It is not our purpose to refer to the great qualities of Mr. Cochran for the position which he has so successfully filled, and for the re-occupancy of which, after the expiration of his present term, he has been thus entitlestation of cally and unanimously nominated. The reputation he has made during the last year, is sufficient warrant of the success he will achieve differences of opinion, upon minor questions.

Gen. WILLIAM S. Ross, of Luzerne county, the candidate for Surveyor General, is one of the candidate for Surveyor General, is one of other and endeavor to narmonize. When the most reliable, upright, and patriotic men remarks I would suggest that it is now in order Theo. Strong, in the Commonwealth. His record is a chapter to make nominations for temporary secretaries. H. Young, A. B. Barlow, the discharge of the trusts heretofore reposed in of Lancaster, Linn Bartholomew, of Schuylhim by the people, and his position in this crisis, kill, and James M'Affee, of Westmoreland, proves the sincerity of the patriotic motives by which he is unquestionably prompted. Acting Convention. with the Democratic party until that organization became divided by the machinations and plots of men who were conspiring for the success of rebellion, clinging to that party until partisan ship became tatamount to treason, he threw off its yoke, and is now among the carnest and most prominent defenders of the Union. As such he has been presented to the people of Pennsylvania for election to an important state office, and as such too, his election will add to the ultimate triumph of the cause of the Union

IN UNION THERE IS STRENGTH.

In looking over the delegates to the Union Convention which assembled in this city today, we were struck with the combined respectability and talent which composed that assemblage, and the rare spirit of harmony which distinguished its deliberations. It was a gaththe times, and not merely a convention of men attracted to Harrisburg for the purpose of plotting and counterplotting to control the patrenage of the government. Such a work was accomplished by the Tory convention which disgraced this city on the 4th inst., so far as the nomination of a pair of demagogues and trick- Hall. sters was concerned, and it was reserved for the People's Convention of to day to put forth men and announce principles to counteract the influence and plans of the tory dough-faces, by setting the cause of the Union fairly before the people of Pennsylvania.

Prominent among those present who hereto fore gave strength, dignity and decency to the Democratic party, we noticed John C. Knox. Judge Knox was Attorney-General during the administration of Gov. Packer, and also formally one of the Judges of the Supreme Court. Among the men of ability of Pennsylvania, he has no superior for bold, outspoken independence and unqualling patriotism. John W. Forney was also present, taking an active part in the proceedings, and lending the great power of his experience and ability, in giving force to the principles enunciated by the convention, and character to the influence which these proceedings must undoubtedly exercise on the judgments and preferences of the masses of the state. John Rowe, than whom no more incorruptible or conscientious Democrat ever defended a principle, was present on this occasion, counselling the convention in the faith of his own immovable confi dence in the Union. Charles Schriner, one of the stalwart Democracy of Union county, who honored that party before treason tainted and graff: disgraced its organization, was also there, with Gen. George M. Lauman, and a host of other Union Democrats, sternly devoted to, and un- White. derstanding fully the patriotic purpose of asaisting to make the politics of Pennsylvania M. B. Müllin. Daniel Kaiser, Daniel Kendig. subserve the interests of the Union, instead of contributing to the success of the plans and ambition of politicians

From the action of this convention we date a glorious change in the politics of Pennsylvania, and we hall the union thus effected, as the harbinger of victory to the Right and peace to the country. It is not a union merely of projects, looking to the success of personal interests. It is not a union of parties, calculated to pander to the ambition of men. It is a union sug-Losseries S. P. NEW YORK. FROM

Arrival of the English-Confederate Prize Steamer Ann, with a Cargo of Arms and Munitions of War.

Parliculars of Her Capture Under the Guns of Fort Morgan.

Destruction of the Confederate Schooner Lady of the Lake, with an Assorted

Cargo, from Havana New York, July 17.

The prize steamship Ann, of London, arrived at this port yesterday from Key West, in charge

of a prize crew. On the 29th of June the United States steamer Kanawha cut out from under the guns of Fort Morgan, at the mouth of Mobile Bay, the above named vessel. She had run in during the night, and passed the blockading fleet. As it was a very dark night she could not be seen by our vessels. Lights had been kept burning on the fort all night, so that she had notrouble in finding the channel. The next morning she was discovered by the Susquehanua, within a half mile of the fort, unloading her cargo into a rebel steamer alongside. The Susquehanua, except and the the Kanahaw then got the man accompanied by the Kanahaw then got hanns, accompanied by the Kanahaw, then got under weigh and steamed within gun shot, and opened fire on the strange steamer. The fire was returned by the fort, and kept up for an hour on both sides. In the meantime the crew had deserted the strange steamer, owing to the shells from our vessels falling about her rather too thickly for safety. She was soon discovered to be adrift, and she dropped down with the current about a mile, when the Kanawha was or-dered to go in and bring her out, which she did in fine style, under a heavy fire from the fort, when she was boarded by acting master Partridge, from the Kanawha. She was found to be in a sinking condition, her injection pipe having been cut and the injection valve left open. The engine and fire room were soon filled with water; but as she was built in four water-tight compartments, and the communication between them not having been opened, cation between them not having been opened, only one compartment was filled. Turough the persevering efficies of the officers of the Susquehanna and Kanawha, the lack was stopped, and the water pumped out. She sailed from the mouth of Mobile bay on the 4th inst., and arrived at Key West on the 7th, where she lay two days taking in coal and having some repairs made. At five o'clock on the 9th, after taking in the mails, sailed for this port. Her cargo consists of guupowder, arms, cartridge boxes, coffee, tea, paper, &c.
