DR. JOHNSON'S BALTIMORE LOCK HOSPITAL!

HAS discovered the most certain, speedy and effectual remedy in the world for DISEASES OF IMPURITUDE. RELIEF IN SIX TO TWENTY HOURS. No Mercury or Noxious Drugs. A Cure Warranted, or No Charge, in from one to Two Days.

Weakness of the Back or Limbs, Strictures, Affections of the Kidneys and Bladder, Involuntary discharges, Impotency, General Debility, Nervousness, Dyspepsia, Langor, Low Spirits, Confusion of Ideas, Irritability of the Heart, Trembling, Dimness of Sight or Sightlessness, Diseases of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those troubles which arise from the Solitary Habits of Youth—those secret and solitary practices more fatal to the victims than the song of yore to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

Young Men. Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant talents, who might otherwise have entranced listening Senates with the thunder of eloquence or waked to ecstasy the living lyre, may call with confidence.

Marriage. Married Persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured. Who places himself under the care of Dr. J. may rely upon his honor as a gentleman, and confidently rely upon his skill as a Physician.

Organic Weakness. Immediately cured, and full vigor restored. This distressing Affection, which renders life miserable and marriage impossible, is the penalty paid by the victims of improper indulgence. Young persons are too apt to contract weakness, not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the gradual consumption of the system, the system becoming deranged, the Physical and Mental Functions exhausted, and the result, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Incontinence, Constipation, Debility, a Wasting of the Frame, Consumption, Decay and Death.

Office, No. 7 South Frederick Street. Left hand side going from Baltimore street, a few doors from the corner. Fall not to observe name and number. Letters must be paid and contain a stamp. The Doctor's Dignities must be in his office.

A Cure Warranted in Two Days. No Mercury or Noxious Drugs. Dr. Johnson, Member of the Royal College of Surgeons, London, Graduate from one of the most eminent Colleges in the United States, and one of the most eminent Physicians in Great Britain, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the ears, and others who were alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured speedily.

Take Particular Notice. Dr. J. addresses all those who injured themselves by improper indulgence and solitary habits, which ruin both body and mind, unfitting them for either business, study, society or marriage. There are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the Heart, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

Young Men. Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from the influence of the press, the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately. It is the duty of a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a secret habit. Such persons assure, before contemplating marriage, that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed, without these, the journey through life becomes a weary pilgrimage; the prospect brightens to darkness to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with his own.

Disease of Impuritude. When the misguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often happens that an ill-timed course of shame or disgust, or even the use of mercury, or other noxious, or other injurious drugs, but are purely variable, and do not remove the disease.

The Telegraph THE BOUNTY FUND.

Geo. Bergner, Esq.—Dear Sir: Impressed with the necessity for prompt action in regard to raising the bounty money for those who are willing to enlist as volunteers in the army, in order that there may be no delay for want of means, I hope that the County Commissioners will at once appropriate \$25,000 for that purpose. I am a citizen and tax payer, and am willing to go high as the highest on your "roll of honor" from my private purse, yet on looking round we find others who have as much interest in the contest that will not voluntarily contribute one cent, but on the contrary insult any one who would collect it. Now, is it right that you and I should help contribute for a purpose that they have an equal interest in while they stand aloof? Let the Commissioners not shrink from the issue, and the people will sustain them. The Legislature will not doubt pass a law next winter to reimburse those counties who have come forward with appropriations for this purpose (out of the State Treasury,) and by this method none will bear an unequal share of the burden. There are some counties in the Commonwealth whose finances will probably not admit of their appropriating any thing, and yet after a time could pay their quota of tax. We are all partners in this business, and as the Commissioners are our trustees for the time being, I trust they will not delay in adopting my suggestions.

