PENNSYLVANIA HOSPITAL.

[FROM OFFICIAL HOSPITAL REPORTS.]

MAY 19, 1860,—Ellen S., æt. 28, single, never was very strong. Two years ago she had an attack of acute rheumatism, from which she was confined to her bed for two weeks and subsequently from a relapse for four more. She has been well since then till last Saturday, while engaged in house cleaning, she took cold, had pain in her back, felt cold, but had no decided chill. Two days later her ankles began so swell, which was followed by swelling of the knee joints and of the hands. She has now dull pain in her shoulders, and her knuckles are very tender, red and painful; both hands are affected, but the right is most so. This, then, is a case of acute rheumatism, or, as it is now fashionably called, rheumatic fever. It is a well remarked typical case. We will carefully watch the case, and from time to time call your attention to the various symptoms which present themselves. My chief object in bringing her before you now, is to call attention to a remedy which has recently been recommended in the treatment of rheumatism. I mean *propylamine.* Dr. Awenarius, of St. Petersburg, recommends it in the highest terms, having derived great benefit from its use in 250 cases which came under his care. Various commendatory testimonials respecting it have appeared in our journals, and I propose therefore to give it another trial. I must confess I am always incredulous as to the worth of new remedies, which are vaunted as specifics; but this comes to us recommended so highly, that we are bound to give it a trial.

SAME CASE FOUR DAYS LATER!

MAY 23, 1860.—I will now exhibit to you the patient for whom I prescribed Propylamine, and was then laboring under an attack of acute rheumatism. She has steadily taken it in doses of three grains every two hours (intermitting it at night.) The day after you saw her, I found her much more comfortable, better than she expected to be for a week or more, judging from her other attack. (The patient now walked into the room.) The improvement has steadily progressed, and you cannot fail to notice a marked change in the appearance of her joints, which are now nearly all of their natural size.—Thus far our experiment would have seemed very successful; but, gentlemen, we must wait a little while before we can give a decided opinion as to what is to be the result.

Here is another patient who was placed on the use of the same medicine on Sunday last; she has long been suffering from chronic rheumatism, and I found her at that time with an acute attack supervening upon her chronic affection. The wrists and knuckles were much swollen and tense. She took the chloride of Propylamine in three grain doses every two hours, and you will perceive that the swelling of the joints has much diminished.

THREE DAYS LATER!!

MAY 26, 1860.—This is the case of acute rheumatism treated with propylamine, the first of those to which I called your attention at our last clinic. She is still very comfortable, and is now taking three grains thrice daily. In this case it has seemed to be followed by very satisfactory results. The second case to which your attention was called at our last lecture, has also continued to do well. I will now bring before you a very characteristic case of acute rheumatism, and if the result be satisfactory, I think, as good jurymen, we shall justly render our verdict in favor of propylamin.

He is a seaman, æt. 25, who was admitted a few days ago. Has had occasional rheumatic pains, but not so as to keep his bed, until eight days ago. The pains began in his right knee, subsequently affected the left knee, and later, the joints of the upper extremities. These joints are all swollen, tense and tender. His tongue is furred; his skin, at present dry, though there has been much sweating. His pulse is full and strong, and about 90.—He has now used propylamine for twenty-four hours.

This gentleman is what may be called a strictly typical case of acute rheumatism. There was exposure to cold and wet, and this exposure is followed by a feeling of coldness, severe articular pain, beginning, as it usually does, in the lower joints. There is fever and the profuse sweating, so generally attendant on acute rheumatism.

I did not bring this patient before you with the intention of giving you a lecture on all the points connected with rheumatism, but to again give a trial to the new remedy we are testing, and to exhibit to you this typical case, as I have ... than which there could not be a fairer opp... for testing the medicine in question. We ... avoiding the use of all other medicines, ... that there may be no misgivings as to ... the efficient remedy. You shall see the case ... clinic.

TH... RESULT.

A FAVORABLE VERDICT.

JUNE 9, 1860.—The next of our convalescents is the case of acute rheumatism before you at our clinic of May 26th, which I then called a typical case, and which it was remarked was a fair opportunity for testing the worth of our new remedy. It was therefore steadily given in three grain doses every two hours for four days. The patient has got along very nicely, and is now able to walk about, as you see. I do not hesitate to say that I have never seen as severe a case of acute rheumatism so soon restored to health as this man has been, and without being prepared to decide positively as to the value of the remedy we have used, I feel bound to state that in the cases in which we have tried the Chloride of Propylamine, the patients have regained their health much earlier than under the treatment ordinarily pursued. I wish gentlemen, you would yourselves try it, and report the results.

