DOCTORS KNOW IT, PATIENTS BELIEVE IT TRILD AND TRUE.

PENNSYLVANIA HOSPITAL.

[FROM OFFICIAL HOSPITAL REPORTS.]

MAY 19, 1860,—Ellea S., set. 28, single, never was very strong. Two years ago she had an attack of acute rheumatism, from which she was confined to her bed for two wooks and subsequently from a relapse for four more. She has been well since then till last Satur day, white engaged in house eleaning, she took cold, had pain in her back, felt cold, hot had no decided chili. Two days later her ankies began so swell, which was followed by swelling of the times joints and of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acture rheumatism, or, as it is new fashionably called, rheumatic fever. It is a well remarked typical case. We will carefully watch the case, and from time to time call your attention to the various symptoms which present themselves. My chief object in bringing her before you now, is to call attention to a remedy which has recently been recommended in the treatment of rheumatism. In an propylamine. Dr. Awenarius, of St. Petersburg, recommended in the highest terms, having derived great benefit from its use in 250 cases which came under his care. Various commendatory testimonials respecting it have appeared in our journals, and I propose therefore to give it another trial. I must confess I am always incredulous as to the worth of new remedies, which are vaunted as specifics; but this comes to us recommended so highly, that we are bound to give it a trial. [FROM OFFICIAL HOSPITAL REPORTS.]

SAME CASE FOUR DAYS LATER! SAME CASE FOUR DAYS LATER!

iii May 28, 1860.—I will now exhibit to you the patient for whom I prescribed Propylamone, and was then inborning under an attack of acute rheumatism. She has stastilly taken it in doses of three grains every two hours (intermitting it at night.) The day after you saw her, I found her much more comfortable, better than she expected to be for a week or more, justing from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fail to notice a marked change in the appearance of her joints, which are now nearly all of their natural size.—Thus far our experiment would have seemed very successful; but, gentlemen, we must wait a little white before we can give a decided opinion as to what is to be

the result.

Here is another patient who was placed on the use of
the same medicine on Sunday last; she has long been
suffering from a bronic rheumatism, and I found her at sunering from a fronte freetination, and it count tiers at that time with an ucute attack supervoining upon her chronic affection. The wrists and knuckles were much swollen and teues. She took the chloride of Propylamine in three grain doses every two hours, and you will perceive that the swelling of the joints has much diministrated.

THREE DAYS LATER!!

THREE DAYS LATER!!

May 26, 1860.—This is the case of acute rheumatism treated with propylamine, the first of those to which I called your attention at our last clinic. She is still very comfortable, and is now taking three grains thrice duily. In this case it has seemed to be followed by very satisfactory results. The second case to which your attention was called at our last locture, has also continued to do welr. I will now bring before you a very characteristic case of acute rheumatism, and if the result be satfactory, I think, as good jury one, we shall justly render our verdict in favor of propylamin.

He is a seaman, 28. 28, who was admitted a few days ago. Has had ocasional rheumatic panas, but not so as to keep his bed, until eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. These joints are all awollen, tense and tender. His tongue is furred; his skin, at present dry, though there has been much sweating. His pulse is full and strong, and about 90.—He has now used propylamine for twenty-four hours.

This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this exposure is followed by a feeling of coldness, severe articular pain, beginning, as it usually does, in the lower joints. There is fever and the profuse sweating, so generally attendant on acute rheumatism. I did not bring this patient before you with the intention of giving you a lecture on all the points connected with rheumatism, but to again give a trial to the now remedy we are testing, and to exhibit to you this typical case, as I have called it, than which there could not be a fairer opportunity for testing the medicine in question. We are, therefore, avoiding the use of all other medicines, even anolynos, that there may be no misgivings as to which was the efficient remedy. You shall see the case of a future clinic.

THE RESULT.

A FAVORABLE VERDICT.

June 1, 1860.—The next of our convalescents is the case of acute rheumatism before you at our clinic of May 28th, which I then called a typical case, and which it was remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain doses overy two hours for four days. The patient has got along very nicely, and is now able to walk about, as you see. I do not hesitate to say that I have neves seen as severe a case of acute rhounatism so soon restored to health as this man has been, and without being prepared to decide positive by as to the value of the remedy we have used. I see bound to state that in the cases in which we have tried the Chioride o Propylamine, the patients have regained their health much earlier than under the treatment ordinarily pursued. I wish gentlemen, you would yourselves try it, and report the results.

For a full report of which the above is a condense extract, see the Philadelphia Medical and Surgical Reporter. It is the report after a fair trial by the best medical authority in this country, and makes it unnecessary ous dertificates from autonished doctor and rejoicing patients.

