HARRISBURG, PA.

Tuesday Afternoon, June 24, 1862.

NICHOLS & BOWMAN, GROCERS, corner of Front and Market streets, have just received another lot of prime sugars and other groceries which they are disposing of at regular war prices. Give them a call.

A COLORED girl, about sixteen years old, was arrested this morning by officer Cole, charged with the larceny of fifty-one dollars and fifteen cents from Elizabeth Baker, residing at Dr. Stine's, in Third street. In default of bail she was committed to prison by Alderman Kline. Forty dollars and ninety-four cents of the stolen money was recovered.

FOURTH IN THE UPPER END.—The preparations for the celebration of the Fourth in the Upper End have been quite extensive. The Odd Fellows and the citizens generally have made arrangements to participate. Col. A. J. Herr has been selected as the orator, and Wm. T. Bishop, Esq., will deliver an address in German. We have no doubt that the whole affair will pass off very well. The spirit of patriotism burns brightly in the Upper End.

THE FOURTH OF JULY.—At a meeting of the First City Zouaves, held last evening at the armory for the purpose of making arrangements to celebrate the approaching anniversary of American Independence, a resolution was passed inviting the Lancaster City Artillery Cadets, Col. Patterson's regiment at Camp Curtin, and the firemen of the city, to participate with them in the proposed demonstration. Bully for the Zouaves.

ARRIVAL OF MORE REBEL PRISONERS.—Fifty-seven rebel prisoners, captured by Gen. Fremont's division of the army in the Shenandoah Valley, Virginia, arrived here at 11 o'clock this morning via the Cumberland Valley railroad. They were guarded by a company of the 3d Wisconsin regiment, commanded by Capt. Hubbard, and in dress and general appearance, differed very little, if any, from the rebels who arrived here two weeks ago, whose imprisonment at Camp Curtin they, for the present, will share.

REMOVAL OF THE TREASURER'S OFFICE OF THE NORTHERN CENTRAL RAILROAD.—By a circular issued from the President's office of the Northern Central railroad company in this city, we learn that the office of Mr. John S. Leib, Treasurer of the company, will be removed, by order of the Board of Directors, from this city to Calvert station, Baltimore, on the first of July next, where all communications to him should after that date be directed. This office was originally located in Baltimore, and removed here shortly after the riotous proceedings in that city in April, 1861.

AMUSEMENTS.—We are promised any quantity of amusements this week. Carnross & Dixie's Minstrels give an entertainment at Brant's Hall next Thursday evening, consisting of songs, dances, burlesques, original jokes and beautiful ballads. Of course the company will draw a full house.

On Saturday the "gay and incomparable" Sanford returns to his Opera House in this city with a new company and any quantity of new songs, burlesques &c. He will only stay with us one night, having engagements to fill elsewhere.

THE GAIETY Concert Saloon advertised to be opened this evening, in the Exchange, Walnut street, will not be opened until Thursday evening.

HEALTH OF GOV. CURTIN.—False Report.—A rumor prevailed on the streets this morning to the effect that a telegraphic dispatch from New York had been received, setting forth that Gov. Curtin, who had been in that city for a week or more undergoing medical treatment, had taken a relapse, and that his life was despaired of by his physician. We could trace this rumor to no responsible source, and on inquiry we learned from the private Secretary of the Governor that no dispatch to this effect had been received either by the family of the Governor, or any of the officers connected with the State Government. The latest reliable information from his Excellency, and also his physician, assures us that there is no doubt of the ultimate recovery, and speedy return of Gov. Curtin to Harrisburg. We advise the public to place no reliance on any rumor which may be circulated in this connection, as we have it in our power to state the fact, should any change endangering the life of Gov. Curtin take place, while he is in New York.

