DR. JOHNSON BALTIMORE LOCK HOSPITAL!

HAS discovered the most certain, speedy and effectual remedy in the world for DISEASES OF IMPRUDENCE.

RELIEF IN SIX TO TWELVE HOURS. No Mercury or Noxious Drugs. Cure Warranted, or no Charge, in from one to Two Days.

to Two Days.

Weakness of the Back or Limbs, Strictures, Affections of the hidneys and Bhadder, Involuntary discharges, Impotency, General Debility, Nervousness, Dyspepsy, Iansuor, Low Spirits, Confusion of Ideas, Paipitation of the Heart. Timidity, Tremblings, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs. Stomach or Bowles—those trible disorders arising from the Solitary Habits of Youth—those smorer and solitary practices more fatal to their victims than the song of tyrens to the Mariners of Ulysses, bighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible. Young Men

Especially, who have become the tyletims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an unimely grave thourands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to ecstasy the living lyre, may call with full confidence.

Marriage. Married Persons, or Young Men contemplating marriage, being aware of physical weakness, organio debility, deformities, &c., speedily cured.

He who places himself under the care of Dr. J. may religiously confide in his bonor as a gentleman, and confidently rely upon his skill as a Physician.

Organic Weakness

Immediately Cured, and full vigor Restored.

This distressing Affection—which renders I file miserable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful conseq ences that may ensue. New, who that understands the subject will pretend to deap that the power of procreation is lost sooner by those falling into improper habits than by the prudent? Besides being deprived the pleasures of nealthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the Physical and Mental Functions Weakened, Loss of Piccreative Power. Nervious Irratibility, Dyspensia, Palpitation of the Heart, Indigestion, Constitution: 1 Beblity, a Wasting of the Frame, Cough, Cousumption, Becay and Death.

were cured immediately.

Take Particular Notice.

Dr. J. addresses all those who have injured themsolves by improper indulge and solitary habits, which ruin both body and mind, untiting them for either business, study, society or marriage.

These are some of the sad and metancholly effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Paleitation of the heart, Dyspepsy, Nervous Irratibil ty, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY.—The fearful effects on the mind are much be dreaded—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forbodings, Avers on to Sconety, Self Distruct, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons of all ages can now judge what is the cause of their decilining health, losing their vigor, becoming weak, pule, zerrous and emaciated, having a singular appearance about the eyes, cough and symptoms of consumption.

FROM BALTIMORE.

THE ARRIVAL OF COLDNEL KENLY. The Battle at Front Royal

Previous Reports Exaggerated.

NO OFFICERS KILLED ONLY FOUR OFFICERS WOUNDED.

BALTIMORE, June 5. Col. John B. Kenly and Surgeon Mitchell, of the First Maryland regiment, arrived here this morning at 8 o'clock, from Frederick. There was a large crowd of loyal citizens at the depot anticipating the arrival, and as soon as the train reached the depot the greatest enthusi-asm was manifested. The officers were besieged, and had great difficulty in getting from the depot, so anxious was every one present to of-

throng.

Col. Kenly received a severe sabre wound in the back of his head, but he is rapidly recover-ing from its effects. He will visit Washington to morrow for the purpose of effecting an ex-change for himself and those of his command taken prisoners. He will not be at liberty to

see his friends of this city before Saturday.

From Surgeon Mitchell we obtain some interesting particulars in regard to the regiment and the fight at Front Royal.

Previous reports of the causalities in the Regiment, and almost everything else pertaining to the action and subsequent events have been greatly exaggerated. Several of the officers were wounded, as fol

The Senate proceeded to the consideration was wounded. He was immediately placed in an ambulance by the Surgeon, and conducted off the field. They were both sub-

sequently captured. The report of the firing into the ambulance is contradicted. The wound of the Colonel was at first supposed to be fatal. When his release on parole was first offered him, he perempterily refused; but the severity of his injuries, and the cer-tainty of a fatal termination if not properly cared for, added to the solicitations of his offi-

ers, induced him to change his purpose. Adjutant Tarr was supposed to be mortally wounded, and was left at Winchester by the rebels on their retreat from that place on Friday. When the Surgeon left, however, he wa sitting up, and there was no doubt of his tion of the resolution.

speedy recovery. The other prisoners were all aken south.

FROM PENSACOLA.

New York, June 5. The steamer Philadelphia has arrived from Pensacola with dates to the 25th ult., and Key West advices of the 30th ult. Gen. Arnold and his troops still occupy Pen-

borhood, our pickets capturing some frequently. The Navy Yard is completely destroyed, and some 6,000 tons of coal fixed by the rebels, is

still burning. Two companies of Regulars are on the Phila-delphia, bound to Washington. The Ninety-first New York Regiment had ar-

rived at Pensacola.

THE FRESHET.

Easton, June 5. The greatest freshet that has occurred since the memorable flood of 1841, is now prevailing in the rivers Lehigh and Delaware. place the lower portion of the town bordering on the two rivers is inundated, and on Biver

street along the Delaware the water has reached the second stories of the dwellings. The bridges on the Lehigh between here and

Manch Chunk have all been swept away. The Lehigh bridge here is partially gone and will, doubtiess, be washed away.

Boats, houses and lumber cover the surface

of the water. The Lehigh and Delaware canals are both under water, and the Belvidere, Delaware and Lehigh Valley railroads are submerged at

several points. The damage to and destruction of property will be immense.

All the iron works in the Lehigh Valley are stopped. The rise of the water was so rapid as to prevent the escape of many persons from their houses, and many have been drowned.

The canals will be interrupted for months There is no telegraphic communication with the towns upon the Lebigh above here.

The Lehigh river is now (at 12 o'clock M.) on a stand. тье Deleware is still rising.
Вылимова, June 5.—Within the past four or five days, a most enormous quantity of rain has fallen in this latitude, and according to the accounts brought by persons residing in the county, some damage has been sustained, especially by parties residing near the line of Jones' Falls. Several market gardens have had their fences carried away, and a considerable part of their garden produce destroyed, the waters rising and washing away the more de-

oressed sections of their grounds.

On Gwynn's Falls a culvert of heavy granite superstructure was destroyed and strong stone walls tumbled into the stream. During the afternoon, Jones' Falls were swollen far above the level of the lower streets which conduct to it, but no damage of consequence was sustained, as tradesmen in that vicinity seldom store any articles of merchandiae below the principal floor. At Herring Bun the current was swollen and rapid, and a number of small out-houses were carried off.

The several military regiments stationed near the suburbs of the city, especially those who have recently arrived here, and had scarcely sufficient time to arrange and complete their camp equipage, severely feel the storm of winds and rains, and such as could get a furlough proceeded to the city and secured comfortable lodgings-

Mr. Colfax, (Ind.,) hoped the gentleman would not bring the negro question into the House to-day, but let it go on with its legislative duties. [Laughter.]
Mr. Wickliffe said he did not hear the re-

mark of the gentleman from Indiana.

Owing to the objection, the resolution was The House proceeded to the consideration of the Senate's amendments to the Indian Appro-
