HARRISBURG, PA. Tuesday Morning, June 10, 1862.

STRUCK BY LIGHTNING.—During the heavy thunder storm last Saturday afternoon, the main stack of the Pennsylvania railroad machine shops in this city was struck by lightning, ultimately doing but little damage.

INJURED AT THE CAR SHOPS.—A workman at the Harrisburg car shop had one of his hands severely injured last Saturday by a circular saw in that establishment. The same machine seriously injured Mr. Smith, the father of the triplets, a few weeks since.

ARRIVAL OF INDIANS.—A delegation of Indians from the far west passed through here yesterday, en route to Washington, where they go to have a "talk" with their "great father," the President. Their appearance at the depot attracted much attention.

FROM NEW YORK.—The first regular through train from New York, via the Lebanon Valley, East and North Pennsylvania railroads, since the early part of last week, arrived here last Saturday evening. The interruption to travel was caused by the flood.

THE BATTLE OF NEWBURN is the last scene just published by the artist Harry Davis, for his part of the great rebellion. It is a large and noble picture, and a magnificent battle picture. The men of the gallant 61st regiment, (Col. Hartant), occupy a prominent position in the fighting.

BURGLARY.—The residence of Joseph Gillet, about a half-mile east of the city, on the road leading to the county poor house, was burglariously entered last Friday night and robbed of seven hundred dollars in money. Two men named respectively James Smith and Alpheus Maclean, were arrested on Saturday and sent to prison by Alderman Caldwell, of the First ward, charged with being the robbers.

DEATH OF A FORMER HARRISBURGER.—We regret to announce the demise of Miss E. B. Sears, M. D., which occurred at the Exchange Hotel, in Hollidaysburg, on Friday the 6th inst. The deceased was well known to many citizens of this place, where she practiced medicine successfully for some years among her own sex, many of whom will mingle their sympathies with her bereaved mother, who still resides among us.

THE QUANTITY.—A gentleman who keeps a record of such matters, has kindly furnished us with the following table, showing the quantity of rain that fell since Sunday morning a week, and last Saturday, derived from accurate measurement by the hydrometer:

Table with 2 columns: Day, Quantity. Sunday, .210 inches; Monday, .710; Tuesday, 7.170; Wednesday, 8.170.

gives a better idea of the quantity of rain falling by the above figures, may be shown by posing the earth within the line of the last week, to be a perfect plain, in which case the surface would have been covered with a volume of water 8.170 inches in depth, which, with few exceptions, has been in this vicinity in any one year, for a forty years.

AMERICAN & CO.'S MESSAGER made its debut yesterday, according to promise representing the finest display of the show ever witnessed. The band charmed of splendor, and the long train of decorated cages and baggage vans, with splendid teams, made a most impressive appearance. The huge elephants Hannibal and Hippo Salt added greatly to the effect of the procession. The exhibition will be open (Thursday) upon Second street, in cotton factory, both afternoon and evening, and the mammoth tent will doubtless be thronged with the curious of all ages and both sexes. At each exhibition a Van Amburgh will enter the den of wild tigers, while various performances of dexterity and wonder will be given, including elephants, ponies and mules.

COUNCIL.—The regular monthly meeting of the City Council was held at the Council Chamber, in the Court House, last Saturday evening. The petition of citizens of South Hill, asking for a sewer from Spruce to Sixth streets in said alley. Ordered to be done, provided petitioners take out a permit to tap said sewer, to be paid for out of the appropriation for street purposes.

The petition of the citizens of Third and Walnut streets, asking for a sewer from Third street to connect with the sewer at the county house, was agreed to, provided that they (the petitioners) take out a permit to tap the sewer, to be paid for out of the appropriation for street purposes.

A communication from Mr. Berklinbe was received relative to a new boiler for the water house. Referred.

A motion of Mr. Maeyer, it was ordered that the Fire Committee have the Hope Fire Engine house painted and blinds made therefor.

A motion was made and agreed to that the Council adjourn to meet on Tuesday evening next to take into consideration the ordinances, and continue to meet every evening thereafter until the whole business is dispensed with.

Mr. Stall called for the reading of the ordinance relative to the wearing of badges by our constables. Agreed to. After considerable discussion thereupon relative to the proper construction of said ordinance, a resolution was adopted appointing the six ward constables policemen without salary.

Y. M. C. A.—The regular monthly meeting of the Young Men's Christian Association will be held this (Tuesday) evening at 7 1/2 o'clock, at the room of the association.

PICKPOCKETS ABOUT.—A man had his pocket picked of a watch while standing in the crowd at the lower end of the depot yesterday.—The thief managed to elude the vigilance of the police.

TOTAL ECLIPSE OF THE MOON.—A total eclipse of the moon, visible throughout the United States, occurs on the night of Wednesday, the 11th inst. The duration of the whole eclipse will be three hours and seventeen minutes, and during sixty-two minutes the moon will be wholly immersed in the shadow of the earth. The eclipse will begin here about midnight and end at 8:15 A. M.

ARREST OF RUNAWAYS.—Two girls, between fifteen and eighteen years of age, were arrested at the depot of the Pennsylvania railroad yesterday charged with having run away from their parents who reside in Pittsburg. The girls were quite prepossessing in their appearance, and didn't seem to like their detention. They were sent back to their parents in charge of an officer.

COMPLIMENT TO A HARRISBURGER.—There will be an interesting occasion next Friday a week at that popular institution, "the White Hall Academy," and Col. A. J. Herr has been selected as the orator. The well deserved reputation of this gentleman as a speaker and scholar, will be fully maintained.