CITY ORDINANCE RELATIVE TO BUILDING PERMITS.—The attention of the citizens of Harrisburg is particularly called to the following sections of an ordinance, passed in 1858 and 1861, and it is presumed that they will cheerfully comply with them without further notice:

WHEREAS, It has been represented to this council, that a large number of buildings have been erected within the borough during the present season, into which the Susquehanna water has been introduced without a permit, either for building or other purposes; therefore,

SECTION 1. Be it ordained by the Town Council of the borough of Harrisburg, &c., That hereafter any person or persons, intending to erect building, or buildings of any kind, requiring the use of the Susquehanna water, for mortar or plastering, or for any other purpose, without having first made application to the borough treasurer and obtained a permit, stating the quantity of stone or brick, or other materials to be used, and pay into the borough treasury the fee required for the use of the water for said purposes, he, she or they, so offending, shall forfeit and pay the sum of thirty dollars for every neglect, said fine to be recovered before the chief or assistant burgess, as other fines are by law recoverable.

SECTION 2. Be it also ordained, by the authority aforesaid, That hereafter the fee required to be paid to the borough treasurer for the use of the Susquehanna water for building purposes, shall be as follows, viz: For brick walls, six cents for every one thousand bricks, and twenty-five cents for one hundred yards for plastering; for frame buildings, twenty-five cents per one hundred yards for plastering, and the same rate for foundation walls, &c., as other buildings. Passed November 6, 1868.

THE 87TH PENNSYLVANIA VOLUNTEERS.—Squad Presentation.—The 87th Pennsylvania Volunteers, Col. Hay, commanding, which has for some time past been encamped on M'Kim's Hill, near Baltimore city, left yesterday morning for a more active field of labor. Since their encampment near Baltimore, the conduct of the regiment has been such as to make many warm friends, and elicit the good opinion of all the people in the neighborhood of the encampment. On Sunday afternoon, immediately before dress parade, Capt. Jas. A. Stahle, Company A, was presented by his company with a handsome sword. The presentation was made by Sergeant Sleymaker, and, through a complete surprise to the recipient, received with a graceful and appropriate speech. After the parade, the Zouave company attached to the regiment, performed the interesting drill peculiar to that class of troops, to the great delight of a large number of ladies and gentlemen who were visiting the camp.—The "Colder Fencibles," of our city, are attached to this regiment.

CAN SNAKES CHARM.—Altho' denied by many and doubted by more, we are inclined to answer the above in the affirmative, and from the following fact: A few days ago, while two young men of this place—in whose word we have the most implicit confidence—were gunning on the Blue mountain above this city, their attention was attracted by the unusual motions and callings of a pair of old robins. On looking around to learn the cause of their fright, they discovered a large snake, coiled up and perfectly motionless, with its eyes fixed on a young robin, some feet distant, which seemed to have lost all fear of its snakeship, or rather lost the power of flying from it, but instead, with wings extended and by short hops, was gradually nearing its deadly foe. This they watched until the bird had hopped to within four inches of the snake's head, when they, taking more interest in saving the life of a bird than in the settlement of this mooted question, killed the snake. It proved to be a black snake. We think the above proves conclusively that snakes have this power, at least over small animals.

ARRIVAL OF SICK AND WOUNDED BUCKTAILS.—Forty-six sick and wounded officers and privates of the Pennsylvania Bucktail and other regiments arrived here last night in charge of Surgeon S. D. Freeman, and are now comfortably quartered in the military hospitals in Camp Curtin.

The following is a correct list of the names of the sick and wounded derived from the surgeon in charge:

THE ALLEGED SURRENDER SPY.—The stranger arrested in Fourth street, back of the State Capitol last Sunday evening, charged with attempting to tamper with the rebel prisoners at Camp Curtin, noticed in yesterday's TELEGRAPH, had a final hearing before the Provost Marshal of the camp this morning.

It seems that the man is really what he represented himself to be, a Catholic priest, and has only been in this country from Ireland ten weeks. He landed in Canada, and came to this point from Cleveland, Ohio.

After a rigid investigation, the Provost Marshal concluded that the only offence of the prisoner lay in his imprudent expressions; and he was accordingly discharged with a reprimand, which will doubtless prevent him from committing a similar offence.

A MODEL ESTABLISHMENT.—Among the many improvements lately made in our city, to which we can point with pride as an evidence of prosperity and as a determination on the part of our business men, no longer to remain behind in the "light house," is the completion of Eby & Kunkle's large brick building at the corner of Market and Fifth streets, which is alike creditable to the owners and ornamental to that part of our city.

