PENNSYLVANIA HOSPITAL.

[FROM OFFICIAL HOSPITAL REPORTS.]

MAY 19, 1860.—Ellen S., æt. 23, single, never was very strong. Two years ago she had an attack of acute rheumatism, from which she was confined to her bed for two weeks and subsequently from a relapse for four more. She has been well since then till last Saturday, while engaged in house cleaning, she took cold, had pain in her back, felt cold, but had no decided chill. Two days later her ankles began to swell, which was followed by swelling of the knee joints, and of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right more than the left. This, then, is a case of acute rheumatism, or, as it is now fashionably called, rheumatic fever. It is a well remarked typical case. We will carefully watch the case, and from time to time call your attention to the various symptoms which present themselves. My chief object in bringing her before you now, is to call attention to a remedy which has recently been recommended in the treatment of rheumatism. I mean *propylamine*. Dr. Awetarics, of St. Petersburg, recommends it in the highest terms, having derived great benefit from its use in 250 cases which came under his care. Various commendatory testimonials respecting it have appeared in our journals, and I propose therefore to give it another trial. I must confess I am always incredulous as to the worth of new remedies, which are vaunted as specifics; but this comes to us recommended so highly, that we are bound to give it a trial.

SAME CASE FOUR DAYS LATER!

MAY 23, 1860.—I will now exhibit to you the patient for whom I prescribed Propylamine, and was then laboring under an attack of acute rheumatism. She has steadily taken it in doses of three grains every two hours (intermitting it at night.) The day after you saw her, I found her much more comfortable, better than she expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fail to notice a marked change in the appearance of her joints, which [illegible] nearly all of their natural size. Thus far our experiment would have seemed very successful; but gentlemen, we must wait a little while before we can give a decided opinion as to what ought to be the result. a c

This is another patient who was placed on the use of the same medicine on Sunday last; she has long been suffering from chronic rheumatism, and I found her at that time with an acute attack supervening upon her chronic affection. The wrists and knuckles were much swollen and tense. She took the chloride of Propylamine in three grain doses every two hours, and you will perceive that the swelling of the joints has much diminished.

THREE DAYS LATER!!

MAY 26, 1860.—This is the case of acute rheumatism treated by propylamine, the first of those to which I invited your attention at our last clinic. She is still very comfortable, and is now taking three grains thrice daily.

In this case it has seemed to be followed by very satisfactory results. The second case to which your attention was called at our last lecture, has also continued to do well. I will now bring before you a very characteristic case of acute rheumatism, and if the result be satisfactory, I think, as good jurymen, we shall justly render our verdict in favor of propylamine.

He is a seaman, æt. 26, who was admitted a few days ago. Has had occasional rheumatic pains, but not so as to keep him bed, until eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. These joints are all swollen, tense and tender. His tongue is furred; his skin, at present dry, though there has been much sweating. His pulse is full and strong, and about 90.—He has now used propylamine for twenty-four hours.

This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, but this exposure is followed by a feeling of coldness, severe articular pain, beginning, as it usually does, in the lower joints. There is fever and the profuse sweating, so generally attendant on acute rheumatism.

I did not bring this patient before you with the intention of giving you a lecture on all the points connected with rheumatism, but to again give a trial to the new remedy we are testing, and to exhibit to you this typical case, as I have called it, than which there co uld not be a fairer opportunity for testing the medicine in question. I do so, therefore, avoiding the use of all other medicines, even anodynes, that there may be no misgiving as to which was the efficient remedy. You shall see the case of a future clinic.

THE RESULT.

A FAVORABLE VERDICT.

JUNE 2nd.—The next of our convalescents is the case of acute rheumatism before you at our clinic of May 26th, which I then called a typical case, and which I remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain doses every two hours for four days. The patient has got along very nicely, and is now able to walk about, as you see. I do not hesitate to say that I have never seen as severe a case of acute rheumatism do as well restored to health as this man has been, and without being prepared to decide positive by as to the value of the remedy we have used, I feel bound to state that in the cases in which we have tried the Chloride of Propylamine, the patients have regained their health much earlier than under the treatment ordinarily pursued. I wish gentlemen, you would yourselves try it and report the results.

