PENNSYLVANIA HOSPITAL. [FROM OFFICIAL HOSPITAL REPORTS.]

PENNSTLV ANTA HOST LAND.

[FROM OFFICIAL HOSPITAL REPORTS.]

MAY 19, 1860,—Ellew S., et. 28, single, never was very strong. Two years ago she had an attack of acute rheumatism, from which she was confined to her bed for two weeks and subsequenty from a relapse for four more. She has been well since then till last Satur day, while engaged in house cleaning, she took cold, had pain in her back, felic cold, hot had no decided chill. Two days later her ankles began so swell, which was followed by swelling of the tnee joints and of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is now fashionably called, rheumatic fever. It is a well remarked typical case. We will carefully watch the case, and from time to time call your attention to the various symptoms which present themselves. My ohief object on bringing her before you now, is to call attention to a remedy which has recently been recommended in the treatment of rheumatism. I mean propylamine. Dr. Awenarius, of St. Petersburg, recommends it in the highest terms, having derived great bonefit from its use in 250 cases which came under his care. Various commendatory testimonials respecting it have appeared in our journals, and I propose therefore to give it another trial. I must confess I am always incredulous as to the worth of new remedies, which are vaunted as specifies; but this comes to us recommended so highly, that we are bound to give it a trial.

SAME CASE FOUR DAYS LATER!

MAY 23, 1860.—I will now exhibit to you the patient for whom I prescribed Propylamine, and was then laboring under an attack of acute rheumatism. She has steadily taken it in doses of three grains every two hours (intermitting it at night.) The day after you saw her, I found her much more comfortable, better than she expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fail to notice a marked change in the appearance of her joints, which are now nearly all of their natural size.—Thus far our experiment would have seemed very successful; but, gentlemen, we must wait a little while before we can give a decided opinion as to what is to be the result. SAME CASE FOUR DAYS LATER!

the result.

Here is another patient who was placed on the use of the same medicine on Sunday last; she has long been suffering from a broule rheumatism, and I found her at that time with an acute attack supervening upon her chronic affection. The wrists and knuckles were much swollen and teuse. She took the chloride of Propylamine in three grain doses every two hours, and you will perceive that the swelling of the joints has much diminished.

THREE DAYS LATER!!

THREE DAYS LATER!!

May 28, 1880.—This is the case of acute rheumatism treated with propylamine, the first of those to which I called your attention at our last clinic. She is still very comfortable, and is now t-king three grains thrice daily. In this case it has seemed to be followed by very satisfactory results. The second case to which your attention was called at our last lecture, has also continued to do welt! I will now bring before you a very characteristic case of acute rheumatism, and if the result be satfactory, I think, as good jurymen, we shall justly render our verdict in favor of propylamin.

He is a scaman, set. 28, who was admitted a few days ago. Has had ocaselonal rheumatic pains, but not so as to keep his bed, until eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. These joints are all swollen, tense and tender. His bongue is furred his skin, at present dry, though there has been much sweating. His pulse is fall and strong, and about 90.—He has now used propylamine for twenty-four hours. This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this exposure is followed by a feeling of coldness, severe articular pain, beginning, as it usually does, in the lower joints. There is fever and the profuse sweating, so generally attiendant on acute cheumatism. I did not bring this patient before you with the intention of giving you a lecture on all the points connected with rheumatism, but to again give a trial to the new remedy we are testing, and to extinit to you this typical case, as I have called it, than which there ca uld not be a fairer opportunity for testing the medicine in question. We are, therefore, avoiding the emicine in anisgivings as to which was the efficient remedy. You shall see the case of a future clinic.

THE RESULT.

A FAVORABLE VERDICT.

June 9, 1860.—The next of our convalescents is the case of anuterheumatism before you at our clinic of May 26th, which I then called a typical case, and which it was remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain doses every two hours for four days. The pattent has got along very nicely, and is now able to walk about, as you see. I do not hesitate to any that I have neves seen as severe a case of acute rhounatism so soon restored to health as this man has been, and without being prepared to decide positive by as to the value of the remedy we have used. I see bound to state that in the cases in which we have tried the Chloride o Propylamine, the pulcous have regained their health much earlier than under the treatment ordinarily pursued. I wish gentlemen, you would yourselves try it, and report the results.

For a full report of which the above is a condense extract, see the Philadelphia Medical and Surgical Reporter. It is the report after a fair trial by the best medical authority in this country, and makes it unnecessary to give numerous certificates from astonished doctors and rejoicing patients.

DR. W. BARR—DRAR SR:—As I have learned that you have purchased the right to manufacture and sell M'Connell's Golden Electric Oil, for the benefit of the afflicted, I send the following—I have been afflicted with a running sore on my let leg for ten years. During that time I have been under the treatment of ten of the best Doctors in Harrisburg, Baltimore and Cumberland county; but all could not effect a cure. A little over a year past, going into my blacksmith shop after dark, I hurt my right leg also, below the knee. It spread all tround the leg, and became a running sore. Several Dectors told me I must have my leg taken off, mortification having taken place. Fortunately I got a bottle of your Golden Electric Oil for my child's sore mouth. It cured so soon that I thought I would try it on my legs. I have been using it about six weeks, and my legs are now healed up—sound and well.

