Dr. Johnson,
Member of the Royal College of Surgeons, London, Graduate from one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the bespitals of London, Paris, Philadelphia and alsewhere, has effected some of the most astonishing our esthat were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmod at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

Take Particular Notice.

Take Particular Notice.

Dr. J. addresses all those who have injured themselves by improper fixulge oce and solitary habits, which roin both body and mind, unfitting them for either business, study, society or marriage.

These are some of the sad and melancholly effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Moscular Power, Paloitation of the heart, Dyspepsy, Norvous Irratibility, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &co

MENTALLY.—The fearful effects on the mind are much to be dreaded—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forbodings, Averson to Society, Self Distrust, Love of solitude, Timidity, &c., are some of the evils produced.

Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of consumption.

Who have injured themselves by a certain practice in dulged in when alone, a habit frequently learned from evil companions, or at sohool, the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons must, before contemplating

Marriage,

reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pligrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholly ref. citon that the happiness of another becomes blighted with our own. Disease of Imprudence.

Disease of Imprudence.

When the mi-guided and imprudent votary of pleasure inds that he has imbibed the seeds of this painful disease, it too often hapens that an til-timed sense of shame or dread of discovery, deters him from applying to those who, irom a lucation and respectability, can gione befriend him, dolaying till the constitutional symptoms on this horr of disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of signt, dealness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with irightful rapidity, till at last the palate of the mouth or the bones of the nose fall is, and the victim of this awful disease become a horrid object of commiseration, till death purs a period to his dreadful sufferings, by sending him to "that Urdiscovvered Country from whence no traveler returns."

It is a metancholly fact that thousands fall victims to this terribic disease, owing to the unskilluliness of ignorant pretenders, who by the use of that Deadily Poston, Mccury, ruin the constitution and make the residue o lite miserable.

### PROBABLE: ATTACK ON GAL-VESTON.

## DEMAND FOR THE SURRENDER OF THE CITY.

From the Memphis Avalanche

The following relative to the Federal demand for the surrender of Galveston, Texas, we find in the Houston *Ielegraph* of the 28d ult: In order to allay excitement and prevent unfounded rumors gaining currency, we have obtained the following from official sources: Saturday morning the frigate Santee had a white flag up as a signal of a desire to communicate with the shore. During the day a messenger came ashore bearing the following

"U. S. FRIGATE SANTER. "OFF GALVESTON, TEXAS, May 17, 1862." 'To the Military Commandant commanding Confederate Forces, Galveston, Texas:

"SIR:-In a few days the naval and land forces of the United States will appear off the town of Galveston to enforce its surrender. To prevent the effusion of blood and destruction of property which would result from the bombardment of your town, thereby demand the surrender of the place, with all its fortifications and batteries in its vicinity, with all arms and munitions of war. I trust you will comply with this demand.

"I am, respectfully, etc. HENRY EAGLE, Captain commanding U.S. Naval Force of Galveston, Texas."

The bearer of the above message stated that an answer could be made any time within twenty-four hours. Owing to the wires being down during the day, this message was not belegraphed up till in the evening. This morning Gen. Hebert has instructed

A Federal brig-of-war has arrived to day, and is now lying at anchor with the Santee.

The foreign consuls have communicated with the captain of the Santee, with a view of fixing upon some point that might be respected in the bombardment, as a point of refuge for foreign subjects. The following is Capt. Eagle's reply to them:

# XXXVIIth Congress--First Session.

WASHINGTON, June 12.

Mr. LATHAM, (Cal.,) called up the resolution to admit the gentlemen claiming to be Senators from Descret to the floor of the Senate. Laid

Mr. Davis, (Ky.,) offered a resolution relating to Gen. Buckner. The preamble sets forth that he seduced the State Guard of Kentucky and committed treason, and was under indictment for treason against the United States in the District Court of Kentucky; therefore,

Resolved, That the said Simon Bolivar Buck

ner ought to be transferred to the civil authorities of the United States, to be tried for treason, whereof he stands indicted.
On motion of Mr. LATHAM, the resolution

was postponed till to-morrow.

Mr. Wilson, (Mass.,) introduced a bill supplementary to the act for the release of certain persons held to service or labor in the District of Columbia. Mr. HALE introduced a bill to repeal the acto prevent and punish frauds on the part of of-ficers entrusted in making contracts for the

Mr. Saussury offered a resolution calling on the Secretary of State to inform the Senate what amount of money was paid to Maine and Massachusetts for yielding to the Ashburton treaty, and what has been done with the money stipulated to be paid for certain lands taken by Great Britain; and if the same has not been

paid, why not adopted?

The bill for the relief of Lieut. now General Ulysses S. Grant, was taken up and passed. On motion of Mr. LATHAM the Pacific railroad

bill was taken up. Mr. Latham proceeded to speak in favor of the passage of the bill.

