HARRISBURG, PA. Tuesday Afternoon, August 12, 1862.

BONNET FOUND.—The lady who left her bonnet at the Post Office yesterday, will please call for it at once.

THE non-commissioned officers and privates of the Harrisburg Fire Zouaves, Capt. J. Wesley A. W., were each paid the sum of fifty dollars to-day from the county bounty fund.

FOUND.—On Wednesday, in the post office, a small amount of money, in bank notes. The owner can have the same by proving property, paying charges, and calling at the post office.

THE LUKEN COUNTY quota of volunteers numbering, we should judge, about one thousand men, arrived here this afternoon and went into quarters at Camp Curtin.

OMISSION.—The names of Messrs. Daniel E. Martin and John Ritter were accidentally omitted in the list of employees at the State arsenal who have volunteered in the nine months' service.

CORRECTION.—In noticing the return of Mr. George Swartz to this city yesterday, we inadvertently stated that he was attached to the Ninth Pennsylvania Cavalry. It should have read the Seventh Pennsylvania Cavalry, Col. Wynkoop.

THE ASSESSOR OF ORDINANCES, by an order of the War Department, will hereafter affect their pay. Every officer thus absenting himself from his command, will be docked.—This is one of the best orders that the Department has issued.

FIRE! FIRE!! FIRE!!!—Attention Citizens!—No class of our young men have devoted themselves with more disinterestedness to the support of the military operations of the government than the firemen of the country. In the larger cities where the fire department is an important feature in the organization of society, it has suffered its most vigilant and active members to leave their respective companies, throwing down the spanner and the pipe, to join other companies where more deadly weapons are used in the discharge of their duties, but where danger is no less near or threatening.

SOLDIERS REMEMBERED.—That excellent periodical, Hall's Journal of Health, says that if you write to a soldier, friend or relative in the army, using a common envelope and a sheet of loose paper, you may also add, without incurring the weight for which a three cent postage stamp will pay, as much tea as a teaspoon will take up twice, or as much black or cayenne pepper, such as is obtained from a good drug store under the name of "Capsicum," as you can take up at once with a common teaspoon, and the smaller envelope of thin paper to hold either. Chewing the tea, a pinch at a time, every hour or half-hour, while keeping guard, or under circumstances of great threat, or of excessive weariness or sleepiness, will, in fact, modify thirst, will invigorate, it will wake up to a grateful extent, considering the amount of tea used, and its perfect safety from ulterior ill results, such as follow the use of alcoholic drinks.

NIGHT LARKS.—We have in our city a certain class of young men who are called "bloods," though why it would not be easy to determine, since the blood which should flow in their veins is replaced as far as it is in their power, by alcohol, which they imbibe, under the various names which happen to most take their fancy. The poet's advice was to "Rise with the lark, and with the lark to bed;" and these men follow the second part of his advice pretty faithfully seldom "seeking their downy" without a lark which would seem to quiet people of gigantic dimensions. Three young men of our F. F. E.—which being translated in vernacular is understood to signify First Families of Harrisburg—were last night enjoying themselves after their peculiar fashion in the neighborhood of Front street. They imbibed "benzene cocktails," and other mysterious compounds, whose names are known only to the initiated at first class drinking saloons, and sat there

—'t housing at the nappy, An' getting fo an' unco' happy,' until all sedate people had long ago retired to their four posters, and were "sleeping the sleep of the just." Then they issued forth into the moonlight, which seemed to have a very peculiar effect on them, since shortly after one was seen mounting an adjacent awning post, and hanging between heaven and earth, like Mahomet's coffin, while his companions were striving to follow in his wake by holding fast on to the skirt of his coat. After performing numerous gymnastic feats here they adjourned to a neighboring curbstone and there satisfactorily settled the question as to the price of oats. The baying of a dog brought a new idea into their heads, and their vocal organs were at once tuned and brought into shape for wailing the midnight air with dulcet strains. The echoes of a neighboring street were shortly afterwards awakened by their melodious voices, and the slumbers of the same locality soon suffered a similar fate. An eminent physician was first favored, but having no musical ear, he refused to be charmed. A lady in the neighborhood was then honored, but either from sleeping remarkably sound, or else from being totally overwhelmed with the compliment, the trio received no credit for their labors. Finally, having exhausted their repertoire they left, grumbling at the base ingratitude of men—and woman, and were heard no more. What became of them afterwards, the gentleman who furnished us with these facts, and who had ended to be kept awake last night by a raging tooth-ache, was unable to say.

MILITARY RELIEF COMMITTEE.—The committee will meet on Tuesday evening, the 12th inst., at 7 o'clock, at the office of A. J. Herr, Esq., in Walnut street, opposite the prison. A certificate signed by the captain and first lieutenant must accompany each application, as without it, no action can be taken.

By order of the Committee, Geo. Bescher, Pres. A. J. Herr, Sec. O. Edwards, Sec.

