PENNSYLVANIA HOSPITAL.

[From Official Hospital Reports.]

May 19, 1860.—Ellen S., æt. 23, single, never was very strong. Two years ago she had an attack of acute rheumatism, from which she was confined to her bed for two weeks and subsequently from a relapse for four more. She has been well since then till last Saturday, while engaged in house cleaning, she took cold, had pain in her back, felt cold, hot had no decided chill. Two days later her ankles began so swell, which was followed by swelling of the knee joints and of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is now fashionably called, rheumatic fever. It is a well remarked typical case. We will carefully watch the case, and from time to time call your attention to the various symptoms which present themselves. My chief object in bringing her before you now, is to call attention to a remedy which has recently been recommended in the treatment of rheumatism. I mean *propylamine*. Dr. Awenarius, of St. Petersburg, recommends it in the highest terms, having derived great benefit from its use in 250 cases which came under his care. Various commendatory testimonials respecting it have appeared in our journals, and I propose therefore to give it another trial. I must confess I am always incredulous as to the worth of new remedies, which are vaunted as specifics; but this comes to us recommended so highly, that we are bound to give it a trial.

SAME CASE FOUR DAYS LATER!

May 23, 1860.—I will now exhibit to you the patient for whom I prescribed Propylamine, and was then laboring under an attack of acute rheumatism. She has steadily taken it in doses of three grains every two hours (intermitting it at night.) The day after you saw her, I found her much more comfortable, better than she expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fail to notice a marked change in the appearance of her joints, which are now nearly all of their natural size.—Thus far our experiment would have seemed very successful; but, gentlemen, we must wait a little while before we can give a decided opinion as to what is to be the result.

Here is another patient who was placed on the use of the same medicine on Sunday last; she has long been suffering from chronic rheumatism, and I found her at that time with an acute attack supervening upon her chronic affection. The wrists and knuckles were much swollen and tense. She took the chloride of Propylamine in three grain doses every two hours, and you will perceive that the swelling of the joints has much diminished.

THREE DAYS LATER!!

May 26, 1860.—This is the case of acute rheumatism treated with propylamine, the first of those to which I called your attention at our last clinic. She is still very comfortable, and is now taking three grains thrice daily.

In this case it has seemed to be followed by very satisfactory results. The second case to which your attention was called at our last lecture, has also continued to do well. I will now bring before you a very characteristic case of acute rheumatism, and if the result be satisfactory, I think, as good jurymen, we shall justly render our verdict in favor of propylamine.

He is a seaman, æt. 26, who was admitted a few days ago. Has had occasional rheumatic pains, but not so as to keep his bed, until eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. These joints are all swollen, tense and tender. His tongue is furred; his skin, at present dry, though there has been much sweating. His pulse is full and strong, and about 90.—He has now used propylamine for twenty-four hours.

This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this exposure is followed by a feeling of coldness, severe articular pain, beginning, as it usually does, in the lower joints. There is fever and the profuse sweating, so generally attendant on acute rheumatism.

I did not bring this patient before you with the intention of giving you a lecture on all the points connected with rheumatism, but to again give a trial to the new remedy we are testing, and to exhibit to you this typical case, as I have called it, than which there co uld not be a fairer opportunity for testing the medicine in question. We are, therefore, avoiding the use of all other medicines, even anodynes, that there may be no misgivings as to which was the efficient remedy. You shall see the case of a future clinic.

THE RESULT.

A FAVORABLE VERDICT.

June 9, 1860.—The next of our convalescents is the case of acute rheumatism before you at our clinic of May 26th, which I then called a typical case, and which it was remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain doses every two hours for four days. The patient has got along very nicely, and is now able to walk about, as you see. I do not hesitate to say that I have never seen as severe a case of acute rheumatism so soon restored to health as this man has been, and without being prepared to decide positive ly as to the value of the remedy we have used, I feel bound to state that in the cases in which we have tried the Chloride o Propylamine, the patients have regained their health much earlier than under the treatment ordinarily pursued. I wish gentlemen, you would yourselves try it, and report the results.