The building is not only one of the largest, devoted to the grocery business, outside of New York, but the stock challenges competition.—Without going into detail, we may safely say that the firm keep on hand everything usually kept in a grocery store, (liquors excepted,) and that they sell at very small profits. Their clerks are civil and accommodating, and have strict instructions under no circumstances whatever to misrepresent or take advantage of any customer. A general invitation is extended to the public to visit the new building and examine the extensive stock, whether they purchase or not.

DAUPHIN COUNTY UNION CONVENTION.—Agreeably to a published call, a number of the voters of Dauphin county, who are in favor of upholding and maintaining the supremacy of the Government, and aiding and sustaining the State and National Administrations in their determination to preserve inviolate the Constitution of the country, to secure the Union of the States, to enforce the laws of the land, and subjugate the traitors of this unholy rebellion at the cost of the treasure of our common country and the precious blood of our fellow citizens, met in Convention at the County Court House, in this city, at 2 1/2 o'clock, yesterday afternoon, for the purpose of selecting a Senatorial and two Representative delegates to the People's State Convention.

The Convention was called to order by Henry C. Alleman, upon whose motion J. C. Bomberger was appointed President, Isaac Mumma and Philip Irvin were chosen as Vice Presidents, and J. C. Kunkel and George Bergner, Esquires, as Secretaries.

Mr. Alleman moved for the appointment of a committee of five for the purpose of drafting resolutions expressive of the sense of the Convention, and presenting the names of three gentlemen to represent the meeting in a State Convention to be held in this city in July.

Mr. Kunkel submitted the following as an amendment: Resolved, That Daniel Kendig, of Middletown, and Daniel Keiser, of Wisconsin township, be and they are hereby appointed Representative delegates, and (with the concurrence of Lebanon county) John Adams Fisher, Esq., of Harrisburg, Senatorial delegate to the People's State Convention, to assemble in Harrisburg on Thursday, the 17th day of July next, "to nominate candidates for the offices of Auditor General and Surveyor General; and to take such measures as may be deemed necessary to strengthen the Government in this season of common peril to a common country.

Resolved, That the delegates hereby appointed be and they are hereby instructed to support Thos. E. Cochran, Esq., of York county, for the office of Auditor General.

B. F. Etter, Esq., moved to amend the amendment by striking out the name of J. A. Fisher, and insert the name of J. C. Bomberger.

The question was put, but pending a division, which had been called for, the matter was discussed by Messrs. Kunkel, Alleman and Etter, when the latter withdrew his former amendment to the amendment, and substituted the following in its place:

Resolved, That we, the people of Dauphin county in Convention assembled, hereby express our determination to uphold and maintain the unity of the States and the supremacy of the government throughout the length and breadth of the land; and that we shall aid and sustain the National and State Administrations in every effort made by them to preserve inviolate the Constitution of the country and to enforce the laws made in pursuance thereof.

Resolved, That we are in favor of a vigorous and earnest prosecution of the efforts now making for the suppression of the present infamous rebellion; and for the condign punishment of the leaders engaged therein; and are opposed to any measure which does not provide for such punishment.

Resolved, That we have undiminished confidence in the National and State Administrations and that the manner in which the various members thereof have severally discharged their duties, deserves and merits our hearty approval.

Resolved, That J. A. Fisher, Esq., be the Senatorial, and J. C. Bomberger and David Keiser, the Representative delegates to the People's State Convention.

Resolved, That the delegates thus duly elected to the State Convention be instructed to vote for Thos. E. Cochran, the present Auditor General, as he proved himself in said position a faithful, honest and efficient officer.

Pending the consideration of the amendment, Mr. Kunkel moved to postpone the further consideration of the subject, for the purpose of making a motion to the effect that a committee of two, to consist of Messrs. Shell and Fleming, be appointed, for the purpose of waiting on J. A. Fisher, Esq., and ascertain if he is willing to accept the nomination as Senatorial delegate to the State Convention.

The motion was agreed to; when Mr. Kunkel made the proposed motion, which was also agreed to; whereupon the Convention took a short recess.

After a brief absence the committee returned and reported that they had waited upon Mr. Fisher, who stated that if nominated as a Senatorial delegate, he would serve.

