PENNSYLVANIA HOSPITAL. [FROM OFFICIAL HOSPITAL REPORTS.]

[From Official Hospital Reports.]

May 19, 1869.—Ellen S., æt. 23, single, never was very strong. Two years ago she had an attack of acute rheumatism, from which she was confined to her bed for two weeks and subsequenty from a relapse for four more. She has been well since then till last Satur day, while engaged in house deaning, she took cold, had pain in her back, falt cold, had nad no decided chill. Two days later her ankles began so swell, which was followed by swelling of the knee joints and of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is now fashionably called, rheumatic fever. It is a well remarked typical case. We will carefully watch the case, and from time to time call your attention to the various symptoms which present themselves. My chief object in bringing her before you now, is to call attention to a remedy which has recently been recommended in the treatment of rheumatism. In can propylamine. Dr. awenarius, of St. Petersburg, recommends it in the highest terms, having derived great benefit from its use Awenarius, of St. Felorsourg, recommends it in the highest terms, having derived great benefit from its use in 250 cases which came under his care. Various commendatory testimonials respecting it, have appeared in our journals, and I propose therefore to give it another trial. I must confess I am always moredulous as to the worth of new remedies, which are vaunted as specific; but this comes to us recommended so highly, that we are bound to give it a trial.

SAME CASE FOUR DAYS LATER! SAME CASE FOUR DAYS LATER!

MAY 23, 1850.—I will now exhibit to you the patient for whom I prescribed Propylamine, and was then laboring under an attack of acute rheumatism. She has steadily taken; it in doses of three grains every two hours (intermitting; it at night.) The day after; you saw her, I found her much more comfortable, better than she expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fail to notice a marked change in the appearance of her joints, which are now nearly all of their patural size.—Thus far our experiment, would have seemed very successful; but, gentlemen, we must wait a little while before we can give a decided opinion as to what is to be the result.

fore we can give a accused which was placed on the state of the result.

Here is another patient who was placed on the state of the same medicine on Sunday last; she has long been suffering from a bronte rheumatism; and I found her at that time with an acute attack supervening upon her chronic affection. The wrists and kauckles were much swollen and lease. She took the chloride of Propyla-mine in three grain doses overy two hours, and you will perceive that the swelling of the joints has much dimin-taled.

THREE DAYS LATER!!

THREE DAYS LATER!!

MAY 26, 1860.—This is the case of acute rheumatism treated with propylamine, the first of those to which I called your attention at our last clinic. She is still very comfortable, and is now taking: three grains thrice daily. In this case it has seemed to be followed by very satisfactory results. The second case to which your attention was called at our last lecture, has also continued to do well? I will now bring before you a very characteristic case of acute rheumatism, and if the Paritie of the factory, I think, as good jurymen, we shell justly render our verded in favor of propylamin.

He is a seaman, set 23 who was admitted a few days ago. Has had coassional rheumatic pams, but not so as to keep his bed, with eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. These joints are all swollen, tonse and tender. His tongue is furred; his skin, at present dry, though there has been much sweating. His palse is full and strong, and about 90.—He has now used propylamine for twenty-four hours.

This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this exposure is followed by a feeling of coldness, severe articular pain, beginning, as it is usually does, in the lower joints. There is fever and the profuse sweating, so generally attendant on acute rheumatism. I did not bring title paident before you with the inten.

does, in the lower joints. There is fever and the profuse sweating, so generally attendant on acute rheumatism. I did not bring this patient before you with the intention of giving you a fecture on all the points connected with rheumatism, but to again give a trial to the new remedy we are testing, and to exhibit to you this typical case, as I have called it; than which there or all one be a fairer opportunity for itesting the medicine in question. We are, therefore, avoiding the use of all other medicines, even anodynes, that there may be no migrivings as to which was the efficient remedy. You shall see the case of a future clinic.

THE RESULT.

A FAVORABLE VERDICT.

June 9, 1860.—The next of our convalescents is the case of acuterheumatism before you at our clinic of May. 28th, which I then called a typical case, and which it was remarked was a fair opportunity for testing the worth of our new reinedy. It was therefore steadily given in three grain doses every two hours for four days. The patient has got along very ulcely, and is now able to walk about, as you see. I do not hesitate to say that I have neves seen as severe a case of acute rheumatism so soon restored to health as this man has been, and without being prepared to decide positive by as to the value of the remedy we have used, I feel bound to state that in the cases in which we have tried the Choride o Propylamine, the patients tayer-regained, their health Propylamine, the patients have regained their health much earlier than under the treatment ordinarily pur-sued. I wish gentlemen, you would yourselves try it, and report the results.

