She has been well since then till last Satur day, while engaged in house eleaning, ahe took cold, had pain in her back, felt cold, hot had so desided chill. Two days later her ankles be-gan so swell, which was followed by swelling of the hore joints and of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is now fashionably called, rheumatic fever. It is a well remarked typical case. We will carfolly watch the case, and from time to time call your attention to the vari-ous symptoms which present themselves. My oblef object in bringing her before yon now, is to dail attention to a remedy which has recently been recommended in the insets of Theumatism. I mean propylomize. Dr. Awemarius, of St. Patersburg, recommends it in the highest terms, having derived great benefit from its use in 250 cases which came under his care.
