DR. JOHNSON BALTIMORE

HAS discovered the most certain, speedy and effectual remedy in the world for DISEASES OF IMPRUDENCE. RELIEP IN SIX TO TWELVE HOURS.

No Mercury or Noxious Drugs. A Cure Warranted, or no Charge, in from one to Two Days.

Weakness of the Back or Limbs, Strictures, Affections of the hidneys and Bladder, Involuntary discharges, Impotency, General Debility, Nervousness, Dyspepsy, I anguor, Low Spirits, Confusion of Ideas, Palpitation of the Heart Timidity, Tremblings, Dinness of Sight or Giddiness, Discase or the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowles—those terrible disorders arising from the Solitary Habits of Youth—those secent and solitary practicas more latal to their rictims than the song of syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

Young Men

Specially, who have become the victims of Solitary
Vice, that dreadful and destructive habit which annually sweeps to an unimely grave thousands of Young
Men of the most exalted talents and brilliant intellect,
who might otherwise have entranced listening Senates
with the thunders of eloquence or waked to costary the
living lyre, may call with full confidence.

Marriagore. Marriage.

Married Persons, or Young Men contemplating marriage, being aware of physical weakness, organic deblity, deformities, &c., speediy cured.

He who places himself under the care of Dr. J. may religiously confide in his bonor as a gentleman, and confidently rely upon his skill as a Physician.

Organic Weakness

ramediately Cured, and full vigor Restored.

This distressing Affection—which renders it is miserable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. New, who that understands the subject will pretend to cony that the power of procreation is lost sooner by those falling into improper habits than by the prudent Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervious Irratibility, Dyspepsis, Palpitation of the Heart, Indigestion, Constitutional Bebility, a Wasting of the Frame, Cough, Consumption, Becay and Death.

A Cure Warranted in Two Days. No Mercury or Nauseous Drugs,
Dr. Johnson,

Member of the Royal College of Surgeons, London, Graduate from one of the most eminent Colleges in the United States, and the greater part of whose hie has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asteep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

Take Particular Notice.

Take Farticular Notice.

Dr. J. addresses all those who have injured themselves by improper indulge ce and solitary habits, which roth both body and mind, unlitting them for either business, study, society or marriage.

These are some of the sad and melancholly effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Palus in the Head, Diamess of Sight, Loss of Muscular Power, Palpitation of the heart, Dyspepsy, Nervous Irratibility, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.*

MRTALLY.—The fearful effects on the mind are much to be dreaded—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forbulings, Avers on to Society, Self Distrust, Love of solitude, Timidity, &c., are some of

the evils produced.

Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, singular appearance about the eyes, cough and symptoms of consummion

Toung Men

Who have injured themselves by a certain practice in dulged in when alone, a habit frequently learned from evit companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body,

marriage impossible, and destroys both mind and body, should apply immediately. What a pity that a young man, the hope of his courtry, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons Musr, before contemplating

Marriage,
reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pligrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholity refi ction that the happiness of another becomes blighted with our own.

When the miguided and imprudence.
When the miguided and imprudent votary of pleasure ands that he has imbite the seeds of this painful disease, it too often hapens that an ill-timed sense of shame ad of discovery, deters him from applying to the who, from elucation and respectability, can alone be friend him, delaying till the constitutional symptoms of triend nim, densying the deconstructions symptoms on this horr disease make their appearance, such as ul-cerated sore threat, diseased tose, nocturnal pains in the bead and limbs, dimness of sight, desiness, nodes on the shin bones and arms, blotches on the h ad, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease become a horrid object of commisseration, till death puts a period to his object of commiseration, till death puts a period to his dreadful sufferings, by scading him to "that Urdiscovvered Country from whonce no traveler returns."

It is a melancholly fact that thousands fall victims to this terrible disease, owing to the unskilluliness of ignorant pretenders, who by the use of that Deadly Poison, Mercury, ruin the conslitution and make the residue of life miserable.

Strangers.

Trust not your lives, or health, to the care of the many Unlearned and Worthless Pretenders, destitute of knowledge, name or characier, who copy Dr. Johnson's adververtisements, or style themselves in the newspapers, regularly Educated Physicians incapable of Curing, they keep you trifling month after moath taking their filthy and poisonousn'ss compounds, or as long as the smallest see can be obtained, and in despair, leave you with ruined health to sigh over your galling disappointment.

Dr. Johnson is the only Physician advertising.

His credential or diplomas always hangs in his oilice. His remedies or treatment are unknown to all others, prepared from a life spent in the g-eat hospitals of Europe, the first in the country and a more extensive Private Practice than any other Physician in the world.