The question then recurring on the substitute offered by Mr. Etter, the matter was further discussed, when Mr. Etter moved that J. Adams Fisher be the Senatorial delegate, which was unanimously agreed to.

Mr. Etter moved that J. C. Bomberger and Daniel Keiser be the Representative delegates.

Mr. Kunkel moved to amend by substituting the name of Daniel Kendig instead of J. C. Bomberger.

The amendment was declared to be disagreed to; and the question recurring on the original motion.

A motion to adjourn was disagreed to.

After some further discussion, the members of the Convention proceeded to vote for representative delegates by tally, which resulted in the election of Messrs. Daniel Kendig, of Middletown, and Daniel Keiser, of Wisconsin, as Representative Delegates.

The Convention then proceeded to vote for the resolutions offered by Mr. Etter as a substitute for Mr. Kunkle's resolution, omitting the one in reference to the election of delegates, and passed the first three unanimously.

After the resolution instructing the delegates to support the re-nomination of Hon. Thos. E. Cochran.

Mr. A. C. Smith moved to amend by submitting the following as an additional resolution:

Resolved, That we, the Union voters of Dauphin county, in Mass Convention assembled, recognize the Jacksonian doctrine, that "to the victors belong the spoils," and we do hereby instruct our delegates to the State Convention to support only such candidates as will pledge themselves to practically carry out this doctrine.

Mr. Shell moved to amend by striking out both resolutions, and leaving the delegates to the State Convention, free from instruction.

Not agreed to. Mr. Alleman offered the following as a substitute for both the original resolution and the one offered by Mr. Smith.

The original resolution offered by Mr. Etter was also agreed to.

Mr. Philip Irvin offered the following, which was agreed to:

Resolved, That this meeting approve of the action of the County Committee had this day, in changing the place of holding the next Convention from Millersburg to Harrisburg.

The election of the delegates to the State Convention was then made unanimous; after which, the Convention Adjourned.

Notice to Absent Soldiers. Capt. Lane, U. S. Mustering and Disbursing officer in this city, has handed us the following for publication, which has just been received from the War Department. All absentees now in this city will take particular notice of its contents:

GENERAL ORDERS, No. 55. WAR DEPARTMENT, ADJUTANT GENERAL'S OFFICE, Washington, June 12, 1862.

I. Paragraph 1269 Army Regulations is hereby so modified, that Private Physicians, employed as Medical Officers with an Army in the field in time of war, may be allowed a sum not to exceed one hundred and twenty-five dollars per month, besides transportation to and from the field.

II. The certificates of discharge to be given by the Medical Inspector General, or any Medical Inspector of the Army, under the Act of May 14, 1862, published in "General Orders," No. 53, will be made on the printed forms for Certificates of Disability, prescribed by the Army Regulations. The Inspector giving the discharge will endorse it with his own certificate that it is granted upon his own personal inspection of the soldier, and with the soldier's consent; and for disability, the nature, degree, and origin of which are correctly described in the within certificate.

III. Each Medical Director must, under the orders of his Department Commander, regulate the distribution of the sick and wounded to the hospitals within the Military Department to which he belongs. When want of room in such hospitals, or the nature of the wounds or diseases of any invalids, require that detachments shall be sent beyond the limits of their departments, the Surgeon General will designate to the Medical Directors, either by general instructions, or specially by telegraph, to what points they shall be sent.

Officers, whose duty it may become to forward such detachments, will take care that no man except those provided with written passes from their hospital surgeon or the Medical Director, shall be allowed to go.

Furloughs will not be given by Captains of Companies or Colonels of Regiments on any pretext whatever. A furlough from such authority will not relieve a soldier from the charge of desertion.

Enlisted men absent from their regiments without proper authority, are in fact deserters, and not only forfeit all pay and allowances, but are subject to the penalties awarded by law to such offenders. No plea of sickness, or other cause not officially established, and no certificate of a physician in civil life, unless it be approved by some officer acting as military commander, will hereafter avail to remove the charge of desertion, or procure arrears of pay, when a soldier has been mustered as absent from his regiment without leave.

By application to the Governors of their States; or to any Military Commander, or United States Mustering Officer in a city, transportation can be procured to their regiments by soldiers who are otherwise able to join them.

