PENNSYLVANIA HOSPITAL

FROM OFFIGIAL HOSPITAL REPORTS.]

MAY 19, 1860,—Ellen S., et. 23, single, never was very strong. Two years ago she had an attack of acute rheumatism, from which she was confined to her bed for two weeks and subsequently from a relapse fer four more. She has been well since then till last Satur day, while engaged in house denning, she took cold, had pain in her back, felt cold, hot had so decided chill. Two days later her ankles began so swell, which was followed by swelling of the knee joints and of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is now fushionably called, rheumatic fever. It is a well remarked typical case We will carefully watch the case, and from time to time call your attention to the various symptoms which present themselves. My chief object in bringing her before you now, is to call attention to a remedy which has recently been recommended in the treatment of rheumatism. I mean propylamine. Dr. Awenarius, of St. Petersburg, recommends it in the highest torms, having derived great benefit from its use in 250 cases which came under his care. Various commendatory testimonials respecting it have appeared in our journals, and I propose therefore to give it another trial. I must confess I am always incredulous as to the worth of new remedies, which are vanued as specifics; but this comes to us recommended so highly, that we are bound to give it a trial. [FROM OFFICIAL HOSPITAL REPORTS.] are bound to give it a trial.

SAME CASE FOUR DAYS LATER!

SAME CASE FOUR DAYS LATER!

EMAY 23, 1860.—I will now exhibit to you the patient for whom I prescribed Propylamine, and was then 'laboring under an attack of acute rhoumatism. She has steadily taken it in doses of three grains every two hours (intermitting it at night.) The day after you saw her, I found her much more comfortable, better than she expected to be for a wook or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fall to notice a marked change in the appearance of her joints, which are now nearly all of their natural size.—Thus far our experiment would have seemed very successful; but, gentlemen, we must wait a little while before we can give a decided opinion as to what is to be the result.

the result.

Here is another patient who was placed on the use of the same medicine on Sunday last; she has long been sufforing from a pronic rheumatism, and I found her at that time with an acute attack supervening upon her chronic affection. The wrists and knuckles were much swollen and terse. She took the chloride of Propylamine in three grain doses every two hours, and you will perceive that the swelling of the joints has much diminshed.

THREE DAYS LATER!!

THREE DAYS LATER!!

MAY 26, 1860.—This is the case of acute rheumatism treated with propylamine, the first of those to which I called your attention at our last clinic. She is still very confortable, and is now taking three grains thrice daily. In this case it has seemed to be followed by very satisfactory results. The second case to which your attention was called at our last lecture, has also continued to do wel? I will now bring before you a very characteristic case of acute rheumatism, and if the result be satisatory, I think, as good jurymen, we shall justly render our verdict in favor of propylamin.

He is a seaman, set. 26, who was admitted a few days ago. Has had cassional rheumatic pams, but not so as to keep his bed, until eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. These joints are all awollen, tense and tender. His tongue is furred; his skin, at present dry, though there has been much sweating. His palse is full and strong, and about 40.—He has now used propylamine for twenty-four hours.

This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this exposure is followed by a feeling of boldness, severe articular pain, beginning, as it usually does, in the lower joints. There is fever and the profuse sweating, so generally attendant on acute rheumatism. I did net bring this patient before you with the intention of giving you a lecture on all the points connected with rheumatism, but to again give a trial to the new remedy we are testing, and to oxhibit to you this typical case, as I have called it, than which there co uid not be a fairer opportunity for testing the medicine in question. We are, therefore, avoiding the use of all other mediciaes, even anolynes, that there may be no misgivings as to which was the efficient remedy. You shall see the case of a future clinic.

THE RESULT.

A FAVORABLE VERDICT.

JUME 9, 1860.—The next of our convalescents is the case of acctorheumatism before you at our clinic of May 26th, which I then called a typical case, and which i was remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain doses every two hours for four days. The patient has got along very dicely, and is now able to walk about, as you see. I do not hesitate to 3 y that I have neves seen as severe a case of south rehumatism so soon restored to health as this man has been, and without being prepared to decide positive by as to the value of the remedy we have used, I feel bound to state that in the cases in which we have tried the Chloride o Propylamine, the patients have re-ained their health much carlier than under the treatment ordinarily pursued. I wish gentlemen, you would yourselves try it, and report the results.