From our Morning Edition. FROM WASHINGTON. Important from the War Department. OFFICERS AND PRIVATES ABSENT WITHOUT LEAVE. All Leaves of Absence and Furloughs to Expire on the 11th of August. Appointment of Collectors and Assessors of the National Tax. CAPTURE OF TWO REBEL VESSELS. WAR DEPARTMENT, Washington, July 31. Absent officers and privates from duty under various pretexts, while receiving pay at great expense and burthen to the government, makes it necessary that efficient measures be taken to enforce their return to duty, or that their places be supplied by those who will not take pay while rendering no service. This evil, moreover, tends greatly to discourage the impulse of those who would contribute to the support of the families of the faithful soldiers. It is therefore ordered by the President: First, That on Monday the 11th day of August, all leaves of absence and furloughs, by whomsoever given, unless by the War Department, are revoked and absolutely annulled, and all officers capable of service, are required forthwith to join their regiments, under the penalty of dismissal from the service, or such penalty as a court martial may award, unless the absence is occasioned by a lawful cause. Second, The only excuse allowed for absence of officers or privates from duty after the eleventh of August are, First, The order or leave of the War Department. Second, Disability from wounds received in service. Third, Disability from disease that renders the party unfit for military duty; but any officer or private whose health permits him to visit watering places or places of amusement, or make social visits, or walk about town, city or neighborhood, in which case he will be considered fit for military duty, and as evading duty by absence from his command or ranks. Third, On Monday the 18th day of August, at ten o'clock, a. m., each regiment and corps shall be mustered. The absentees will be marked in three lists, and the same made and within 48 hours after muster one copy shall be sent to the Adjutant General of the army, one to the commander of the corps, the third to be retained; and all officers and privates, fit for duty absent at that time, shall be regarded as absent without cause. Their pay will be stopped, and they dismissed from service, or treated as deserters, unless restored; and no officer shall be restored to his rank unless by judgment of a court of inquiry, to be appointed by the President. He shall establish that his absence was with good cause. Fourth, Commanders of corps, divisions, Brigades, regiments, and detached posts, are strictly enjoined to enforce this muster and rate aforesaid. Any officers falling in the duties herein imposed, will be deemed guilty of a gross neglect of duty, and be dismissed from service. Fifth, A commission shall be appointed by the Secretary of War to superintend the execution of this order in the respective States. The United States Marshals in the respective districts, the mayor and chief police of any town or city, the sheriff of the respective counties in each State, all postmasters and justices of the peace are authorized to act as special provost marshals to arrest any officer or private soldier fit for duty who may be found absent from his command without just cause and convey him to the nearest military post or department.

FROM ST. LOUIS. PATRIOTIC DONATION BY A RAILROAD COMPANY. Rebel Depredations in Southern Missouri. RECRUITS FOR PRICE'S ARMY. St. Louis, July 30. The Iron Mountain Railroad Company has donated \$500 to the 5th regiment now organized in the State, and orders the dismissal of any employees who have invited the protection of any foreign Government to avoid military duty. John S. Phelps, the newly appointed Military Governor of Arkansas, arrived to-night. It is understood that General Curtis will not leave at present, but will remain to frustrate the operations of the Rebels, under Price and Hindman, whose policy in their new campaign in Arkansas and Missouri is said to be the extermination of Union men and seizure of their property wherever found. From a gentleman just arrived from Monroe City, in this State, we learn that at least three hundred men joined Porter on Saturday, from Monroe county. Fifty persons left Hannibal on Friday night, fearing rebel depredations. The most intense excitement prevails all over these counties. Hannibal was almost entirely deserted. Many of its citizens have arrived here. Near Cuba, on Sunday night, a man was shot while defending his arms from seizure by these bandits. Another had a rifle presented to his head, with an order to bring his best horse from the stable and present the same to Jeff Davis. Half way between Cuba and Leesburg, as the train passed yesterday, there was drawn up within short rifle range a large body of men, estimated at one hundred, all believed to be bound for Price's army. At Stillville, the Secessionists were confident that McBride was within two days march of that place.

FROM NEW YORK. Rumors of Fighting on the James River. THE RECRUITING BUSINESS. New York, July 31. The streets are filled with rumors of fighting on the peninsula, but they are improbable. The Government took possession of four vessels to-day to go to the James river, for the conveyance of the sick and wounded soldiers, of whom there are known to be six thousand in that neighborhood. Other vessels would have been sent, if they had been found suitable. The New York enlistment committee have returned from Washington, where they had an interview with the President, Secretary of War and Gen. Halleck on the subject of facilitating enlistments in old regiments. Their suggestions were received favorably, and the matter left in the hands of Gen. Halleck. It is stated the New York Committee proposed to the President to pay no bounties after the 18th of August, and if the State quota was not then filled, to instantly draft. The President assented to the proposition and gave the committee a letter to the War Department recommending that orders should be issued to this effect, with the consent of Governor Morgan. All recruiting officers in this city are to be broken up, and one rendezvous formed, the recruits to be given their choice of regiments.

