BY TELEGRAPH.

From our Morning Edition. From Washington. FLAG-OFFICER DAVIS' REPORT OF THE WHITE RIVER EXPEDITION.

Later from Com. Farragut's Fleet. Full Particulars of the Fight at Grand Gulf. THE REBELS REPULSED.

WASHINGTON, June 26. Flag Officer Davis, in his official report concerning the expedition up White river, mentioning that, after the accident to the Mound City, the wounded men were shot by the enemy while in the water, and that the Navy Department and the country will contrast these barbarities of a savage enemy with the humane effort of our own people to rescue the wounded and disabled under similar circumstances in the engagement of the 6th inst.

Several poor fellows, who expired shortly after the engagement, expressed their willingness to die when they were told the victory was ours. Flag officer Farragut communicates to the Navy Department the report of an encounter between our gunboats on the Mississippi and the rebel artillery, in the vicinity of Grand Gulf, between Natchez and Vicksburg.

A boat sent down to bring up the coal vessels from near that point, discovered earth-works in the process of erection. The Wisshackon and Itata were sent down to attack them. They found a battery of rifled guns actually there erected, and a force of some five hundred artillerists ready to receive them. A vigorous fight ensued.

The Itata was struck twenty-five times and the Wisshackon seventeen times. They, however, lost but one man killed and six wounded. The fort being too serious an obstacle to have in the rear of our boats, Com. Palmer serving at that point decided to bring the remainder of the squadron down and break up the business before it became too formidable.

On the afternoon of the 18th inst. he dropped down abreast with the squadron and shelled the town for an hour, but they deserted their batteries, and, with the exception of a few rifle shots, manifested no resistance.

Com. Palmer says the heights were filled with riflemen, and if they give him any more annoyance he shall burn the town. The new gunboat Paul Jones, Captain Studman, having taken on board her armament and complement of seaman, left the Navy Yard yesterday afternoon.

The select committee appointed by the Speaker to whom all papers on file in relation to the construction of a ship canal around the Falls of Niagara are referred, consists of Messrs. Vanhorn, of New York, Blake, of Ohio, Mezzies, of Kentucky, Trawbridge, of Michigan, Rice, of Maine, Davis, of Pennsylvania, and Cravens, of Indiana.

Hon. Emerson Etheridge will deliver an oration from the steps of the Washington monument, Baltimore, on the 4th of July. Extensive preparations for celebrating the national holiday have been made by Union men of that city.

From Gen. McClellan's Army. The New Picket Lines held Undisturbed. ALL QUIET ALONG THE BANKS OF THE CHICKAHOMINY.

WASHINGTON, June 26. A dispatch received at the War Department this afternoon from Gen. McClellan states that the affair yesterday was perfectly successful—that we held the new picket line undisturbed and all is very quiet on the bank of the Chickahominy.

XXXVIIth Congress--First Session. SENATE. WASHINGTON, June 26. The usual ceremonies were proceeded with when evidence was taken to prove the disloyalty of the accused.

Mr. Jacob McGavitt, Isaac Lyton, John Hugh Smith, H. B. Scovill and Wm. G. Brownlow gave direct testimony to that effect. The President pro tem then put the question whether the accused was guilty of high crimes and misdemeanors, as charged by the articles of the impeachment of the House of Representatives.

Mr. SALTER said he should vote for the impeachment, on the ground that while holding the office of Judge of the United States, the accused assumed and acted as Judge of the Confederate States; but he, (Mr. Salsbury,) would not commit himself to any of the declarations or sentiments uttered by the managers on the part of the House or the Senate.

Mr. BINGHAM on the part of the managers, thought he should offer no more evidence, thinking the facts charged were abundantly proved, he should therefore demand of the House of Representatives, in the name of the House of Representatives and of the United States, whose liberties were so outraged by this reckless Judge, that a conviction be had of impeachment.

The accused was then declared guilty on the first article by the unanimous vote of thirty-one Senators present. Messrs. Bayard, Carlile, Johnson, Pearce, Rice, Simmons, Stark and Wilson, (Mass.,) were absent.

On the second article charging him for supporting and advocating the act of secession Mr. Browning voted not guilty—guilty 35. On the third article charging him with organizing an armed rebellion, the vote was guilty, 32—not guilty, Anthony, Fessenden, Foster and Harlan.

On the fourth article, charging him with conspiring to oppose by force the government of the United States, guilty 27, not guilty, 10: Messrs. Browning, Cowan, Harris, Henderson, Kennedy, Latham, McDougal, NeSmith, Ten Eyck, Wilson, (Mo.,) and Salsbury, excused. On the fifth article the vote was unanimous.

On the sixth article, on the specification charging him with the confiscation of the property of citizens not guilty, twenty four; guilty eleven. The court then took a recess till 4 o'clock. At 4 o'clock the court again met.