For a full report of which the above is a condensed extract, see the Philadelphia Medical and Surgical Reporter. It is the report after a fair trial by the best medical authority in this country, and makes it unnecessary to give numerous certificates from autonished doctors and rejoicing patients.

On the payment of 25 cents for each Bottle or Box of the Medicine, the purchaser, will receive a receipt and an order for an eavelope, which will contain the name of one of the above gifts. On the day of the distribution of gifts, the envelopes will be placed in a box or wheel, with a hole to pass the hand into it, the envelopes all put into the wheel, well shook up and secured, each purchaser will draw out his or her own envelope; the gift named thorein will be given as soon as the drawing closes. Notice will be given to agents, had in the papers, of the day of distribution. Purceasers at a distance will have an equal share with those residing in Harrisburg. On receipt of the money for one or more dozen, the medicine, with cerificate and orders, will be forwarded by express, free of charge. In all cases the medicine is warranted to free of charge. In all cases the medicine is warranted to ours or give relief, or no charge. See condicates.

ours or give relief, or no charge. See cortificates.

DR. W. BARR—DRAR Siz —As I have learned that you have purchased the right to manufacture and sell M'Connell's Golden Electric Oil, for the benefit of the afflicted, I send the following:—I have been afflicted with a running sore on my left leg for ten years. During that time I have been under the treatment of ten of the best Doctors in Harrisburg, Baltimore and Cumberland county; but all could not effect a cure. A little over a year past, going into my blacksmith shop after dark, I hurt my right leg also, below the knee. It spread all a round the leg, and became a running sore. Several Doctors told me I must have my leg taken off, mortification; having taken place. Fortunately I got a bottle of your Golden Electric Oil for my child's sore mouth. It cured so soon that I thought I would try it on my legs. I have been using it about six weeks, and my legs are now healed up—sound and well.

ELISHAT. HOUCH.

ELISHA T. HOUCH. We, the undersigned, who are well acquainted with Risha T. Houch, do certify to the fact as stated above, and the beneficial effects of M'Connell's Golden Electric Oil on many of our neighbors.

IMPROVED GUTTA PERCHA CEMENT BOOFING, The Cheapest and most durable Roofing in use IT IS FIRE AND WATER PROOF.

It can be applied to new and our moors of all kinds, steep or flat, and to Smingle Roofs without removing the Shingles.

The Cost is only about One. Third that of Tin AND IT IS TWICE AS DURABLE. This article has been thoroughly tested in New York City and all other parts of the United States, Canada, West Indies Central and South America, on buildings of all kinds, such as FACTORIES, FOUNDERS, CHECKERS, RAIL All kinds, Such as FACTORIES, FOUNDRIES, CHURCHES, RAIL RAAD DEPOTS, CARS, and on PUBLIC BUILDINGS generally GOVERNMENT BUILDINGS, &c., by the principal Builders, Archicects and others, during the past four years, and has proved to be the CHEAPEST and MOST DURABLE ROOFING in use; it is in every respect A FIRE, WALER, WEATHER and TIME PROOF covering for ROOFS OF ALL KINDS.

This is the ONLY material manufactured in the United States which combines the very desirable properties of Elasticity and Durability, which are universally acknowledged to be possessed by GUT24 PERCHA AND INDIA RUBBER:

No Heat is required in making application. The expense of applying it is triffing, as an ordinary roof can be covered and finished the same day. It can be applied by anylone,

and when finished forms a perfectly Firs Proof surface with an elastic body, which cannot be injured by Hear, Collo or Stormes, Shrinking of Roof Boards, nor any external action whatever. Q LUQ D L L GUTTA PERCHA CEMENT.

For Coating Metals of all Kinds when exposed to the Action of the Weather, and FOR PRESERVING AND REPEARING METAL BOOFS OF ALL KINDS. This is the only Composition known which will successfully resist extreme changes of all climates, for any length of time, when applied to metals, to which it adheres firmly, forming a body equal, to coats of ordinary paint, costs much less and will LAST THREE THMES AS LONG; and from its elasticity is not injured by the contraction and expansion of Tin and other Metal Roofs, consequent udon sudden changes of the weather.

