Dr. Johnson member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greatest part of whose life has been spent in the Hospitals of London, Paris, Philadelphia and cisewhere, has effected some of the most astonishing cures that were ever known. Many troubled with ringing in the ears and head when sileep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

MENTALLY.

MENTALLY, the learful effects on the mind are much to be dreaded:—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Refl-distrust, Love of Solitude, Timidity, &c., are some of the evil effects.

Thousands of persons of all ages, can now judge what is the cause of their deding in health, leaing their vigor becoming weak, pale, nervous and emaniated, have singular appearance about the eyes, cough, and sympms of consumption.

What a pity that a young man, the hopes of his country, the darfing of his parents, should be snatched from all prospects and enjoyments of life by the consequence of deviating from the path of nature, and indulging in a certain secret habit. Such persons must, before contemplating

Indeed without these, the journey through life becomes a weary pligrimage; the prospect hearry darkens to the view; the mind becomes chadwed with despair, and filled with the melancholy reflection that the happiness of another hecomes blighted with our own.

TO STRANGERS.

The many thousands cured at this institution within the last welve years, and the numerous important Surgica operations performed by Dr. J., witnessed by the reporters of the papers, and many other persons, notices of which have appeared again and again before the public, besides his standing as a renileman of character and responsibility, is a sufficient guarantee to the afflicted.

DISFASES OF IMPRODENCE.—When the misguided and imprudent votary of pleasure finds he has imbibed the seeds of this painful disease, it toe often happens that an ill-timed scuse of shame or dread of discovery deters him from applying to those who, from education and respectability can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their appearance, affecting the head, throat, nose, skin, .wa., progressing on with frightful rapidity, till death puts a period to his dreadily sufferings by sonding him to "that bourne from whence so travelor returns." It is a melandoly fact that thousands fall victims to this terrible disease, owing to the unskillulness of ignorant protenders, who, by the use of that deadly poison, mercury, ruin the constitution and make the residue of life miserable.

The Yankee went about eight miles up the York river on Sunday night, and anchored off Gloucester point, where the steamers Penobscot, Marble Heart and Wachuset were already lying. The rebel batteries at the Roint are said to be very extensive, mounting mostly 100-pound guns.