For a full report of which the above is a condensed extract, see the Philadelphia *Medical and Surgical Reporter*. It is the report after a fair trial by the best medical authority in this country, and makes it unnecessary to give numerous certificates from astonished doctors and rejoicing patients.

Dr. W. Barr—Dear Sir:—As I have learned that you have purchased the right to manufacture and sell M'Connell's Golden Electric Oil, for the benefit of the afflicted, I send the following:—I have been afflicted with a running sore on my left leg for ten years. During that time I have been under the treatment of ten of the best Doctors in Harrisburg, Baltimore and Cumberland county; but all could not effect a cure. A little over a year past, going into my blacksmith shop after dark, I hurt my right leg also, below the knee. It spread all around the leg, and became a running sore. Several Doctors told me I must have my leg taken off, mortification having taken place. Fortunately I got a bottle of your Golden Electric Oil for my child's sore mouth. It cured so soon that I thought I would try it on my legs. I have been using it about six weeks, and my legs are now healed up—sound and well.

ELISHA T. HOUGH.

We, the undersigned, who are well acquainted with Elisha T. Hough, do certify to the fact as stated above, and the beneficial effects of M'Connell's Golden Electric Oil on many of our neighbors.

I have only used it a few times, and am now entirely free from inflamation and pain which is more than I have been for the last five years.—I hope God will bless you for the free gift. No person afflicted with weak or inflamed sore eyes ought to be without it. J. C. MILES.

DARLING'S

LIVER REGULATOR,

AND

LIFE BITTERS,

ARE pure vegetable extracts. They cure all bilious disorders of the human system.—They regulate and invigorate the liver and kindeys; they give tone to the digestive organs; they regulate the secretions, excretions and exhalations, equalize the circulation, and purify the blood. Thus all bilious complaints—some of which are Torpid Liver, Sick Headache, Dyspepsia, Piles, Chills and Fevers, Costiveness or Looseness—are entirely controled and cured by these remedies.

DARLING'S

LIVER REGULATOR

Removes the morbid and billious deposits from the stomach and bowels, regluates the liver and kidneys, removing every obstruction, restores a natural and healthy action in the vital organs. It is a superior

FAMILY MEDICINE,

Much better than pills, and much easier to take.

DARLING'S LIFE BITTERS

is a superior tonic and diuretic; excellent in cases of loss of appetite, flatulency, female weakness, irregularities, pain, in the side and bowels, blind, protruding and bleeding piles, and general debility.

READ THE FOLLOWING TESTIMONY;

Jas. L. Brumley, merchant, 184 Fulton street, New York, writes, August 18, 1860: "I have been afflicted with piles, accompanied with bleeding, the last three years; I used

DARLING'S

LIVER INVIGORATOR

AND

LIFE BITTERS,

And now consider myself ENTIRELY CURED."

Hon. John A. Cross writes, "Brooklyn, March 15, 1860. In the spring of 1859 I took a severe cold, which induced a violent fever. I took two doses of

DARLING'S LIVER REGULATOR.

It broke up my cold and fever at once. Previous to this attack, I had been troubled with dyspepsia several months; I have felt nothing of it since."

Otis Sindly, Esq., 128 East 28th Street, N. Y., writes: "August 12, 1860.—I had a difficulty with Kidney Complaint three years with constant pain in the small of my back. I had used most all kinds of medicines, but found no permanent relief until I used

DARLING'S LIVER INVIGORATOR,

AND

LIFE BITTERS.

I passed clotted blood by the urethra. I am now entirely cured, and take pleasure in recommending these remedies."

Mrs. C. Tebow, 11 Christopher Street, N. Y., writes: "Feb. 20, 1860.—I have been subject to attacks of Asthma the last twenty years. I have never found anything equal to

Darling's Liver Regulator,

n affording immediate relief. It is a thorough Liver and bilious remedy."

Mrs. Young, of Brooklyn, writes, "February 28, 1860. In May last I had a severe attack of Piles, which confined me to the house. I took one bottle of

DARLING'S LIFE BITTERS

and was entirely cured. I have had no attack since."

