

Daily Telegraph

HARRISBURG, PA. Tuesday Afternoon, April 22, 1862.

The River continues at flood height, and still rising slowly. We have heard of no damage to the canal, except that reported yesterday.

COURT.—The regular April term of criminal court will commence next Monday. The calendar embraces about the ordinary number of cases.

OFFICERS' PAY ROLLS.—Another supply of officers' pay rolls, printed on fine white paper, has just been printed, and can be had at this office.

THE CITY LOCK UP contained several tenants last night—"vags" and "drunks," all of whom upon a hearing before the Mayor this morning were discharged with an injunction to sin no more.

A SPECIAL MEETING of the City Council will be held in the Council chamber at the Court House to-morrow evening. It is understood the object of the meeting is to consider a veto message of the Mayor.

THE FINE WEATHER to-day brought out the building committee in full force at Eby & Kunkle's new building, Market and Fifth streets. The committee reported rapid progress and obtained leave to sit again the next fine day.

ON THE SICK LIST.—John Wenrich, private in the Verbeke Rifles, 46th Pennsylvania regiment, and L. D. Reed, file major of the 110th Pennsylvania regiment, both of this city, are lying in the hospital at Winchester, Va., the former laboring under an attack of epilepsy, and the latter typhoid fever.

THE "KENTUCKY BOY," a volunteer in one of the Ohio regiments, and wounded at the battle of Bull Run, will deliver a lecture on Temperance and the war, under the auspices of the Good Templars, in Sanford's Opera House, next Thursday evening. Seats will be free to the public.

THE ROBBERY CASE.—There have been no additional disclosures made in reference to the robbery of the grocery store of Messrs. Dock & Co. by the negro porter, Ward. The Government property found at the "old clove" shop of the German Jew, Feltman, has been taken charge of by U. S. Assistant Master Wilson.

FRUIT TREES AND SHRUBBERY.—Our readers should by no means forget the public sale of fruit trees, evergreens, grape vines, shrubbery, &c., which will take place at the lower market house to-morrow morning at 8 1/2 o'clock, and in the evening. The stock is from the nursery of Mr. J. Mish, below the city, which fact alone is a sufficient warrant that the articles are of good quality.

FELL INTO THE RIVER.—A lad named Jacobs, aged about ten years, while playing on a raft, tied at the shore of the river below Paxton street, this morning, accidentally fell headfirst into the water, and was only saved from drowning by the prompt action of a German woman, who fortunately witnessed the disaster, and had the presence of mind to wade into the river and assist him to regain terra firma.

THE WEATHER to-day was splendid for all who have good health, good consciences and the wherewithal to purchase ordinary comforts. The "spring fever," however, affects some—making itself known in unaccounted lassitude, and a perceptible falling off in appetite. This last is a wise provision of nature. After the hearty beef, mutton, buckwheat cakes and that sort of thing, that are freely indulged in during the cold months, the blood is apt to become overcharged with humors, which a little judicious dieting will enable the system to throw off. Don't dose yourself with medicine though, as some people do with the advent of the first warm day. The indiscriminate use of cathartics, and the imbibition of abominable messes called herb teas will only disarrange the stomach and do no permanent good. If you feel bilious try the vegetarian diet for a while, and after a gentle purgation and mild starvation of a few weeks all symptoms of spring fever will disappear, your brain will be clear, your spirits good, and you will be, to all intents and purposes, a renovated man, and prepared to endure, uncomplainingly, the summer heats.

RAILROAD ACCIDENT.—Explosion of a Locomotive Boiler.—Yesterday morning the local freight which left Lancaster at 7.45 met with a terrible accident some three or four hundred yards east of the Conestoga bridge. The train was drawn by engine "No. 179" formerly known as "Old Fogey," being one of the first built by the Lancaster Locomotive Works. It was in charge of engineer Isaac Finkenbine and fireman George O. Fisher, both of Columbia.—When at the point named the boiler exploded, blowing off the dome with terrific force, which struck Mr. Finkenbine on the head, smashing his skull and killing him instantly, and serious injury to the fireman, Mr. Fisher.

The conductor of the train at once returned to Lancaster and gave notice of the sad casualty, when the unfortunate victims were brought up to the depot in that city, and placed in the baggage room. Mr. Fisher was found on the foot board of the engine, and is so seriously injured that his recovery is doubtful. One of his arms is broken, and no doubt, his internal injuries are severe. Dr. John Atlee, sen., was sent for, who rendered all the assistance possible to the wounded man. It is impossible to give an intelligent conjecture as to the cause of the accident. Mr. Finkenbine was one of the best and most careful engineers on the road, and it cannot be fairly attributed to any dereliction on his part. He had recently recovered from an attack of typhoid fever, and leaves a wife and four children to mourn the loss of a kind and provident father, the youngest having been born only on Saturday last. The deceased has for years enjoyed the confidence of railroad men and the respect of all who knew him.

AN EVENING SALE of shade, evergreen and ornamental trees will take place at the market house on Wednesday evening. This will afford an opportunity to the laboring portion of the community to attend. See advertisement in another column.

Capt. A. CURTIS, of the 45th P. V., passed through this city to-day, en route for his regiment. He had been engaged on a recruiting tour through Centre and the adjoining counties, and within a short period forwarded one hundred men to be attached to the various companies of the Forty-fifth. Capt. Curtis is one of the most popular officers in the volunteer ranks, and perhaps better qualified for recruiting than any man in the Commonwealth. He reports that there is no difficulty in procuring recruits, and is of the opinion that Pennsylvania could in a short time fill another very large requisition.

