Take Particular Notice.

Dr. J. addresses all those who have injured themselves by improper indulge one and solitary habits, which ruin both body and mind, unfitting them for either business, study, society or marriage.

These are some of the sad and melanchelly effects produced by early habits of youth, viz: Weakness of the Buck and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the heart, Dyspepsy, Nervous Irratibility, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.,
