NO. 10 TO ADVERTISERS.—All advertisements, Business Notices, Marriages, Deaths, &c., to secure insertion in the TELEGRAPH, must invariably be accompanied by the CASH.

HARRISBURG, PA. Monday Morning, August 4, 1862.

COURT.—An adjourned court will meet at two o'clock this afternoon.

New Music.—The "Battle Prayer" transcription for the piano by Chas. Grobe, and the "Meeting of the Waters," an Irish melody with the music arranged for the piano, are among the new pieces of music received at Knoche's 98 Market street.

The Reservoir.—There was during the last twenty-one days of July, (in 187 hours,) thirteen millions three hundred and six thousand one hundred and thirty (13,306,130) gallons of water pumped into the city reservoir, by a consumption of 74,750 pounds of coal.

The First City Zouaves, CAPT. A. W. were marched from Camp Curtin to the office of Capt. Lane, U. S. Mustering officer in this city, on Friday afternoon, where each member of the company received the Government bounty of twenty-five dollars, and two dollars premium. Each member of the company will also receive a bounty of fifty dollars from the county fund.

COL. CHARLES T. CAMPBELL, who was severely wounded whilst at the head of his regiment, the Fifty-seventh, has been detailed for special services as General Inspector of the recruiting service of our State. He is to travel over the State and report the manner in which the business of recruiting is conducted, to correct such evils as may exist, and to discharge delinquent officers.

The Friendship Pic-Nic.—The picnic of the Friendship fire company, advertised to come off at Mumma's woods, near Mechanicsburg, on Tuesday, August 12th, promises to be a very pleasant affair, and will be largely participated in by citizens of Dauphin and Cumberland counties. Excursion tickets for the occasion are to be issued by the Cumberland Valley railroad, at 25 cents each.

GRAND.—The "local" was favored with a very handsome vocal and instrumental serenade at his residence on Friday night by the "Mozart Club"—an association of young gentlemen, whose abilities in the musical line would do credit to some of our first class artists. We acknowledge our obligations to the "Club" for the compliment paid us, and wish its members the best possible success in their musical aspirations.

A PROPER EXCHANGE.—Whilst arrangements are being made for a mutual exchange of prisoners, would it not be well to send some of our Secession sympathizers south, a like number of Union men to be received in their place? At least, let them have the opportunity of a change of residence and an abode among a people more congenial.—A Reader in the Press. That's the idea. Consider Dauphin county in for two chances. Yes, a dozen. A few of our sympathizers will no doubt volunteer at once, and for God's sake let 'em go. Yes, say place, so that this fair land that has never harbored treason or been disgraced until now, may once more assert its integrity, and no longer stand abused with SEAM. We're for the exchange.

LOCAL ITEMS.—On the subject of furnishing local items for the press, the editor of a New England paper makes the following sensible remarks, which we commend to the attention of our readers both in town and country: "Almost every member of a community where a newspaper is established, can do much to make the local department what it should be, by contributions of fresh items, which may be gathered in each locality and communicated with little trouble; and they who neglect this duty, so useful to editors and so desirable to the public, are responsible, in part at least, for a meagre supply of domestic news in their journals."

"DO YOU TAKE WAFERS?"—The Cleveland Herald says: "On Saturday morning a countryman entered a store on Ontario street, for the purpose of trading. After ordering what he wanted, he inquired of the clerk—'Do you take wafers in pay?' 'Wafers' replied the astonished clerk. 'Yes, wafers—wafers. That's all the sort of money I've got. I took 'em of a chap down here, and he said they are good.' 'Well,' said the clerk, 'we take all sorts of good currency, but we haven't yet got to taking wafers.' 'But these are good ones,' said the countryman, 'red wafers—got a head on 'em.' The clerk suddenly got an idea as to the state of the case, asked to look at the new currency, found them to be good three cent stamps, and decided that he did 'take wafers in pay.'"

MILITARY ORGANIZATIONS.—In view of the unsettled condition of affairs and the possibility that, in case of reverse or intervention, some means will be necessary to finish this unnatural war, we again press upon our readers an old suggestion, to which their attention should be given, and on which action should be taken immediately; and that is, the great importance of military organizations in our city and county districts, by which all our men who are within the militia law and subject to call for military duty, may receive preparation which will fit them at once to take their places in line of battle, or at least materially shorten the time of their stay in camps of instruction, where they are of no benefit, for the time being, to the general Government. It is necessary that the people be prepared for every emergency, and we agree with an exchange that every ward and township should immediately form within its limits, at least one such organization, and that one afternoon in each week be set apart for practical lessons from competent instructors in drill and general military knowledge. Let this plan be adopted, and then if the apprehensions of many loyal men, and the hopes of secession sympathizers be realized, and we have England to fight in addition to the friends of rebellion, then we can meet her with a nation of soldiers, and repeat the lessons of the Revolution and of 1812.