Rwill not CRACK IN COLD OR RUN IN WARM WEATHER, AND WILL NOT WASH OFF. WEATHER, AND WILL IVOI WASH OFF.

Leaky Tin and other Motal Roofs can be readily repaired with GUTTA PERCHA CEMENT, and prevented from further corrosion and leaking, thereby ensuring a perfectly tight roof for many years.

This Coment is peculiarly adapted for the preservation of IRON RAILINGS, STOVES, RANGES, SAFES, AGRICULTURAL IMPLEMENTS, &c., also for general manu-GUTTA PERCHA CEMENT

For preserving and repaing Tin and other Metal Roofs of Prepared by Dr. J. C. AYER'S SARSAPARILLA

FOR PURIFYING THE BLOOD.

AND for the speedy cure of the sub-Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pastules, Blotches, Boils, Rlains, and all Skin Diseases.

Rlains, and all Skin Diseases.

OAKLAND, Ind, 6th June, 1859.

J. C. AYER & Co., Gents: I feel it my duty to acknowledge what your Earcaparilla bas done for me. Baving inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ward and distressed me at the stumeth. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I treed many medicines and several physicians, but without much relef from anything. In lact, the disorder grew worse. At length I was rejoced to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla,) for I knew from your reputation that anything you make must be good. I sent to Cinc muati and got it, and use it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a mouth, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off, my skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feet what I am saying when I tell you, that I hold you to be one of the a loades of the age, and remain ever gratefully. Yours.

ALFRED B. TALLEY.

St. Anthony's Fire. Rose or Ervsinelas.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head

Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Preble writes from Salem, N. Y., 12th Sep., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous attack of Malignant Erysipelas by large doses of the same says he cures the common Eruptions by it constantly.

Bronchocele, Goitre or Swelled Neck. Zebulon Sloan of Prospect, Texas, writes: "Three bot-ties of your Sarsaparilla cured me from a Gerrar—a hid-eous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "most cheerfully comply with the respect of your agent in saying I have found your Sarsaparitla a mo-texcellent alternative in the numerous complaints for which we employ such a remedy, but especially in female Disease of the Scrotulous diathesis. I have cured many inveterate cases of Leucorrhon by it, and some where the complaint was caused by ulceration of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals. For these lemale derangements." Edward S. Marrow, of Newburry, Ala., writes, "A dangerous occarian tamor on one of the females in my family, which had delied all the remedies we could employ, has at length been completely cured by your extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

Dr. J. C. ATER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparila.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the ours of Veneral and Mercurial Disease. One of my patients had syphilitio ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, sica dily taken, cured him in the week. Another was attacked by secondary symptoms in his nove and the electron had eaten away a considerable part of it, so that believe the disorder would sook, each his brain and kill sim. But it yielded to my administration of your Sarsaparills; the ulcers heated, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so assistive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which you agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkeble results with it have not surprised me.

Fraternally yours,

G. V. LARIMER, M. D.

Rheumatism. Gout, Liver Complaint. NEW URLEANS, 25th August, 1959.

Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Precton Co., Va., 6th July, 1859. DR. J. C. Aybe: Sr., I have been afflicted with a pain ful chronic Rheumatism for a long time, which baffled the skill of physicinae, and stuck to me in spite of all the remedies I could fin, until I tried your Sarsaparilla.—
One bottle cured me in two weeks, and restored my geral health so much that I am far notter than before I was attacked. I think it a wonderful medicine.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing, and everything tailed to relieve me; and I have been a broken down man for some years from no ther cause than derangment of the Liver. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparrilla, because he said he knew you, and anything you made was worth said he knew you, and anything you made was worth trying. By the blessing of God it has cured me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement. Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resultorm the use of this remedy, but one space here will not admit them. Some of them may be found in our Amercan Almanac, which the agents below named are pleased of furnish gratis to all who call for them. Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia, Many remarkable cures of these affections have been made by the alternative power of this medicine. It sumulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral

FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages

of the Disease This is a remedy so universally known to surpage any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its trally wonderial cures of pulmonary disease, have made it known throughout the civilized nations of the earth.—Few are the communities, or even families, among them who have not some personal experience of its effects.—some living trophy in their midst of its victory over the subtile and dangerous disorders of the throat and jungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues: that it did have when making the cures which have won so strongly upon the confidence of manking.