For a full report of which the above is a condense extract, see the Philadelphia Medical and Surgical Reporter. It is the report after a fair trial by the best med ical authority in this country, and makes it unnecessary to give numerous certificates from astonished doctors and rejoicing patients.

A SPEEDY CURE, AN EFFECTUAL CURE, THE SAME RESULT

WHAT IT HAS DONE,

Bullock & Crenshaw, a firm well known to most medi cal men, by whom the Elixir Propylamine has been in troduced, have sold to us the exclusive right to manufac ture it according to the original recipe, and we have made arrangements of such magnitude as to enable us to scatter it broadcast amongst suffering humanity.

A WORD TO DOCTORS.

If you prefer to use the same emedy in another for we invite your attention to the PURE CRYSTALIZED CHLORIDE PROPYLAMINE.

PERS PROPYLAGINE LIQUID, PURE PROPYLAMINE CONCENTRATED,

PURE IODIDE PROPYLAMINE, of which we are the sole manufacturers. We claim no other virtue for the Elixir Propylamine than is contained in Pure Crystalized Chloride of Propy-

with cerificate and orders, will be forwarded by express, free of charge. In all cases the medicine is warranted to cure or give relief, or no charge. See certificates.

Dr. W. Barr.—Dram Siz .—As I have learned that you have purchased the right to manufacture and sell M'Connell's Golden Electric Oil, for the benefit of the afflicted, I send the following .—I have been afflicted with a running sore on my left leg for ten years. During that time I have been under the treatment of ten of the best Doctors in Harrisburg, Baltimore and Cumberland county, but all could not effect a cure. A little over a year past, going into my blacksmith shop after dark, I hurt my right leg also, below the knee. Is spread all around the leg, and became a running sore. Several foctors told me I must have my leg taken off, mortification having taken place. Fortunately I got a bottle of your Golden Electric Oil for my child's sore mount. It cured so soon that I thought I would try it on my legs. I have been using it about six weeks; and my legs are now healed up—sound and well.

w, the undersigned, who are well acquainted with Elisha T. Houch, do certify to the fact as atated above, and the benetical effects of M'Connell's Golden Electric Click ways of our particular to the control of the co oil on many of our neighbors.

Important to House Owners. Important to Builders are the sand of the Important to Rail Road Companies.

Important to Farmers. To all whom this may concern, and iteconcerns every body.

JOHNS & CROSLEY'S IMPROVED GUTTA PERCHA CEMENT BOOFING, The Cheapest and most durable Boofing in use

IT IS FIRE AND WATER PROOF. It can be applied to NEW and OLD BOOFS of all kinds, steep or fist, and to SHINGLE ROOFS without removing the Shingles.

The Cost is only about One Third that of Tin AND IT IS TWICE AS DURABLE. This article has been thoroughly tested in New York City and all other harts of the United States, Canada, West Indies Central and South America, on buildings of all kinds, such as FAUTORIES, FOUNDRIES, CHURCHES, RAIL ROAD DEPOTS, CARS, and on PUBLIC BULDINGS generally ROAD DEFORS, CASE, and on PUBLIC BUILDINGS generally. GOVERNMENT BUILDINGS, &c., by the principal Builders, Architects and others, during the past four years, and has proved to be the CHEAPEST and MOST. DURABLE ROOFING in use; it is nevery respect A FIRE, WAIER, WEATHER and TIME PROOF covering for ROOFS OF ALL RUNDS.

This is the ONLY material manufactured in the United Sales which combines the very desirable properties of Elasticity and Durability, which are universally acknow-ledged to be possessed by GUTLA PERCHA AND INDIA RUBBER. No Heat is required in making application.

The expense of applying it is trifling, as an ordinary roo can be covered and finished the same day It can be applied by anyione, and when finished forms a perfectly First Proof surface with an elastic body, which cannot be injured by Hear COLD or Storms, Shrinking of Roof Boards, nor any ex-ternal action whatever.

THE OWN DESCRIPTION GUTTA PERCHA CEMENT For Coating Metals of all Kinds when exposed

to the Action of the Weather, and FOR PRESERVING AND REPEARING METAI BOOFS OF ALL KINDS. This is the only Composition known which will successfully resist extreme changes of all climates, for any length of time, when applied to metals, to which it adheres firmly; forming a body equal to coate of ordinary paint, coats much less and will LASIT THREE TIMES AS LONG; and from its elasticity is not injured by the contraction and expansion of Tin and other Metal Roofs, consequent udon sudden changes of the weather.