D. Westervelt, Esq., of South 5th, near 9th Street, Williamsburg, L. I., writes: "August 5, 1860.—Having been troubled with a difficulty in the Liver, and subject to bilious attacks, I was advised by a friend to try

DARLING'S LIVER REGULATOR,

I did so, and found it to operate admirably, removing the bile and arousing the liver to activity. I have also used it as a

FAMILY MEDICINE.

When our children are out of sorts, we give them a few drops and it sets them all right. I find it meets the general wants of the stomach and bowels when disordered."

AYER'S SARSAPARILLA,

FOR PURIFYING THE BLOOD,

AND for the speedy cure of the anjoined varieties of Diseases

Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pastules, Blotches, Boils, Blains, and all Skin Diseases.

Oakland, Ind., 6th June, 1859

J. C. Ayer & Co., Gents: I feel it my duty to acquaint you with the effects of your Sarsaparilla in my family. My little daughter, about two years old, inherited a Scrofulous infection, I have no doubt, from her mother, and has suffered in various ways for years. Sometimes it appeared in Sores, sometimes in Ulcers on my hands and arms; sometimes it burst out in a dreadful humor all over her body, and distressed me at the stomach. Two years ago last winter it broke out on my head and covered my scalp and face for months with one sore, which was painful and offensive beyond description. I tried many medicines and had some of the best physicians, but without much relief from anything. In the spring the disorder grew worse. At length I was recommended, and read in the Gospel Messenger that you had prepared a remedy, an alternative (Sarsaparilla,) for I knew from your reputation that anything you made must be worth trying. I sent to Cincinnati and got it, and use it till it has cured her. She took it, as you advise, in small doses of a teaspoonful at first, gradually over a month, and used almost three bottles. The sore upon her head healthy skin soon began to form under the scab, which after a while fell off, my child is now clear of disease, and, what is more to my feelings that the disease has gone from her system forever. You can well believe that I feel what I am saying to you when I tell you, that I hold you to be one of the benefactors of the age, and remain ever gratefully. Yours, &c.

ALFRED B. TALLEY

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head Ringworm, Sore Eyes, Dropsy,

Dr. Robert M. Preble writes from Salem, N. Y., Sep., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and says he has also cured a bad case of Malignant Erysipelas by large doses of the same, and says he cures the common eruptions by necessary

Bronchocele, Goitre or Swelled Neck,

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a large and dangerous swelling on the neck, which I had suffered with over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases,

Dr. J. B. S. Channing, of New York City, writes most cheerfully comply with the request of my friends in saying I have found your Sarsaparilla a valuable alternative in the numerous complaints for which it is claimed to be employ such a remedy, but especially in female complaints, and in the Scrofulous diathesis. I have cured many bad cases of Leucorrhœa by it, and some where the principal complaint was caused by *ulceration* of the uterus, the ulceration itself was soon cured. Numerous cases have come to my knowledge equally as favorable for these female derangements.

Edward S. Marrow, of Newbury, Ass., writes: "I had a dangerous *ovarian tumor* on one of the female organs, for which had defied all the remedies we could employ, but was at length been completely cured by your extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised me first to try Sarsaparilla as the last resort before submitting to the knife. It proved effectual. After taking your remedy a few months no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Orleans, 25th August, 1860.

Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Venereal and Mercurial Diseases. One of my patients had a severe ulcer in his throat, which were consuming the soft and bony palate, the top of his mouth. Your Sarsaparilla, in a few weeks, entirely cured him in five week. Another was similarly afflicted. The secondary symptoms in the nose, and the destruction of the bones, had eaten away a considerable part of it, so that the disorder would soon reach his brain and kill him. This yielded to my administration of your Sarsaparilla, the ulcers healed, and he is well again, but with some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which you sent me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours,

G. V. LASIMER, M. D.

Rheumatism, Gout, *Liver Complaint.*

Independence, Providence, Va., 6th July, 1860.

Dr. J. C. Ayer: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and set at defiance all the usual remedies I could fly, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine.

J. PEAM

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing and every thing failed to relieve me; and I have been a miserable down man for some years from no other cause than *derangement of the Liver.* My beloved pastor, the late Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me. The young again. The best that can be said of pills is half good enough."