Ds. W. Barr.—Drar Sir.—As I have learned that you have purchased the right to manufacture and sell M'Connell's Golden Electric Oil, for the benefit of the afflicted, I send the following:—I have been afflicted with a running sore on my lett leg for ten years. During that time I have been under the treatment of ten of the best Doctors in Harrisburg, Baltimore and Cumberland county; but all could not effect a cure. A little over a year past, going into my blacksmith shop after dark, I burt my rigbt leg also, below the knee. It spread all round the leg, and became a running sore. Several Doctors told me I must have my leg taken off, mortification having taken place. Fortunately I got a bottle of your Golden Electric Oil for my child's sore mouth. It cured so soon that I thought I would try if on my-legs. I have been using it about six weeks, and my legs are now healed up—sound and well.

ELISHA T. HOUCH. We, the undersigned, who are well acquainted with Elisha T. Houch, do certify to the fact as stated above, and the benencial effects of M'Connell's Golden Electric

and the beneacial offects of M'Connell's Golden Electric
Oil on many of our neighbors.

AYER'S SARSAPARILLA

FOR PURIFYING THE BLOOD. A ND for the speedy cure of the sub-

Scrofula and Scrofulous Affection such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pastules, Blotches, Boils, Blains, and all Skin Diseases.

Blains, and all skin Diseases.

Oakland, Ind, 6th June, 1859.

J. C. Ayer & Co., Gents: I feel it my duty to beknowledge what your Sareaperilla has done for me. Having inhorited a Scrotlous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ear with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without mucu relef from anything. In fact, the disorder grew worze. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alternative (Sarsaprilla,) for I knew from your reputation that anything you make must be good. I tent took it, as you advise, in small doses of a teaspoonful over a mouth, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off, my skin is how clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the sposter of the age, and remain ever gratefully. Yours,

ALFRED S. TALLEY.

St. Anthony's Fire, Rose or Erysipelas,

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head

Ringworm, Sore Eyes, Dropsy. Dr. Robert M. Proble writes from Salem, N. Y., 12th Sep., 1859, that he has cured an inveterate case of Dropsy, which threatened to terminate fatally, by the perserving use of our Sarsaparilla, and also a dangerous attack of Malignant bryshpelas by large doses of the same; says he cures the common bruphons by it constantly.

Zebulon Sioan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a Gerrand hideous swelling on the neck, which I had suffered from over two years." Bronchocele, Goitre or Swelled Neck.;

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Uterine Ulceration, Female Diseases.

Dr. J. E. S. Channing, of New York City, writes; "most cheerfully comply with the respect of your agent in saying I have found your parsaparilla a mo.t excellent alternative in the numerous complaints for which we employ such a remedy, but especially in *temale Diseases of the Scrotileon sindlessis. I have cured many inveterate cases of Leucorrhon by it, and some where the complaint was caused by *ulceration* of the sterus. The ulceration itself was soon cured. Nothing within my knowledge equals. for these female derangements."

Edward S. Marrow, of Newbury, Ala, writes, "A dangerous coarian tumor on one of the females in my family, which had delied all the remedies we could employ, has at length been completely cured by your extract of *ar-asparilla*. Our physician thought nothing but extipation could afford relief, but he advised the trial of your sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1959.

1r. J. C. AYEE: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your sarsaparula.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of Veneral and Mercurial Diseases. the of my patients had syphilitis ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, sixed tily taken, cured him in two week. Another was attacked by secondary symptoms in his nose, and the ulcer-tion had eaten away a considerable part of it, so that believe the disorder would soot seach his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers heated, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating rain in her joints and hones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which you agent gave me, that this reparation from your laboratory must be a great remedy; consequently, these truly remarkeble results with it have not surprised me.

The hammatism. Gout. Liver Complaint. NEW ORLEANS, 25th August, 1959

Rheumatism, Gout, Liver Complaint. INDEPENDENCE, Precton Co., Va., 6th July, 1859. IMPERENDENCE, Precton to., va., oth say, 1000.

DR. J. C. Ayrs: Sir, I have been afflicted with a pair ful chronic Rheumatism for a long time, which battled the skill of physicians, and stuck to mo in spice of all the remedies I could fin , until I tried your Euraparilla.—
One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine.

J. PRRAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Liver, which destroyed my heatth. I tried every thing, and every thing failed to relieve me; and I have been a broken down man for sure years from no ther cause than devangements the Laver. My beloved pristor, the Rev. Mr. Gepy, advised me to try your Sarsaparrilla, because he said he knew you, and anything you made was sworth trying. By the blessing of God it mas gured me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of

the Bones. A great variety of cases have been reported to us where cures of these formidable complaints have result-form the use of this remedy; but one space here will not admit them: Som of them may be found in our Amer-can Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia. Many remarkable cures of these affections have been made by the alternative power of this medicine. It sumulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral FOR THE RAPID CURE OF Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief

of Consumptive Patients in advanced Stages of the Disease This is a remedy so universally known to surpage any other for the cure of throat and jung complaints; that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of publineary disease, have made it known throughout the civilized nations of the darth.—few are the communities, or even families, among them who have not some personal experience of its effects.—some living trophy in their minus of its victory over the subtle and dangerous disorders of the threat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the curse which have won so strongly upon the confidence of mankind.
