DR. JOHNSON WHOLESALE AND RETAIL

HAS discovered the most certain, speedy and effectual remedy in the world for DISEASES OF IMPRUDENCE.

RELIEF IN SIX TO TWELVE HOURS. No Mercury or Noxious Drugs. A Cure Warranted, or no Charge, in from one

to Two Days. Weakness of the Back or Limbs, Strictures, Affections of the kidneys and Blasder, Involuntary discharges, Impotency, General Debility, Nervousness, Dyspepy, languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dimness of Sight or Giddiness, Di sease of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowsla—those terrible disorders arising from the Solitary Habits of Youth—those seases and solitary practices more fatal to their victims than the song of syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

Young Men

Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an unimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to ecstasy the living lyre, may call with full confidence. Marriage.

as Married Persons, or Young Men contemplating marriage, being aware of physical weakness, organic debitity, deformities, &c., speedily cured.

He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician. Organic Weakness

namediately Cured, and full vigor Restored.

This distressing Affection—which renders: life miserable and marriage impossible—is the penalty paid by the victims of improper indulgances. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to dony that the power of procreation is lost sooner y those falling into improper habits than by the prudent Besines being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mindariae. The system becomes deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Indigostion, Constitution, I Debility, a Wasting of the Frame, Cough, Consumption, Decay and Death.

A Cure Warranted in Two Days. No Mercury or Nauseous Drugs, Dr. Johnson,

Member of the Royal College of Surgeons, London, Graduate from one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhers, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blashing, attended sometimes with der angement of mind

were cured immediately.

Take Particular Notice.

Dr. J. addresses all those who have injured themselves by improper indulge ace and solitary habits, which roin both body and mind, unfiting them for either business, study, society or marriage!

These are some of the sad and melancholly effects produced by early habits of youth, viz.: Weakness of the Back and Limbs, Palus in the Head, Dimness of Sight, Loss of Muscular Power, Paloitation of the heart, Dyspepsy, Nervous Irratibility, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c

MENTALLY.—The fearful effects on the mind are much to be dreaded—Loss of Memory, Confusion of Ideas, De-pression of Spirits, Evil Fornodings, Avers on to Society, Self Distrust, Love of solitude, Timidity, &c., are some

The evils produced.
Thousands of persons of all ages can now judge what is the cause of their decilining health, losing their vigor, is the cause of their decilining health, losing their vigor, and the persons and emaciated, having a becoming weak, pale, nervous and emaciated, having along appearance about the eyes, cough and symp

Who have injured themselves by a certain practice in dulged in when alone, a habit frequently learned from svit companions, or at school, the effects of which are nightly felt, even when saleep, and if not cured renders marriage impossible; and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain scoret habit. Such persons must, before contemplating

Marriage, reflect that a sound mind and body are the most necessary requisites to promote connubiat happiness. Indeed, without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; it he mind becomes shadowed with despar and filled with the meiancholly reflection that the happiness of another becomes bilghted with our own.

the meiancholly refiction that the happiness of another becomes bigated with our own.

Disease of Imprudence.

When the miguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often hapens that an ill-timed sense of shame or dread of discovery, deters him from applying to those who, from elucation and respectability, can alone befriend him, delaying till the constitutional symptoms on this horr d disease make their appearance, such as ulcerated sore throat, diseased nose, noctural pains in the head and limbs, dimesse of sight, deafness, nodes on the shin bones and arms, blothess on the head, face and extremities; progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease become a horrid object of commiseration, till death puts a period to his dreadful aufferings, by sending him to "that Undiscovvered Country from whether no traveler-returns."

It is a melancholly fact that thousands fall victims to this terrible disease, owing to the unskithliness of ignomity pretanders, who by the use of that Decally Poston, Mecary, ruin the constitution and make the residue o lite miserable.

Strangers.

Trust not your lives, or heatth, to the care of the many Unlearned and Worthless Pretenders, destitute of knowledge, name or character, who copy Dr. Johnson's adververtisements, or style themselves in the newspapers, regularly Educated Physicians incapable of Curing, they keep you trifling month after moath taking their filtry and potsonousness compounds, or as long as the smallest fee can be Ubtsined, and in despair, leave you with rulad heatth to sigh over your galling disappointment. Dr. Johnson is the only Physician advertising. His credential or diplomas always hangs in his office. His remedies or treatment are unknown to all others, prepared from a life spent in the great hospitals of Europe, the first in the country and a more extensive Private Practice than any other Physician in the world.

Mysterious Movements of the Enemy ARRIVAL OF GEN. PRICE AT RICHMOND.

HEADQUARTERS DEPARTMENT OF THE POTOMAC, Monday, June 23. The action of Col. Rufus Ingalls at the White House in causing the arrest of some fifty of the most prominent citizens remaining in the rear of our army is having a most salutary influence

on those who are suffered to remain. Ten arrests were made yesterday in the neighborhood of New Kent Court House and Charles City. The parties were sent to Fort

Monroe. A ride at sunrise this morning along the entire front of the Union lines found everything remarkably quiet, and every man at his post, ready for any emergency that might arise.

have been drawn in for half a mile, while at others they remain as usual. The ground vacated by the enemy is now

held by our own troops. The Richmond papers of to-day contain nothing of special interest except the arrival of Gen. Price.

No mention is made of the whereabouts of Beauregard's army. JUNE 24. - From the movements of the enemy last night, and the information received from a contraband, a general engagement was looked for this morning, and the troops were all under arms at daylight, and everything in readiness, but after a slight demonstration by the rebels, in which they found themselves promptly met at every point, they retired to

their old position. A terrible storm visited this section last night, lasting three hours. The wind blew a hurricane levelling the tents and trees in tall directions.

The Richmond papers complain of the large price paid for substitutes in the rebel army, many of whom immediately deserts. They mention instances where as high as seventeen and twenty dollars have been paid.