He said the bill before the Senate was in its provis jectionable features. It provides for a road 2,425 miles in length, and for a loan on the S. S. Moore, of Allegheny, company E, 61st oredit of the government of sixty-five millions in bonds running thirty years, and the grant of a certain amount of public lands. The Pennsylvania, right leg.

J. Gallagher, of Pittsburg, company E, 51st

amount of public lands granted was greatly smaller in comparison on the amount granted to other roads. If the passage of this measure would in any way embarrass the government in these troublesome times, he would not in the name of his people ask the Government to move one step towards the building of

this road. The State of California was loyal to the Government, and would continue to be true to the Union and be the last State to do anything that would have the least tendency to embarrass the Government, but in fact the passage of this bill can have no effect but a beneficial one. The bonds of the government will not be due for thirty years, and it has been abundantly shown that the road must be profitable and realize. The government will never have to pay a cent. There could be no reasonable objection to the passage

of the bill. The Senate proceeded to the consideration of the amendments of the special committee. The first amendment being to change the Western terminus from the 102d degree, lon-

gitude, to the 00 degrees.

Mr. TRUMBUL said he had great doubts about such an amendment. It raised the very serious question of the right of the government t build a road in the limits of a State.

HOUSE OF REPRESENTATIVES. The House passed the Senate bill defining the pay and emoluments of certain officers of the army with amendments, one of which em-bodied Mr. Arnold's bill to give citizenship to all volunteers who serve and are honorably discharged on proving one year's residence, and another to punish fraudulent contractors by trial by court martial with fine and imprisonment, and to bring all contractors unde the articles of war.

After debate it was deemed that this mode of punishment would be more prompt than in the civil courts, and it was unanimously adop-It was in effect the proposition heretofore

introduced by Mr. Colfax.

The House also passed the Senate resolution regulating the employment of convicts in the District of Columbia for their improvement and benefit. The section for the discharge of soldiers con-

fined therein under sentence of court martial was stricken out, as the Committee on the Judiciary will probably to morrow report a specially for this purpose, and to prohibit the incerceration of such persons in future.

New Bridge Va., May 81, 1862. Excellency, A. G. CURTIN, To his Excellency, A. G. CURTIN,
Governor of the State of Pennsylvania:

I have the honor to report to you as the Governor of the State of Pennsylvania, the active duty my Regiment has been doing, knowing you would likesto know what all your Pennsylvania Regiments in the army of the Potomac are doing in the way of active service.

information Gen. Porter ordered us to destroy

On the morning of the 24th, the squadrons that were on picket were ordered to move towards Hanover Court House, and feel the enemy, which we did at day break, and found their first picket about five miles from Hanover Court House, which our advance guard drove in, as well as all their other pickets, to within three miles of Hanover Court House, where they found the enemy were in such strong numbers, they halted and returned to the re-giment. This word was reported to Gen Por-ter, who concluded to send a force up and cap-

ture them if possible.

On the morning of the 27th we moved towards Hanover Court House, on the right to attract the enemies attention, while Gen. Porter brought his force up on the lelt and rear, the success of which you of course know.

the success of which you of course know.

The regiment was under fire here, and all the officers and men behaved most gallantly. They followed up the retreat of the enemy, They followed up the retreat of the enemy, and captured 80 men and two commissioned officers, and also burned the bridge on the Pamunkey to the rear of Hanover Court House.

On the morning of the 80th we were ordered to send three squadrons to make a reconnoisance towards Ashland, and burn the bridge over the railroad at that place, if the enemy were not too strong. We found several of their cavalry pickets along the road, which we drove in before us. We captured eight men and horses, belonging to the Fourth Virginia Cavalry, and entered Ashland without any resistance, the enemy having left for Richmond by railroad the night before. We burned the bridge here as directed, and returned to our camp, where we found orders to move to New camp, where we found orders to move to New Bridge and join the reserve brigade of cavalry.
The ten days's sout was a very hard one, during which time we had killed and maimed, thirty-four horses. We did not loose any men.

### Yours, most respectfully, RICHARD H. RUSH Colonel 6th Pennsylvania Cavalry, Lancers.

Passed Through .- During the past week arge numbers of the sick and wounded soldier s attached to Gen. Banks' army passed through town en route for the various hospitals located in Philadelphia and Harrisburg, for their special accommodation. Gov. Curtin, by his untiring zeal in behalf of these suffering patriots, has merited the praise and confidence of the needle of the good old Company with of the people of the good old Commonwealth over which he has the honor of presiding. We understand that it is the intention of G Curtin to secure the large and commodious buildings at the Carlisle Springs for the pur-pose of accommodating a number of these unfortunate heroes with peaceful and quiet quarters. If this be correct, our ladies will no doubt be called upon to contribute to their comfort by rendering such aid as the circumstances will require. We are confident that the ladies of Carliele would leave nothing undone, as far as lies in their power, toward lieving suffering humanity; more especially, when the objects of their labor are the noble and self-sacrificing volunteers of Pennsylvania.