H will not CRACK IN COLD OR RUN IN WARM WEATHER, AND WILL NOT WASH OFF. Leaky Tin and other Metal Roofs can be readily repaired with GUTTA PERGHA CEMENT, and prevented from further corrosion and heaking, thereby ensuring a perfectly tight roof for many years.

This Cement is peculiarly adapted for the preservation of IRON RAILINGS, STOVES, RANGES, SAFES, AGRI-CULTURAL IMPLEMENTS, Sc., also for general manu-GUTTA PERCHA CEMENT For preserving and repaing Tin and other Metal Roofs o

AYER'S SARSAPARILLA FOR PURIFYING THE BLOOD.

A ND for the speedy cure of the sub-Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pastules, Blotches, Boils, Blains, and all Skin Diseases.

Blains, and all Skin Diseases.

Oakland, Ind, 6th June, 1850.

J. O. Ayre & Co., Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrotulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Wilcers on my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago it brose out on my head and covered my scalp ann ears with one sore, which was painful and loathsome beyond description. I trued many medicines and several physicians, but without much reflect from anything. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alternative (Sarsaparilla,) for I knew from your reputation that anything you made must be good. I sent to Cinc meati and got it, and use it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a mouth, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off, my skin is now clear, and I know by my feelings that the disease has gone from my systems. You can well believe that I feet what I am saying when I tell you, that I hold you to be one of the anostice of the You can well believe that I feet what I am saying when I tell you, that I hold you to be one of the alostics of the age, and remain ever gratefully. Yours, ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head

Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Proble writes from Salem, N. Y., 12th Sep., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous attack of Malignant Erysipelas by large doses of the same; says he cures the common Eruptions by it constantly.

Bronchocele, Goitre or Swelled Neck. Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Gerras—a hideons swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.
Dr. J. B. S. Channing, of New York City, writes; "most cheerfully comply with the respect of your agent in saying I have found your sarsaparitia a most excellent alternative in the numerous complaints for which we employ such a remedy, but especially in Female Diseases of the Scrofulous diathesis. I have cured many investrate cases of Leucorrhosa by it, and some where the complaint was caused by ulceration of the ulcrus. The ulceration itself was soon cured. Nothing within my knowledge equals. For these female derangements."

Edward B. Marrow, of Newbury, Ala., writes, "A dangerous oravian tumor on one of the females in my tamily, which had delied all the remedies we could employ, has at length been completely cured by your extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains." Uterine Ulceration, Female Diseases.

Syphilis and Mercurial Disease.

NEW ORIBARS, 25th August, 1959.

Dr. J. C. Ayra: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects. I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Meccarial Diseases. One of my patients had Syphilitic ulcers in his throat, which were consuming his pelate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in the week. Another was attanked by secondary symptoms in his nose, and the ulcers ton had eaten away a considerable part of it, so that. believe the disorder would soon reach his brain and kih bim. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her hones. They had become so bensitive to the weather that on a damp day she suffered excructating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which you agent gave me, that this Preparation from your laboratory must be a great remiedy; consequently, these truly remarkeble results with it have not surprised me.

Fraternally years, NEW ORLEANS, 25th August, 1959.

Fraternally years, G. V. LARIMER, M. D. Rheumatism, Gout, Liver Complaint.

IMDEPENDENCE, Precton Co., Va., 6th July, 1859. Dr. J. C. Ather: Sir, I have been afflicted with a pain ful chronic Rhenmattam for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could fin , until I tried your Sarsaparilla.—One bottle cured me in two weeks, and restored my general health so much that I am fur netter than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afficted for years with an affection of the Liver, which destroyed my health." I tried every thing, and every thing failed to relieve me; and I have been a broken down man for some years from no ther cause than decrangment of the Liver. My beloved pastor, the Rey. Mr. Espy, advised me to try your Sarsaparrilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured ma. young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where qures of these formidable complaints have result-form the use of this remedy, but one space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia. Many remarkable cures of these affections have been made by the alternative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Con-

sumption, and for the Relief

of Consumptive Patients in advanced Stages of the Disease This is a remedy so universally known to surpass any other for the cure of throaf and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth.—

Few are the communities, or even families, among them who have not some personal experience of its effects.—

some living trophy in their midst of its victory over the subtle and dangerous disorders of the threat and lungs.

As all know the dreadth fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.
