blood by the urethra. I am now entirely cured, and take pleasure in recommending these remedies."

Mrs. C. Tebow, 11 Christopher Street, N. Y., writes "Feb 20, 1860.—I have been subject to attacks of Asthmathe last twenty years. I have never found anything

Darling's Liver Regulator, n affording immediate relief. It is a thorough Liver and pilious remedy."

Mrs. Young, of Brooklyn, writes, "February 28, 1860, n May last I had a severe attack of Piles, which confin-d me to the house. I took one bottle of DARLING'S LIFE BITTERS

and was entirely cured. I have had no attack since." D. Westerveit, Eq., of South 5th, near 9th Street, Williamsburg, L. I., writes: "August 5, 1860.—Having been troubled with a difficulty in the Liver, and subject to bilious attacks, I was advised by a friend to try DARLING'S LIVER REGULATOR.

l did so, and found it to operate admirably, removing the bile and arousing the liver to activity. I have also used FAMILY MEDICINE.

When our children are out of sorts, we give them a few drops and it sets them all right. I find it meets the general wants of the stomach and bowels when disorder-ed." FOR PURIFYING THE BLOOD.

A ND for the speedy cure of the subcrofula and Ecrofulous Affection such as Tumors, Ulcers, Sores, Eruptions. Pimples, Pastules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind, 6th June, 1859.

J. C. Aver & Co., Gents: I feel it my duity to beknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for Jears. Sometimes it burst out in Ulcers on my hands and arms; sometimes trued inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and sars with one sore, which was painful and loathsome beyond description. I tred many medicines and several physicians, but without mucu relef from anything. In fact, the discorer grew worse. At length I was rejoned to read in the Gospel kessenger that you hast prepared an alternative (Sarsaparilla,) for I knew from your reputation that anything you make must be good. I sent to Cinc must and got it, and use it till it circed me. I took it, any ou advise, in timal dozes of a teaspoonful over a mouth, and used almost three bottles. New and healthy skin soon began to form under the scale, which after a while fell off, my skin is now clear, and I know by my feelings that the disease has gone from my systems. You can well believe that I feet what I am saying when I tell you, that I hold you to be one of the acottles of the age, and remain ever gratefully. Yours,

Alfriko B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas. Tetter and Salt Rheum, Scald Head Ringworm, Sore Eyes, Dropsy.

Dr. Rouert M. Preble writes irom Salem, N. Y., 12th Sep., 1859, that he has cured an invetrate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparila, and also a dangerous attack of Malignant Erysipelas by large doses of the same; says he cures the common Eruptions by it constantly. Bronchocele, Goitre or Swelled Neck.

Zebulon Stoan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Gerras—a hideous swelling on the neck, which I had suffered from over two years." Leucorrhea or Whites, Ovarian Tumor, Uterine Ulceration. Female Diseases.

Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "
most cheerfully comply with the respect of your agent
in saying I have found your sarsaparnils a most excellent
alternative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of
the Scrofulous diathesis. I have cured many inveterate
cases of Leucorrhosa by it, and some where the complaint was caused by ulceration of the ulceration itself was soon cured. Nothing within my
knowledge equals: for these temale derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous carrian fismor on one of the females in my family,
which had defied all the remedies we could employ, has
at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but entirpatien could afford relief, but he advised the trial of your
Sarsaparilla as the last resort before cutting, and it
proved effectual. After taking your remedy eight weeks
no symptom of the disease remains."

Syphilis and Mercurial Disease.

Dr. J. C. AYRE: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your saresparils.

I have curred with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the curre of Veneral and Mercural Disease. One of my patients had styphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Saresparilla, stea dily taken, cured him in five week. Another was attacked by secondary symptoms in his nose, and the heer ton had eaten away a considerable part of it, so that believe the disorder would soon reach his bran and kin. him. But it yielded to my administration of your Saresparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her hones. They had become so seasifive to the weather that on a damp day she suffered exeruciating pain in her joints and bones. She, too, was cured entirely by your Saresparilla is a few weeks. I know from its formula, which you agent gave me, that this treparation from your laboratory must be a great remedy; consequently, these truly remarkeble results with it have not surprised me.

Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Precton Co., Va., 6th July, 1859. DE. J. C. ATBE: Sir, I have been affiled with a painful chronic Rhaumatism for a long time, which bailled the skill of physicians, and stuck to me in spine of all the remedies I goodd fin , until I tried your Sarasparills.—
One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine.

Jules Y. Getchell, of St. Louis. writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken down man for some years from no ther cause than derangment of the Liver. My beloved pastor, the Nev. Mr. Espy, advised me to try your Sarsaparrilla, because he said he knew you, and anything you made was worth. trying. By the blessing of God it was cured

young again. The best that can be said of you is not half good enough." Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of

the Bones. A great variety of cases have been reported to us where cures of these formidable complaints have result-form the use of this remedy, but one space here will not admit them. Some of them may be found in our Amer can Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia, Many remarkable cures of these affections have been made by the alternative power of this medicine. It sumulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are consident that this will do for them all that medicine can do.

of Consumptive Patients

in advanced Stages of the Disease Of the Disease

The Disease of the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivaled excellence for coughs and colds, and its truly wonderint cures of pulmonary disease, have made it known throughout the civilized nations of the earth.—

Few are the communities, or even lamilies, among them who have not some personal experience of its effects,—some living trophy in their minust of its victory over the subtile and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