Mr. Foster asked the following question to be put to the court: Is the opinion of the court that West H. Humphrey be removed from the office of the District Judge for the District Court of the United States for the District of Tennessee? Mr. TRUMBULL moved to add that he be disqualified from holding or enjoying any office of honor, trust or profit under the United States.

Mr. TRUMBULL's amendment was then adopted, yeas 29, nays 10. Mr. DAVIS called for a division of the question. The first part of the question was then adopted, yeas 35, nays none.

The President, pro tem, then pronounced judgment. It is hereby ordered and decreed that West H. Humphrey's, Judge of the District Court of the United States, for the Western, Middle and Eastern District of Tennessee be, and is removed from said office, and that he be, and is disqualified from holding or enjoying any office of honor, trust or profit under the United States.

The court then adjourned sine die. HOUSE OF REPRESENTATIVES. When the members returned to the hall, Mr. FOSTER on the part of the managers, reported the proceedings and results of the high court of impeachment.

Mr. WALTON, (Vt,) raising to a question of privilege, caused to be read a communication from the N. Y. Tribune, entitled "The Intelligence Book Job," sent thereto by one of its Washington reporters. He thought it due to himself; having introduced the resolution to which reference, by one, who by courtesy, occupies a seat in the reporter's gallery. That charge made in that article should be investigated. He therefore offered the following:

Resolved, That the Committee on the Judiciary be and they are authorized to inquire by whom and on what authority such charge contained in article referred to has been made, and to make a thorough investigation as to their truth or falsity, and report all evidence to the House with the opinions thereon, and such resolutions as to them shall seem meet, and that said committee shall have power to send for persons and papers, and to report at any time.

The resolution was adopted; yeas 102; nays 8, namely: F. A. Conkling, Ely, Franchot, Frank, Lansing, Lovejoy, Trimble and Washburn. The House passed the Senate bill which provides for additional medical officers to the volunteer service.

The members again proceeded to the Senate by invitation of that body, to hear judgment pronounced in the impeachment case. After they returned therefrom, they adjourned.

VICKSBURG CONFESSED AS LOST.—The fall of Memphis is regarded by the *Whig* as fatal to Vicksburg. That paper of the 10th says: "The time is up—the die is cast, and the fate of Vicksburg is sealed. With the evacuation of Fort Pillow followed the fall of Memphis, after a gallant but unsuccessful defense above the city by our cotton fleet, under General Jeff. Thompson and Captain Ed. Montgomery. We had hoped that our government would hold the river above Memphis as long as we kept the enemy at bay here; but it has seen fit to do otherwise, and now the fate of this important stream is almost closed." We have confidence in the ability of our forces here to repel any attack of the enemy's wooden fleet from below, but we cannot expect them to successfully cope with a combined attack from above and below. All other towns on the river have fallen into their hands, and now their whole force will be concentrated here. Our city must, therefore, we think, soon fall into the hands of the enemy, and consequently it behooves the people to contemplate the realities around them.

THE PRESIDENT REQUESTED TO SEND HOME A REGIMENT.—At a meeting of the City Council of Cincinnati, held last Friday, the following was presented and unanimously adopted: Whereas, The Fifth Ohio Regiment, of this city, has been sadly decimated in battle, and by hard, long and fatiguing marches; and whereas, the gallantry, efficiency and heroic bearing of the regiment in the several battles in which it has participated, entitles its remaining members to the kind consideration of the Government; therefore, be it resolved, That the President of the United States and the Secretary of War be solicited to order the regiment to Camp Dennison, near this city for rest, and that the regiment may recruit its depleted ranks.

LUSUS NATURÆ.—A most extraordinary freak of nature may be seen upon the farm of Mr. Henry Bowman, about two and half miles from Hanover, York county. The object is a calf, apparently strong and healthy, but having three legs. The want of a limb is supplied at the shoulder, by something resembling a dog's paw, which it moves when walking precisely as it would the missing member. The calf is lively, well formed, rather handsome than otherwise, and with the exception which we state, entirely and as if no perceptible deformity.

REVOLUTIONARY PATRIOTISM.—There are only 62 revolutionary patriots alive, viz:—In Massachusetts 8, Maine 9, Vermont 8, Connecticut 2, New York 18, Pennsylvania 1, Ohio 4, Michigan 3, Illinois 1, Indiana 2, Wisconsin 1, Kentucky 1, Tennessee 6, North Carolina 3, Georgia 5, Missouri 1, Virginia 8, District of Columbia 1, Arkansas 1. There are none in the State of Rhode Island, New Jersey, New Hampshire, Iowa, Louisiana, Alabama, Florida, Mississippi, California or South Carolina.

THE Placeville (Chickahominy) *Republican* says that upwards of twenty-five hundred pounds of silver bullion have passed through that city within the week ending May 30th, from the silver mines of Washoe.