FORMATION OF A REGIMENT.—The first regiment of volunteers under the nine months' call was formed in Camp Curtin this morning. It is composed of the following companies: Russell Guards, Capt. Wm. W. Jennings. Derry's Guards, Capt. J. S. Henderson. Harrisburg Guards, Capt. John J. Ball. Boy's Guards, Capt. H. C. All-man. Carlisle Infantry, Capt. John Lee. Shippensburg Guards, Capt. Jas. Kelso. Newville Infantry, Capt. Wm. Laugblin. James Guards, Capt. John C. Hoffacker. Patriotic Club, Capt. John F. Uhrich. Lebanon Guards, Capt. Lorenzo L. Greenblatt.

THE FUGITIVES FROM BALTIMORE.—The party of twelve fugitives from Baltimore, who were arrested at Williamsport, Pa., last Saturday, and stopped over night at Herr's Hotel, in this city, in the custody of a United States Marshal, charged with trying to evade the draft, were taken back to Baltimore yesterday morning, where they were examined by Gen. Wool, who ordered the entire party to Fort M'Henry.

ROBBED AT THE DEPOT.—A stranger from Lock Haven had his pocket picked this morning at the Pennsylvania Railroad Depot, of a Port-monnaie containing between \$80 and \$100, mostly in U. S. Treasury notes, one \$20 gold piece, a promissory note for \$338, and a lot of papers of no value to any person but their owner. A reward of \$20 is offered for the recovery of the stolen property.

LEUT. HORACE PORTER.—The following extract from the letter of a young officer in South Carolina to his sister in Norfolk, will doubtless be read with pleasure by Lieut. Porter's friends here. It is a just tribute to his worth: "I am glad you saw Horace Porter. He is a noble fellow and well deserves all the honors paid him. I see by the papers he was ordered to report to Washington and was assigned to McClellan's army, where he will double distinguish himself as he has done in this department. For weeks before the taking of Pulaski, while nearly all others were enjoying themselves, and passing their time in comparative ease, he was hard at work in the swamps and marshes of Tybee, toiling through the long hours of the night in building batteries and mounting guns. No one knew of saw anything of him then—but the result of his labors was shown in the reduction of the fort, and he is now the recipient of the honors which his skill and bravery so well deserve. He has a bright future before him."

THE QUOTA OF NEW YORK STATE under the draft is 69,708 men. 12,518 are to be raised in New York city; 4,294 in Brooklyn.

ANOTHER NEW COUNTERFEIT.—A dangerous counterfeit of the Commercial Bank of Genesee Falls, New York is in circulation here. Three of them were detected to-day at one of the banks. Genuine notes of that bank are not in circulation here; and all notes on it should be refused, and measures taken to arrest the shavers.

COL. JOSEPH F. KUIPES.—We understand that Mrs. Kuipis has received a dispatch from her husband, Col. Joseph F. Kuipis, of the 46th Pennsylvania regiment, announcing that he was only slightly wounded in the recent engagement with the rebels near Culp's-ppper Court House, Va. This will be gratifying news to the many friends of the gallant Colonel, who were led to believe, from previous reports, that his wounds were of a very serious nature.

ROLL OF HONOR.—The following members of the Locust Street Methodist Sunday School have enlisted in the service of their country: J. Wesley A. W., Captain Fire Zouaves. F. Ashbury A. W., Captain First City Zouaves. W. W. Jennings, Captain Russell Guards. John Emminger, Lieut. First City Zouaves.

ABOUT ENLISTING IN THE MARINES. Making a total of twenty nine. The above roll was read last Sunday and appropriate addresses delivered by the Rev. F. Moore, Pastor, and J. Wesley A. W., Superintendent.

A VISIT TO CAMPS CURTIN AND SIMMONS.—Imbued with the general feeling for the success of our glorious old Union, and the pride and gratification we feel especially for the brave young men that have bravely taken up arms and sweethearts, (not that they loved their homes and sweethearts less, but their country more), to throw their all upon the altar of their country, we visited last evening Camps Curtin and Simmons, and it is truly a pleasure to see how easy the young men from this city who have just left the ease and comforts of home, can accommodate themselves to a soldier's life. They have our best wishes, and when rebellion is no more, and they return to their homes with honor, the cheap dry goods house of Union & Boyman will offer them a hearty welcome.

WE have received a very large assortment of Houp Skirts, all qualities and prices, from 75 cents up to \$2.50; 25 dozen of Martell's Shirt Breasts, Collars and Cuffs to match, the whole set for 25 cents, worth 60 cents; 10 boxes of Ribbon for dress trimming, all colors; 6 boxes of Belt Ribbon, all colors; a large assortment of fine and cheap Neckties, Collars, and sets of collars and shawls; a large assortment of white Cambrics, Tracomettes, figured and plain Swiss Muslin, Brillantes, Nanooks, etc. The finest lot of embroidered French Cambric Band-overs brought to Harrisburg; 4 pieces of striped goods for Undershirts; 200 embroidered Infant Waists at all prices; 20 pieces of Black Silk Lace, all prices, some 3 yard wide suitable for dress trimming or trimming of lace shawls; Lace Mitts at all prices, 25 cents up; 40 dozen of ladies and gentlemen's linen pocket Handkerchiefs.