Where no Military Commander has been appointed, the senior officer of the Army on duty as Mustering or Recruiting Officer in the place, is hereby authorized and required to act in that capacity until another can be appointed.

Under "General Orders," No. 35, it is the duty of Military Commanders to collect all stragglers and forward them to their regiments. To do this, they must establish camps or depots, under strict military discipline, and maintain sufficient guards to enforce this order.

Convalescents in army hospitals will be reported by the surgeons in charge to the Military Commanders to be kept at their camps or depots until they can be sent to join their regiments. To do this, they must establish camps or depots, under strict military discipline, and maintain sufficient guards to enforce this order.

Convalescents in army hospitals will be reported by the surgeons in charge to the Military Commanders to be kept at their camps or depots until they can be sent to join their regiments. To do this, they must establish camps or depots, under strict military discipline, and maintain sufficient guards to enforce this order.

Immediately after receipt of this order, each Military Commander will publish, three times, in some newspaper, a brief notice requiring all United States soldiers in that city and the country around, who are not under treatment in United States hospitals, to report themselves to him without delay on penalty of being considered deserters. In cases of serious disability from wounds or sickness, which may prevent obedience to this requirement, the soldier must furnish a certificate of a physician of good standing, describing his case, on which, if satisfactory, the Military Commander may grant a written furlough for not exceeding thirty days, or a discharge on the prescribed form of a certificate of disability, made out strictly according to the Regulations. But no discharges will be given on account of rheumatism, or where there is a prospect of recovery within a reasonable time.

Military Commanders may discharge men, at their own request, who exhibit to their satisfactory proof of their being paroled prisoners of war. To other paroled men they will give furloughs until notified of their exchange, or discharged from the service.

Military Commanders will report to the Adjutant General, monthly, the names, companies, regiments, and residences of all the soldiers furloughed or discharged by them; and forward, at the same time, the certificates of disability in case of discharge.

They will make timely requisitions for the blanks, and such other things as may be necessary for the proper execution of this order.

By ORDER OF THE SECRETARY OF WAR: L. THOMAS, Adjutant General.

OFFICIAL: GEO. D. RUGGLES, Assistant Adjutant General. j623-d3.

The Florence Nightingale of the Nursery. The following is an extract from a letter written by the Rev. C. W. Weiser, to the German Reformed Messenger, at Chambersburg, Pa. A BENEFACTRESS.

There is a woman in the public eye, whose name had all along been associated, in our mind with the "Yankee," "Quack" and "Humbug." But it is no longer, and we desire to wrest her name from all such suspicious association in all other minds. Whatever notions we may have of womanly delicacy and propriety, we will all admit, that woman alone is the Nurse—the cool Nurse—the best Nurse. Whether we shall have Female Physicians or not, is a question which must be decided by time and prudence, and not as a matter of taste. Pride, prejudice, caprice and custom, may as well behave themselves, for if there is really a want, there will also be a supply—if there be a calling, there will be a caller. Nature and common sense are always self-supplying, and though Art and Fashion may hinder they cannot prevent.

Mrs. Winslow does not want to treat you as a patient! Nor does she prescribe a regimen for your wives; but modestly appears as a messenger of health and happiness to your INFANTS in the cradle. Is there anything improper in that? A Nurse of "ten years" experience can boldly say what is or is not good for a babe—and ought to be listened to. God speed her, on her humble but happy mission. She is the most successful physician and most effectual benefactress our little one ever enjoyed—her doctoring patients never ceases. Just open her door for her, and Mrs. Winslow will prove the American Florence Nightingale of the nursery. Of this we are so sure, that we will teach our "Sussy" to say "A BLESSING ON MRS. WINSLOW" for helping her to survive and escape the gripping, colicking and teething sieges. We confirm every word set forth in the PROSPECTOR. Away with your "Cordial," "Paregoric," "Drops," "Laudanum," and every other "Narcotic," by which the babe is drugged into stupidity, and rendered dull and idiotic for life.

We have never seen Mrs. Winslow—know her only through the preparation of her "Scotch" Syrup for Children Teething. If we had the power, we would make her, as she is, a physical saviour to the Infant Race. j624-d6wit
