ENLISTMENTS IN PENNSYLVANIA. WAR DEPARTMENT, Washington, July 28, 1862.

His Excellency, A. G. CUETIN,

Governor of Pennsylvania:

Sir:—1 have been directed to advise you that the system of enlisting recruits for nine and twelve months, adopted in Pennsylvania, has produced great dissatisfaction in other States, which have confined themselves to en-

listments for three years or the war.
This system, as you are aware, was adopted without any intention on the part of your Excellency or of the General Government to make an unfair distinction between the States. The War Department entertains an earnest desire to act in entire harmony with the State desire to act in entire harmony with the State Covernments, and a strong sense of the earnest and efficient aid which it has always promptly received from your Excellency; and it is only because the Department is fully satisfied of the inexpediency of short enlistments; the impossibility of extending the system to other States, and the justice of the complaints already adverted to, that a change is proposed in Pennsylvania.

Hence the Secretary of War is compelled to ask your Excellency to change your system of recruiting and let your regiments go to the field on an equality, in every respect, with those from other States.

The mustering officer will continue to muster

On Friday evening the rebels crossed over the river a little above Harrison's Landing, and took a captain off of a schooner and burned the schooner, and then went and drove away five hundred cattle belonging to the army of the Potomac, and these cattle were said to have been at least a mile within our picket lines. Owing to this loss, no beef could be obtained at Harrison's Landing for those on board the State of Maine.

The city of Richmond is in a very bad condi-tion, great care having been taken of the clean-liness of the streets. The filthiest parts of the city is said to be the tobacco store houses, which other States.

THE FREQUENCY OF DESERTION FROM THE REBE BANKS.

[From the Richmond Examiner, July 22. There are a number of people in the South who are detained from active participation in the war by the confines of age or family. this community are almost incredible. A single instance may serve as an illustration. Through the active and enlarged exertions of the Govment Clothing Bureau in this city, contracts have been made with a number of mills in the south by which it has been agreed that they shall furnish supplies for the army at stipulated prices. Some days ago an officer purchased at this Bureau for his use a piece of cloth at two dollars and fixty cents a yard. This, the Gov. ernment price, was largely remnnerative to the manufacturer; it paid him a considerable profit, and he was satisfied to obtain that without grasping for the uttermost gains of avarice and extortion. The price of the same style of cloth, manufactured at our doors in Richmond, was inquired at stores on Main street; the reply was, sixteen and eighteen dollars a yard. THE YANKEES AND THE NEGROES.

From the Richmond Dispatch, July 18.

It appears from statements in the northern newspapers that M'Clellan proposes to employ negroes to perform the hard labor on his fortifi cations, with a view to save his troops from the perils of sunstroke. This is the sort of freedom the deluded slaves enjoy when they get into the clutches of the abolitionists. REPUREED MASSAGRE ON BOANOKE ISLAND. It is believed in Eastern North Carolins that an insurrection has taken place among the several thousands runaway negroes on Roanoke island. It is said that, becoming dissatisfied with the harsh treatment experienced at the hands of their new masters, they took advantage of an opportunity presented while the Yankees were at dinner, and seized the stacked arms, fired into them and killed several. The Yankees, recovering from the panic into which they were at first thrown, retook their guns and slaughtered almost every negro on the Island.

The Enquirer, of the same day, contains the following: We learn by a gentleman from North Carolina that the Yankees forces on Roanoke Island having become very oppressive in their measures towards the negroes in their employ, the latter, a few days ago, rose upon the Yankees and killed a large number of them.