A SPECIAL MEETING of the Friendship fire company will be held in their hall this evening, at the usual hour. By order.

PANORAMA OF THE GREAT REBELLION.—The battle of Cross Keys, in the Shenandoah Valley, the battle of Galin's Mill, and the battle of Malvern Hill, near Richmond, are the titles of three scenes just added to Henry Davis' panorama of the Great Rebellion.

WHAT IS THE PECUNIARY REWARD?—Our young men do not need to be bribed to fight for their country; but they are perfectly right in wanting an assurance from those at home that the wives, children, parents or friends who are dependent on them, shall have support provided for them in their absence. Hence the bounty and the pay is an additional inducement to volunteer. It is an insurance to the family. The pay of a soldier is \$13 per month; the government bounty is \$100 and 100 acres of land; the county bounty \$50. The bounty, (including land at government price) amounts to \$250, besides the regular pay. One month's pay and \$25 bounty is paid in advance by the government, and \$50 by the county, making \$38 in advance.

A DROWNED SOLDIER FOUND.—About 10 o'clock on Saturday morning, the body of a dead man was found floating in the River at McCloy's rock's, a short distance above Pine street, by some young men who had gone there to fish or swim. They immediately attached it to the boat and towed it to the shore, under the Harrisburg bridge, when information of the circumstance was conveyed to Alderman Peffer, of the Second ward, who summoned a jury and held an inquest over the remains. The deceased was dressed in the fatigue uniform of a United States cavalry soldier, in which service the chevrons on his coat sleeves indicated his rank as that of a corporal. The body had evidently lain in the water several days, and was in an advanced stage of putrefaction. A pocket-book, containing ten dollar bills in the Harrisburg Bank and ninety-one cents in small change, and a white handled two bladed knife, were found in his pantaloons pockets, and a silver watch in one of his vest pockets, which are now in the hands of Alderman Peffer, subject to the order of the friends or relatives of the deceased. The jury, after a brief deliberation, returned a verdict of "accidental drowning," and the body was taken to the Poor House burial ground for interment.

THE QUARTERMASTER GENERAL would acknowledge hospital donations as follows: From the First English Lutheran church, Harrisburg, one box of valuable stores containing wine, jellies, pickles, corn starch, farina, tea, segars, dried fruit, dried beef, bologna, crackers, towels, wrappers, slippers, drawers, stockings, shirts, handkerchiefs, soap, combs, tooth brushes, lint, &c. One box from Salisbury, Indiana, containing 2 comforters, 12 pillows, 15 sheets, 108 yards bandaging, 17 towels, 22 pairs linen, 52 yds. calico, and other articles. From the Mansfield Soldiers' Aid Society, one box containing 35 muslin shirts, 21 flannel shirts, 16 pairs drawers, 47 handkerchiefs, 62 towels, 24 dozen bandages, 31 lbs. lint, 72 finger-cots, 9 cushions, 17 pairs slippers, 8 pairs socks, 5 bags dried fruit, and other articles. THE RECRUITING BUSINESS.—A General Review.—There is considerable activity at the different recruiting stations in the city. Indeed for some days past the work of mustering in new recruits has been going forward with an encouraging briskness. The First City Zouaves, Captain A. W. have already got their full complement of men mustered into service, and gone into quarters at Camp Curtin. The Russell Guards, Captain Jennings, only need a few more men to complete their complement. They also have been mustered into service and will go into quarters at Camp Curtin this morning. Recruiting flags for this company hang out at Third and Market streets, and at Odd Fellow's Hall, Second street above Pine. The Silver Guards, organizing through the efforts of Mr. John Raymond, are progressing finely, and expect to have their complement of men filled up at the required time. Their recruiting flag waves at the Buell House, in North street. In addition to these companies Messrs. Banvart, Ball and Boyd, previously engaged in raising separate companies, have combined their efforts and are now acting together jointly in recruiting for a single company to be called the Harrisburg City Guards, and are meeting with the most flattering success. The head quarters of the company are at the Exchange, Walnut street. From the rural districts the most encouraging accounts are received. Enthusiastic meetings have been held in Middletown, Humelstown, and Dauphin, which have been productive of much good, by stirring up a lively patriotic feeling among the solid and substantial farmers of the county. At Humelstown, Capt. Henderson is busily engaged recruiting a company to be called the "Derry Fencibles"—a name of Revolutionary fame—and he confidently expects for this company will be held at Derry church this evening. The above companies constitute the five asked for as the quota from this county; and all that is necessary, now that we know where to direct our efforts, is to fill them up with the required complement of men; and this should be done with the least possible delay, as next Saturday is the last day that recruits will be received for nine months. All who wait beyond that day must volunteer for three years, or if delays continue there will necessarily be a draft or conscription. Now is your time to choose your company for the short term.