For a full report of which the above is a condensed extract, see the Philadelphia *Medical and Surgical Reporter*. It is the report after a fair trial by the best medical authority in this country, and makes it unnecessary to give numerous certificates from astonished doctors and relieved patients.

M'CONNELL'S

GOLDEN ELECTRIC OIL.

EVERY body ought to join in circulating it, if the facts we represent are so. All are interested, the well, and afflicted.

The GOLDEN ELECTRIC OIL is useful in Chronic and Nervous Diseases, such as Rheumatism, Neuralgia, Bronchitis, Catarrah, Scrofula, Piles, Fresh or Old Sores, Ulcers, Glandular Swellings, Female Complaints, Sore Breasts, &c.

In fact there is no family medicine that acts with such magic power as the Golden Electric Oil. Hundreds can certify to its virtues.

For the purpose of introducing it into every family, with two of my own valuable preparations for Coughs, Croup, Weak and Inflamed Eyes, and as an inducement to those who assist me to dispose of 20 gross, I place in possession of a committee, of honorable gentlemen the following valuable articles, for FREE distribution amongst the purchasers:

On the payment of 25 cents for each Bottle or Box of the Medicine, the purchaser, will receive a receipt and an order for an envelope, which will contain the name of one of the above gifts. On the day of the distribution of gifts, the envelopes will be placed in a box or wheel, with a hole to pass the hand into it, the envelopes all put into the wheel, well shook up and secured, each purchaser will draw out his or her own envelope; the gift named therein will be given as soon as the drawing closes. Notice will be given to agents, and in the papers, of the day of distribution. Purchasers at a distance will have an equal share with those residing in Harrisburg. On receipt of the money for one or more dozen, the medicine, with certificate and orders, will be forwarded by express, free of charge. In all cases the medicine is warranted to cure or give relief, or no charge. See certificates.

DR. W. BARR—DEAR SIR:—As I have learned that you have purchased the right to manufacture and sell M'Connell's Golden Electric Oil, for the benefit of the afflicted, I send the following:—I have been afflicted with a running sore on my left leg for ten years. During that time I have been under the treatment of ten of the best Doctors in Harrisburg, Baltimore and Cumberland county; but all could not effect a cure. A little over a year past, going into my blacksmith shop after dark, I hurt my right leg also, below the knee. It spread all around the leg, and became a running sore. Several Doctors told me I must have my leg taken off, mortification having taken place. Fortunately I got a bottle of your Golden Electric Oil for my child's sore mouth. It cured so soon that I thought I would try it on my legs. I have been using it about six weeks, and my legs are now healed up—sound and well.

ELISHA T. HOUCH.

We, the undersigned, who are well acquainted with Elisha T. Houch, do certify to the fact as stated above, and the beneficial effects of M'Connell's Golden Electric Oil on many of our neighbors.

CAMP CURTIN, December 6, 1861.

DR. BARR:—I thank you most sincerely for the Ointment you gave me for my eyes. I have only used it a few times, and am now entirely free from inflamation and pain which is more than I have been for the last five years.—I hope God will bless you for the free gift. No person afflicted with weak or inflamed sore eyes ought to be without it. J. C. MILES.

Being well acquainted with J. C. Miles, what he certifies to above is correct and true, as singular as it may seem. J. B. HELM, C. C. for Bedford.

Hundreds have certified—I have only given the above. Piles, Tetter, Poison, Itch, Lock Jaw, Gonorrhœa, Gleet, Leucorrhœa, and all secret diseases cured with same success, or no charge.

Ten per cent. will be paid to all persons selling one or more dozen. W. BARR,

JOHNS & CROSLEY'S

IMPROVED GUTTA PERCHA

CEMENT ROOFING,

The Cheapest and most durable Roofing in use.

IT IS FIRE AND WATER PROOF.

