In the Name and by the Authority OF THE COMMONWEALTH OF PENNSYLVANIA,

ANDREW G. CURTIN, Governor of the said Commonwealth.

A PROCLAMATION. To sustain the Government in times of com-mon peril, by all his energies, his means and his life, if need be, is the first duty of every loyal citizen. The President of the United States has made

a requisition on Pennsylvania for twenty-on new regiments, and the regiments already in the field must be recruited. Enlistments will be made for nine months in the new regiments

and for twelve months in the old. The existence of the present emergency is well understood. No patriot will pause now to investigate its causes. We must look to the future. Everything that is gear, to us is at stake.

Under these circumstances I appeal with con-fidence to the Freemen of Pennsylvania. You "HIG'ILY CONCENTRATED" (UMP! Let those who cannot go the set of the basis ute to provide bounties, equal, at least, to those offered by adjoining States. The Constitution prohibits me from drawing money from the Treasury without authority of law, and I will not cast a doubt on the patriot-ism of our citizens by assuming the necessity of calling the Legislature at this time.

This is no time to wait for Legislative action and the negotiation of loans. Delay might be fatal. To put down this rebellion is the business of every man in Pennsylvania; and her citizens will show on this occasion that they do

not wait for the slow process of legislation, and do not desire to throw on the Treasury of the Commonwealth a burden which they are indi-vidually ready to bear themselves. The conduct of our men already in the field has shed immortal lustra on Pennsylvania. Let

their brethren fly to arms to support them, and make victory speedy as well as certain. I designate below the number of companies which are expected from the several counties
