ANOTHER VETO MESSAGE FROM THE MAYOR. A special meeting of the City Council was held on Thursday evening, the Mayor sent in a message vetoing the ordinance appropriating the sum of one thousand dollars for the purchase of a new tubular boiler at the water house. The message was read, and its consideration postponed for the present. The Mayor in his veto takes the ground, that there is no present necessity for the purchase of the boiler, and when the boiler is needed he will cheerfully sign the ordinance for its purchase.

If boys have such a state of morals, what kind of morals will they have when they become men? Everything in this world is naturally progressive, and bad morals, if not kept down, will progress faster than anything else. Such being the case, there is a fearful future in store for them. From the Rev. Dr. Hodge and the Rev. Dr. McGill, Professors in the Theological Seminary, Princeton, N. J.

Thave for several years been intimately acquainted with the they. Thomas W. Cattell. He has had charge of two of my sons, and I can safely say I have never known s my one in whose fidelity and devotion to his pupils, Thave equal confilence. I know no one who has a greater facility, its gaining the love of his scholars or who exerts over them a better influence.

I am aware of the responsibility in specking in such terms of commendation of a teacher; but I am satisfied I am doing nothing but simple justice to an excellent man, in using the language which I have here employed.