STATE SABBATH SCHOOL CONVENTION.—We understand that several of our city Sabbath Schools, and a number of others from the adjoining districts, will be represented in the State Sabbath School convention, which meets in the First Independent church, Philadelphia, on the 28th of next month. The object of the convention is to obtain an accurate view and survey of the State in its Sabbath School aspect, with a view of devising ways and means by which to impart vigor and efficiency to the cause, and insure the general interest among the friends. A general and earnest invitation is extended to all the friends of the Sabbath School cause to attend; but it is especially desired and expected that each Sabbath School will be represented by at least one delegate. Excursion tickets at half fare will be issued on the Pennsylvania Central, Lebanon Valley, and Northern Central railroads to persons wishing to attend the convention.

A WOMAN'S THOUGHTS ON BONNETS.—The bonnet is the frame to the picture. A pretty face wants the setting to add lustre to its loveliness. A homely one hopes, by a happy combination of tints, to soften its ugliness, or to suggest a beauty which it does not possess. The present bonnets look like coal-scuttles, and will hardly succeed in making any one look handsome. In their anxiety to grow all of a sudden, they have burst out behind as before. They may be decidedly stylish but are not graceful. A high-pointed shaft, protruding over the forehead, and a bag of lace hanging out of the crown, large enough for a work pocket, is anything but artistic. Still, it is refreshing to see heads crowned with flowers instead of feathers. To us there was always an incongruity in the thought of robbing poor ostriches and smaller birds of their pretty tails, in order to trick out feminine heads. But flowers are a natural ornament. Doubtless one of the first things which Eve did was to knot flowers in her hair, and to this day flowers and rare imitation of flowers make the most simple and beautiful adorning of her multiplied daughters. The most graceful spring hat worn is the simple straw, (void of the silk or lace crown,) trimmed with budding green or violet tints, and clusters of spring flowers.

A FORMER HARRISBURGER PROMOTED.—Dr. Wm. A. Hammond, of the army, has been nominated by the President as Surgeon-General, under the new law reorganizing the Medical Department of the army. Dr. Hammond is a son of Dr. J. W. Hammond, for a number of years the chief clerk in the State Treasury Department in this city, and a brother to paymaster Chas. E. Hammond, who was recently killed while serving his country on board of the United States ship Sciota, at Ship Island, in the Gulf of Mexico. He studied medicine with Dr. E. W. Roberts of this city, and entered the army as Assistant Surgeon in 1849, being stationed at near Santa Fe, New Mexico.—After serving for some years with great distinction, he resigned and resided for some time in Europe, where, besides devoting himself to professional studies, he examined with great care the medical organizations of the various European armies, and has a thorough knowledge of the subject. On his return, he was appointed Professor of Anatomy in the University of Maryland, which position he held on the breaking out of the rebellion, when he again entered the army. Dr. Hammond's appointment receives the endorsement of the profession throughout the country, and is an evidence that the Secretary of War intends the reorganization of the Medical Department shall be a reality. The Doctor has a number of warm friends in this city, who will read this announcement with pleasure.

THE BATTLE AT PITTSBURG LANDING.—A Harrisburger's Experience.—We have been kindly permitted to publish the following copy of a private letter, written by Mr. Wm. W. Armstrong, a private in the "Anderson" or "Buell's Body Guard," to his father, a resident of this city.—We have previously stated that the "Guard" participated in the battle, but it seems that this is correct with reference to only three of the troop, the remainder being some fifteen miles distant, having been detained by the wagons. The letter, however, details some facts relative to the battle, that we have not before seen published: BATTLE FIELD, NEAR PITTSBURG LANDING, April 10, 1862.

DEAR FATHER:—We arrived on Sunday within fifteen miles of the battle ground at Pittsburg Landing, having been kept back on account of our wagons, which had stuck in the mud. Gen. Buell, however, hastened forward and reached in time to turn the tide of battle. The battle field is eight miles from Savannah. They were bringing in the wounded all day on Sunday and Monday into this place. There were three of our troop with Buell in the thickest of the fight, but they came out unhurt. The General had a horse shot under him. The dead are thickly strewn around our camp for miles. The rebels fight desperately. Gen. S. Johnson, as you may have learned, was killed. Some of the wounded lay for two days on the field before they could be removed. I saw some dead bodies this morning, that were partly burned up from the weeds where they lay, having been set on fire by the shells from the cannon. I have never beheld such a ghastly sight before, nor ever wish to do so again. One of the troop died at Savannah of typhoid fever. Two or three others in bad health have been sent to Louisville. We are expecting another battle daily. Wm. W. ARMSTRONG.

BEAUTIFYING THE BANK ALONG THE RIVER.—While it has not up to this time impressed our city fathers with the importance that some of our citizens feel in beautifying the river bank, to make a special appropriation, we notice in this connection, during the last week, our public spirited neighbors, George W. and Valentine Hummel, Jr., busy in having additional trees planted, fences repaired, and improvements made generally; and we feel safe in saying that healt oppressed old age, in after years, who finds shelter under the grateful and cooling shade of these trees, will bless the public benefactors who planted them at such a kind and generous expense, and cheap dry goods house of Ulrich & Bowman for calling your attention to their new spring goods.