It can be applied to NEW and OLD ROOFS of all kinds, steep or flat, and to SHINGLE ROOFS without removing the Shingles.

The Cost is only about One-Third that of Tin AND IT IS TWICE AS DURABLE.

This article has been thoroughly tested in New York City and all other parts of the United States, Canada, West Indies Central and South America, on buildings of all kinds, such as FACTORIES, FOUNDRIES, CHURCHES, RAIL ROAD DEPOTS, CARS, and on PUBLIC BUILDINGS generally GOVERNMENT BUILDINGS, &c., by the principal Builders, Architects and others, during the past four years, and has proved to be the CHEAPEST and MOST DURABLE ROOFING in use; it is in every respect A FIRE, WATER, WEATHER and TIME PROOF covering for ROOFS OF ALL KINDS.

This is the ONLY material manufactured in the United States which combines the very desirable properties of Elasticity and Durability, which are universally acknowledged to be possessed by GUTTA PERCHA AND INDIA RUBBER.

No Heat is required in making application.

The expense of applying it is trifling, as an ordinary roof can be covered and finished the same day.

It can be applied by anyone,

and when finished forms a perfectly FIRE PROOF surface with an elastic body, which cannot be injured by HEAT, COLD or STORMS, SHRINKING of ROOF BOARDS, nor any external action whatever.

LIQUID

GUTTA PERCHA CEMENT,

For Coating Metals of all Kinds when exposed to the Action of the Weather, and

FOR PRESERVING AND REPAIRING METAL ROOFS OF ALL KINDS.

This is the only Composition known which will successfully resist extreme changes of all climates, for any length of time, when applied to metals, to which it adheres firmly, forming a body equal to coats of ordinary paint, costs much less and will LAST THREE TIMES AS LONG; and from its elasticity is not injured by the contraction and expansion of Tin and other Metal Roofs, consequent upon sudden changes of the weather.

It will not CRACK IN COLD OR RUN IN WARM WEATHER, AND WILL NOT WASH OFF.

Leaky Tin and other Metal Roofs can be readily repaired with GUTTA PERCHA CEMENT, and prevented from further corrosion and leaking, thereby ensuring a perfectly tight roof for many years.

This Cement is peculiarly adapted for the preservation of IRON RAILINGS, STOVES, RANGES, SAFES, AGRICULTURAL IMPLEMENTS, &c., also for general manufacturers use.

AYER'S SARSAPARILLA,

FOR PURIFYING THE BLOOD,

AND for the speedy cure of the subjoined varieties of Diseases:

Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pastules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co., Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from anything. In fact the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla,) for I knew from your reputation that anything you made must be good. I sent to Cincinnati and got it, and use it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. Newand healthy skin soon began to form under the scab, which after a while fell off, my skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the greatest of the age, and remain ever gratefully. Yours,

ALFRED B. TALLAT.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 11th Sep., 1859, that he has cured an inveterate case of dropsy, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous attack of Malignant Erysipelas by large doses of the same; says he cures the common Eruptions by it constantly.

Bronchocele, Goitre or Swelled Neck,

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Goitre—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most efficacious alternative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration* of the uterus. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 28th August, 1859.

DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the cures I have realized with your sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal* and *Mercurial Diseases*. One of my patients had syphilitic sores in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five week. Another was attacked by secondary symptoms in his nose, and the ulcerative process ate away a considerable part of it, so that before the disorder would soon reach his brain and kill him. Being related to my administration of your Sarsaparilla, it recovered, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was relieved from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which you agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours,

G. I. LABORDE, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

DR. J. C. AYER: Sir, I have been afflicted with a painful chronic Rheumatism for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could fin, until I tried your Sarsaparilla.—One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine.

J. PREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my health. I tried every thing and everything failed to relieve me; and I have been a broken down man for some years from no other cause than derangement of the Liver. My beloved pastor, the rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me. I feel young again. The best that can be said of it is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but one space here will not admit them. Some of them may be found in our Ayer's Cancer Almanac, which the agents below named are pleased to furnish gratis to all who
