Take Particular Notice.

Dr. J. addresses all those who have injured themselves by improper indulgouce and solutary habits, which ruin both body and mind, unfitting them for either business, study, society or marrige.

These are some of the sad and melancholly effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the heart, Dyspepsy, Nervous Irratibility, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c., Manyally.—The fearful effects on the mind are much to be dreuded—Loss of Memory, Confusion of Ideas, De-pression of Spirits, Evil Forbodings, Avers on to Society, Self Distrust, I ove of Solitude, Timidity, &c., are some of

Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companious, or at school, the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, snould apply immediately.

What a pity that a young man, the hope of his country, the darning of his parents, should be snatched from all prospects and enjoyments of life, by the conceptence of deviating from the path of nature and indulging in a certain secret habit. Such persons must, belore contemplating

Indeed, without these, the journey through life becomes a weary pligrimage; the prospect hourly darkens to the view; he mind becomes shadowed with despar and filled with the melancholly red tion that the happiness of another becomes blighted with our own.

### Disease of Imprudence.

When the miguled and imprudent votary of pleasure finds that he has imbibet the seeds of this painful disease, it too often hapens that an ill-timed sense of shame or dread ef discovery, deters him from applying to those who, from elucation and respectability, can alone befriend him, delaying til the consultational symptoms on this hort of disease make their appearance, such as ulcerated sore threat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, desiness, nodes on the shin bones and arms, blotches on the had, face and extremitles, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall is, and the victim of this awful disease become a horridob; et of ommisseration, till death puts a period to his FARMERS AND GRAZIERS,
