HARRISBURG, PA. Wednesday Afternoon, July 31, 1862.

WENT INTO CAMP. -The First City Zouaves, Capt. Awl, went iute Camp Curtin this morning, where the company will remain for drill until attached to a regiment and marched off to the seat of war. The Zouaves are a fine looking set of young men, and we anticipate for them a brilliant career.

vate. A son of Gov. David Tod, of Ohio, has done the same thing. All over the States the best classes of young men-graduates of colleges and academies-sons of substantial farmers, honorable mechanics, are coming forward and placing their names on the roll of heroes.

WENT TO MIDDLETOWN .- A large number of our citizens, including many ladies, left town this morning to participate in the pic-nic of the Good Will fire company, which came off to-day, in Fisher's woods near that ancient borough The locality is a very fine one, and we have no doubt the fire laddies with their guests enjoyed themselves finely.

A Suggestion.—It has been suggested that in view of the times and the necessity of the people being prepared for any and every emergency. that each of the wards and townships form within their limits military organizations for the purpose of drilling and acquiring general military knowledge, and that one afternoon of each week nanc of our government, are blessed with the be fixe i for the purpose of taking practical lessons upon the subject. The plan strikes us as a good one and every ward and township should at once adopt it. Let the thing be started.

EQESTRIANISM .- Lady eqestrianism, always popular in our city, appears to have become eminently so this summer, if we may judge from the frequency with which we observe bestowing its blessings on those who are strivswaying riding skirts, jaunty jockey hats, and ing to maintain it? streaming vails, all driven by the power of horse flesh, are seen in our streets. The custom is a healthful, inspiring and pleasant one, than which, if not indulged to excess, nothing is better adapted for physical development, and to give tone and strength to weak nerves and tender lungs, to which ladies especially are so subject and liable.

ONLY Ten DAY'S LEFT .-- After the tenth of Auwill not be allowed. Hence no new authorizatest by his friends: tions to recruit men for nine or twelve months' service will be issued. Before the tenth of August, all officers engaged in recruiting for the are now at Waterloo, about eight miles from J. Heiseley, above terms are to report their squads. Those who have enlisted for nine or twelve months may change their term to three years or during the war. Thus it will be seen that those engaged in raising companies in this city have just ten working days left in which to do it. Those who do not enlist and be sworn in before that time must volunteer for the war or take their chance of being drafted. This order will bring matters to a point at once; but we have now no doubt that the quota of this county will be full

STATE EDUCATIONAL CONVENTION. -- The attempt made last November, by a meeting of representative of all our literary institutions in the Senate chamber in this city, was successful beyond among those whom he loves is as much an extra description. The detailed plan of business may be found in the July number of the Pennsylvania School Journal.

The Pennsylvania, the Reading, the North Pennsylvania, the Sunbury and Erie, the Northern Central and other railroad companies, will issue excursion (half fare) tickets, for the whole of next week, and no doubt every railroad in the State will do the same. Persons attending the Convention will be entertained by our liberal hotels at moderate rates.

NORTHERN CENTRAL RAILWAY. - Recently the plated to be laid down, nor the expense of lay-City Council of Baltimore passed an ordinance providing for the completion of the Northern Central Railway to tidewater, coupled with certain conditions which have heretofore been noticed. The wheat crop has bee a safely harvested, and was never better, take the country through. Corn is promising finely; and of fruits there never was a better prospect. Prices are reasonable—not too low for the producer, nor too high for the brought this war upon the country for the purpose of overthrowing and destroying the government are compelled to pay most exorbitant prices for the actual necessaries of life, and in many cases are suffering from want of food while their country is desolated and the business of their towns and cities destroyed, we who are laboring and fighting for the maintegreatest abundance of everything, our fields are richly laden with bounteous crops, and the business of our towns and cities scarcely feels, as yet, any inconvenience from the war. Is there not something more than accident in all this? Is not the same beneficent hand that strengthened and guided the patriot fathers in the establishment of this government now

Professors in the Theological Seminary, Princeton, N. J.

I have for several years been intimately acquainted with the Rev. Thomas W. Cattell. He has had charge of two of my sons, and I can safely say I have never known any one in whose fidelity and devotion to his pupils, I have equal confidence. He is a good scholar and a successful teacher. I know no one who has a greater facility in gaining the love of his scholars or who exerts over them a better influence.

I am aware of the responsibility in specking in such terms of commendation of a teacher; but I am stisted I am doing nothing but simple just or to an excellent man, in using the language which I have here employed.

CHARLES HUDGE.

I have great confidence in the Rev. Jas. P. Hughes, as a teacher, both in his appress to give instruction, and his tact in the administration of discipline. I have had two sons under his care, and from the most careful observation I am free to recommend the Fdgehill school as one of safe and thorough instruction.
