DR. JOHNSON BALTIMORE

HAS discovered the most certain, speedy and effectual remedy in the world for and effetcual remedy in the world for DISEASES OF IMPRUDENCE.

RELIEF IN SIX TO TWELVE HOURS. No Mercury or Noxious Drugs. Cure Warranted, or no Charge, in from one to Two Days.

Weakness of the Back or Limbs, Strictures, Affections of the kidneys and Bladder, Involuntary discharges, Impotency, General beblifty, Nervoussiess, Dyspeny, Ianguor, Low.Spirits, Confusion of Ideas, Palpitation of the Heart, Thindity, Tremblings, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those terrible disorders arising from the Solitary Habits of Youth—those scorer and solitary practicas more latal to their victims than the song of syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to costasy the living lyre, may call with full confidence.

Married Fersons, or Young Men contemplating marriage, being aware of physical weakness, organic deblity, deformities, ac., speedily cured.
He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.

Organic Weakness mmediately Cured, and full vigor Restored.

This distressing Affection—which renders it is miserable and marriage impossible—is the penalty paid by the victims of improper indulgates. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. New, who that understands the subject will pretend to deay that the power of procreation is lost scouer by those falling into improper habits than by the prudent. Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the Physical and Mental Fanctions Weakened, Loss of Procreative Power, Indigestion, Constitution. Peoplity, a Wasting of the Frame, Cough, Consumption, Decay and Death.

IMPORTANT ORDER. - By reference to our telegraphic column, this morning, it will be seen that an important order has been received from the War Department at headquarters, in this city, to the effect that promotions, either of line or field officers, to the regiments now organizing in the several States is resolutely forbidden. The spirit of this order seems to be to keep the officers in the field with the men under their command—a spirit at once justifiable and a rule which was due to fhe effectivenes and discipline of the men who enlisted under such officers, with the understanding that they were The new regiments, by this order, will be organized by new men from the private to noncommissioned, commissioned, line and field officers. This will have a tendency to put an end to a rivalry which was fast creating dangerous jealousies; and we anticipate great benof fit to the service from this influence.

In connection with one of our old volunteer companies, this son of Bigler was a second lieutenant, and when the company resolved to offer its services, young Bigler was of course compelled to yield and accompany his company. After the army moved, and a few hours before the commencement of the seven days fighting before Richmond, this valorious young Bigler resigned and took up a position far from the line of battle. When our exhausted troops were fighting and retreating before an overwhelming force Bigler, like his father at Bull Run, skedaddled before the head of the retreating army reached his first place of safety, and he neve stopped until he was certain of being beyond harm. The General, who has many warm friends in Baltimore, is not in excellent health, but has been zealously engaged since the war commenced. He comes up to visit his family, and in a few days will return to his post. Among the passengers by the Adelaide, were twenty prisoners who were yesterday discharged from the Rip Raps after an examination by Gen.

Nearly all have been in the Confederate service, and some of them declare that the rations were universally furnished without salt and vegetables, and that the treatment on the part of the officers was exceedingly severe.— They were glad to fall into federal hands, as they were then sure of getting at least good and wholesome rations. They came up in the steamer Adelaide, and are now in this city.