FROM ARKANSAS. The Rebel Jeff. Thompson heard from. Rebel Batteries Obstructing the Navigation of the Mississippi. MEMPHIS, July 30. Passengers from Helena report that Jeff Thompson was at Austin yesterday with a body of men, an ammunition train and two or three field pieces, endeavoring to find transportation across the Arkansas. It was believed that he intended to stop and seize one of Gen. Curtis' transports. A cavalry force was sent up from Helena, but failed to find the rebels, who had fled in different directions in the night. There has been no arrival from Vicksburg. The rebel batteries erected at Gain's Landing are still obstructing the passage of boats. The obstructions will be removed in a few days and the communication re-established.

FROM TENNESSEE. Vacant Buildings in Memphis to be Occupied. MORE GUERRILLA RAIDS. MEMPHIS, July 28, VIA CAIRO, July 30. Gen. Grant has ordered Gen. Sherman to take possession of all unoccupied dwellings, stores and manufactories for the government, and also where the owners are absent rebels to collect their rents for the government. The Military Commission has commenced taking a list of such property. The guerrillas captured prominent citizens of Haywood county on Saturday, for selling cotton. One was shot dead while attempting to escape. The remainder were taken to Mississippi, near Napoleon, and is endeavoring to cross his whole army. The rebels say that Price is to command Missouri, Hindman Arkansas, and Magruder to be over both, inaugurating a vigorous campaign. The Union forces are ample to check them. JACKSON, TENN., July 30.—Capt. Dollins' cavalry attacked eighty rebels yesterday, near Brownsville, and captured forty prisoners. The rebels were afterwards reinforced and recaptured twenty-nine men and fourteen horses. Federal loss four killed, and six wounded. Rebel loss about the same.

FROM MISSISSIPPI. Rebel Iron Plated Steamers in the Yazoo River. Vicksburg, July 26. Gentlemen recently from the Yazoo river county, report that the steamer Star of the West, captured off Galveston by the rebels, is in that river and armed with 25 guns. She is iron plated to a considerable extent. The J. L. Webb, a powerful Ocean tow boat is also up that river, and has been placed something in the style of the Sumter. She is constructed as a ram. They have also the tug Mobile, mounting one gun. The Star of the West and the Webb came up from New Orleans when that city was captured, bringing among other rebel plunder, one hundred and eighty guns. At Liverpool, sixty-five miles up the river, the rebels have an ingeniously contrived raft, which is a perfect lock against ascending boats. They also have a battery on shore at that point in addition to the above named vessels. There are about thirty river steamers up the Yazoo river. From Philadelphia. Five Hundred Rebel Prisoners at Fort Delaware take the Oath of Allegiance. PHILADELPHIA, July 31. A gentleman who arrived from Fort Delaware this morning informed us that during yesterday afternoon between four and five hundred of the rebel prisoners confined at Fort Delaware took the oath of allegiance to the government. These men did not come from any particular State. Our informant stated that the Louisiana Tigers seemed to be most anxious to take the oath. Last evening about seven o'clock, there was a disposition among some of the violent seceders to attack their comrades, who had seen their folly, but their riotous conduct was soon checked. More of the prisoners were expected to take the oath this morning. There are two large steamers lying abreast of the Fort, and the prisoners are to be taken on board, to be conveyed to James river for exchange. This fact, it is supposed, led to the action of last evening. Those who have returned to the allegiance are now encamped in tents upon the island outside of the prison barracks.

FROM WISCONSIN. GREAT STATE WAR MEETING. Fifty Thousand people in Council. MILWAUKEE, July 31. A great State war meeting is being held here to-day, and is without a parallel in the history of the State. It is estimated that fifty thousand people are in attendance. The Railroads are over the State are free to-day. Business is entirely suspended. Owen Lovejoy and other distinguished speakers have arrived. Wisconsin is completely aroused and blazing. ANOTHER LIBERAL RAILROAD SUBSCRIPTION TO THE BOUNTY FUND. CHICAGO, July 31. The Pittsburg, Fort Wayne and Chicago railroad has appropriated \$12,800 for bounties to volunteers. THE GUNBOAT WYANDOTTIE. NEW YORK, July 31. The gunboat Wyandottie arrived at this port this morning. MARKETS BY TELEGRAPH. PHILADELPHIA, July 31. Flour market inactive. There is no shipping demand, and the sales are only in a small way, at \$6 7/8 for superfine, \$5 60 for extra, and \$5 7/8 for extra family; receipts light; small sales.