MUNICIPAL OFFICERS ON THEIR TRAVELS.—Both branches of the City Council of Baltimore and several members of the Board of Trade arrived here at noon yesterday, via the Northern Central railroad, on an excursion to Pittsburg, Chicago, Detroit and other places of note, North. Extensive arrangements have been made all along the line to greet the excursionists with true Northern hospitality. The excursionists will be absent about ten days.

A SINGULAR AND STARTLING FREAK of the lightning was noticed in the Susquehanna Company's telegraph office in this city and the connecting battery at Dauphin, on Friday afternoon last. About 2 o'clock, P. M., when there was no appearance of a storm either in this city or at Dauphin, the magnet connected with the battery in this city was completely shattered and melted, while the operator on the Dauphin battery received a severe shock. Will some of our telegraphers or scientific men explain?

DR. ALEXANDER SMALL, a much respected and influential citizen of York, Pa., died on Saturday evening last, after a painful illness of several months duration, aged about 60 years.—Dr. S., was for a number of years past a prominent business man, and a director of the Northern Central Railway, and extensively engaged in the iron-founding and flouring business, and was probably one of the most liberal and enterprising citizens of the borough and county, in which he was so widely known and universally respected. His patriotism knew no bounds when the war-cloud of rebellion first boomed up in the Southern horizon, and many a brave fellow in the 87th Penn's, (Thos. A. Scott's Regiment,) in the formation of which Dr. Small lent a ready hand and willing heart.—Will learn with deep regret of his journey to "that bourne from whence no traveller returns."

DR. S., we believe was a bachelor. In his intercourse with the world, he was generous, affable and universally respected—a friend to the poor, and man of extraordinary enterprise and industry. In his demise, our neighboring borough of York has sustained an irreparable loss.

WOUNDED SOLDIERS AT CAMP CURTIN.—The War Brought to our Doors.—The hospitals at Camp Curtin now contain a large number of soldiers, from which daily discharges are made, as well as others daily added, so that the number is always sufficient to keep the surgeons and nurses in attendance actively engaged. None of the cases now in the hospital are very serious or of a character to demand amputation or surgical attendance, yet all are in a condition to require the utmost care and the kindest nursing to insure their recovery. During a late visit to these hospitals, we found the arrangements for the care of the wounded of the most liberal and comprehensive description. The hospitals are constructed entirely with a view to comfort. The internal arrangements are founded on the principle that cleanliness is the essential influence in the restoration of health, and without it, no ailment, wound or bodily affliction can be combated, healed or removed. Every patient occupies a couch provided with every comfort—his person is at once secure from exposure and his body provided with every facility to insure its care and cleanliness. These arrangements are the result of a strict enforcement of the rules established by Surgeon Wilson, in charge of the hospital, and are as much a credit to his skill and attention, as they are an honor to the liberality and thoughtfulness of the authorities by whom they are provided.

We learn from some of the nurses and surgeons in attendance, that a contribution of oranges and lemons would be gratefully received by the soldiers thus confined. We make the suggestion, confident that a knowledge of the fact among the people of this city is all that is necessary at once to insure a supply of the want.

[COMMUNICATED.] MIDDLETOWN, PA., June 6, 1862. Geo. Bergner, Esq.—Dear Sir: As our worthy townsman, A. WITTING, has been named as a suitable person to represent this district in Congress, by persons living at a distance from his place of residence, and as we have no doubt he will be very strongly endorsed at the convention which will shortly assemble, to select candidates that will carry out the principles of the present administration, we citizens of Middletown, knowing his worth, and knowing that his name has been made use of without his knowledge or consent, have thought it very proper that we should express our feelings in some public manner, and knowing the circulation your paper has in this district amongst all good Union-loving men, we ask you to do us the favor to give this room in your paper.

We, the citizens of his home, adopt the suggestions which have appeared heretofore in the Harrisburg Telegraph, recommending our neighbor A. Witting, as a candidate for Congress, as worthy and fit to represent us. His noble and patriotic heart has long been convinced of the eminent fitness of the man for the place. With talents of a high order, he combines a sound and discriminating mind and quick perceptions. He has long since convinced persons in this neighborhood that he has the energy to accomplish that which he undertakes. He is frank, open and generous, almost to a fault, of very decided opinions, yet modest and unassuming. Enemies such a man naturally has not. What person of his sterling worth has not? And who do you find the enemies of such men as he? Neither good, nor bad, nor intelligent nor the poor will be found amongst them, we are sure. He is just the man for the times. A working majority of such men in Congress would make the third house a dead letter, and administer such a rebuke to them that they would give up in despair. His honesty is unquestioned and above price. He has the respect of all classes—the mechanic, the laboring man and the poor will always be for him. As to his principles—the principles which you advocate to day in your paper—he has advocated for twenty years, showing a foresight of which every man is proud. He has never sought nor desired office, although he has ever been found at his post battling in the front ranks to convince others of the mismanagement of the so-called Democratic party; but has always sought to exemplify the doctrine that the office should seek the man, and not the man the office; and upon this principle only would he accept a nomination. We know that the name of ARCHIBALD WITTING, as our candidate, would make the opponents of the administration in this vicinity beat a retreat as we hope the friends of some of them will be compelled to do before long. Hoping that what we have written may be appreciated by an intelligent community to its fullest extent, we are conscious that in our communication we have avoided misrepresenting, and do represent the true feelings and views of all true friends of the country, in Middletown and surrounding townships, where Mr. WITTING is so well known.

FOUND.—On Saturday night, when on our way home, after the toils of the week had ended, our foot struck an object; and in taking it up, we discovered, (as Professor Drake would say,) that your uncle had fallen down on a pocket book. Upon examination, we found it contained a Lady's neck chain, ring, breast pin, stud, pencil, and a medal upon which is the likeness of James Buchanan; all of which articles the owner can have by calling at the cheap dry goods house of GUNCK & BOWMAN, corner of Front and Market streets.