DARLING'S

LIVERREGULATOR, LIFE BITTERS,

ARE pure vegetable extracts. They cure all bilious disorders of the human system.—They regulate and invigorate the liver and kindeys, they give tone to the digestive organs; they regulate the secretions, excretions and exhalations, equalize the cinition, and purify the blood. Thus all bilious complair—some of which are Torpid Liver, Sick Headache, vegesta, Piles, Chills and Fevers, Costiveness or Locsc ness—are entirely controled and cured by these remedies.

DARLING'S LIVER REGULATOR Removes the morbid and billious deposits from the stom-ach and bowels, regluates the liver and kidneys, remov-ing every obstruction, restores a natural and healthy ac-tion in the vital organs. It is a superior

FAMILY MEDICINE, Much better than pills, and much easier to take.

DARLING'S LIFE BITTERS is a superior tonic and diuretic; excellent in cases of loss of appoite, flatulency, female weakness, irregularities, pain, in the side and to wels, blind, protruding and bleeding piles, and general debility.

READ THE FOLLOWING TESTIMONY: Jas. L. Brumley, merchant, 184 Fulton street, New York, writes, August 18, 1860: "I have been afflicted with piles, accompanied with bleeding, the last three years; I used

Hon. John A. Cross writes, "Brooklyn, March 13, 1860. In the spring of 1859 I took a severe cold, which induc-ed a violent fever. 1 took two doses of DARLING'S LIVER REGULATOR.

it broke up my cold and fever at ouce. Previous to this attack, I had been troubled with dyspepsia several months; I have felt nothing of it since." Otis Studly, Esq., 128 East 28th Street, N. Y., writes: "August 12, 1860—I had a difficulty with Kidney Complaint three years with constant pain in the small of my back. I had used most all kinds of medicines, but found an permanent relief until I used

DARLING'S LIVER INVIGORATOR, LIFE BITTERS.

I passed clotted blood by the urethra. I am now entirely cured, and take pleasure in recommending these remedies."

Mrs. C. Tebow, 11 Christopher Street, N. Y., writes "Feb 20, 1860.—I have been subject to attacks of Asthmathe last twenty years. I have never found anything

Darling's Liver Regulator, n affording immediate relief. It is a thorough Liver and pilious remedy."

Mrs. Young, of Brooklyn, writes, "February 23, 1860. In May last I had a severe attack of Piles, which confined me to the house. I took one bottle of DARLING'S LIFE BITTERS and was entirely cured. I have had no attack since."

D. Westerveit, Esq., of South 5th, near 9th Street, Wil-diamsburg, L. I., writes: "August 5, 1860.—Having been troubled with a difficulty in the Liver, and subject to bil-lous attacks, I was advised by a friend to try DARLING'S LIVER REGULATOR, I did so, and found it to operate admirably, removing the bile and arousing the liver to activity. I have also used

AYER'S SARSAPARILLA FOR PURIFYING THE BLOOD.

A ND for the speedy cure of the sub-Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pastules, Blotches, Boils,

Blains, and all Skin Diseases.

Oarland, Ind, 6th June, 1859.

J. C. Ayer & Co., Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infectite, I have suffered from it in various ways for Jears. Sometimes it burst out in Ulcers on my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from anything. In fact, the disorder grew worse. At length I was rejoced to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla,) for I knew from your reputation that anything you made must be good. I sent to Cinc nnati and got it, and use it till it cured me. I took it, as you advise, in smail doses of a teaspoonful over a mouth, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off, my ekin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain over gratefully. Yours,

Alfred B, Talley. Blains, and all Skin Diseases.

Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "
most cheerfully comply with the respect of your agent in saying I have found your Sarsaparilla a motterellent alternative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous diathesis. I have cured many inveterate cases of Leucorthesa by it, and some where the complaint was caused by ulceration of the ulcrus. The ulceration itself was soon cured. Nothing within my knowledge equals. For these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous ovarian tumor on one of the females in my tamily, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Orleans, 25th Auguss, 1969.

Dr. J. C. Ayen: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Diseases. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five week. Another was attacked by secondary symptoms in his nose, and the ulcertion had eaten away a considerable part of it, so that believe the disorder would soon reach his brain and kil. Lim. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excructating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla is a few weeks. I know from its formula, which you agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkeble results with it have not surprised me.

Fraternally yeurs,

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Precton Co., va., oin July, 1888.

Dr. J. C. Aybe: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could fin , until I tried your Sarsaparills.—One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alternative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that this will do for them all that medicine can do. Ayer's Cherry Pectoral

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Con-sumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease

This is a remedy so universally known to surpage any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderial cures of pulmonary disease, have made it known throughout the civilized nations of the earth. known throughout the civilized nations of the earth.—
Few are the communities, or even families, among them
who have not some personal experience of its effects.—

subtle and dangerous disorders of the threat and langes.
As all know the dreadful fatality of these disorders, and
as they know, too, the effects of this remedy, we need not
do more than to assure them that it has now all the virtues that it did have when making the cures which have
won so strongly upon the confidence of mankind.