For a full report of which the above is a condensed extract, see the Philadelphia *Medical and Surgical Reporter.* It is the report after a fair trial by the best medical authority in this country, and makes it unnecessary to give numerous certificates from astonished doctors and rejoicing patients.

A SPEEDY CURE,
AN EFFECTUAL CURE
THE SAME RESULT

IN EVERY CASE,
WHENEVER TRIED,
WHENEVER TRIED.

WHAT IT HAS DONE,

IT WILL DO AGAIN.

Bullock & Crenshaw, a firm well known to most medical men, by whom the Elixir Propylamine has been introduced, have sold to us the exclusive right to manufacture it according to the original recipe, and we have made arrangements of such magnitude as to enable us to scatter it broadcast amongst suffering humanity.

DR. JOHNSON BALTIMORE LOCK HOSPITAL!

HAS discovered the most certain, speedy and effetcual remedy in the world for

DISEASES OF IMPRUDENCE.

RELIEF IN SIX TO TWELVE HOURS.

No Mercury or Noxious Drugs.

A Cure Warranted, or no Charge, in from one to Two Days.

Weakness of the Back or Limbs, Strictures, Affections of the Kidneys and Bladder, Involuntary discharges, Impotency, General Debility, Nervousness, Dyspepsy, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those terrible disorders arising from the Solitary Habits of Youth—those SECRET and solitary practices more fatal to their victims than the song of Syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

Young Men

Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence or waked to ecstasy the living lyre, may call with full confidence.

Marriage.

Married Persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured.

He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.

Organic Weakness

immediately Cured, and full vigor Restored.

This distressing Affection—which renders life miserable and marriage impossible—is the penalty paid by the victims of improper indulgences. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent. Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervous Irratibility, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility, a Wasting of the Frame, Cough, Consumption, Decay and Death.

Office, No. 7 South Frederick Street.

Left hand side going from Baltimore street, a few door. from the corner. Fail not to observe name and number.

Letters must be paid and contain a stamp. The Doctor's Diplomas hang in his office.

A Cure Warranted in Two Days.

No Mercury or Nauseous Drugs.

Dr. Johnson,

Member of the Royal College of Surgeons, London, Graduate from one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

Take Particular Notice.

Dr. J. addresses all those who have injured themselves by improper indulgence and solitary habits, which ruin both body and mind, unfitting them for either business, study, society or marriage.

These are some of the sad and melancholy effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the heart, Dyspepsy, Nervous Irratibility, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY.—The fearful effects on the mind are much to be dreaded—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forbodings, Aversion to Society, Self Distrust, Love of solitude, Timidity, &c., are some of the evils produced.

THOUSANDS of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of consumption.

Young Men

Who have injured themselves by a certain practice indulged in when alone, a habit frequently learned from evil companions, or at school, the effects of which are nightly felt, even when asleep, and if not cured renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the darling of his parents, should be snatched from all prospects and enjoyments of life, by the consequence of deviating from the path of nature and indulging in a certain secret habit. Such persons MUST, before contemplating

Marriage,

reflect that a sound mind and body are the most necessary requisites to promote connubial happiness. Indeed, without these, the journey through life becomes a weary pilgrimage; the prospect hourly darkens to the view; the mind becomes shadowed with despair and filled with the melancholy reflection that the happiness of another becomes blighted with our own.

Disease of Imprudence.

When the misguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often hapens that an ill-timed sense of shame or dread of discovery, deters him from applying to those who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms on this horrid disease make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease become a horrid object of commiseration, till death puts a period to his dreadful sufferings, by sending him to "that Undiscovered Country from whence no traveler returns."

It is a *melancholly fact* that thousands fall victims to this terrible disease, owing to the unskilfulness of ignorant pretenders, who by the use of that *Deadly Poison, Mercury,* ruin the constitution and make the residue of life miserable.

Strangers.

Trust not your lives, or health, to the care of the many Unlearned and Worthless Pretenders, destitute of knowledge, name or character, who copy Dr. Johnson's advertisements, or style themselves in the newspapers, regularly Educated Physicians incapable of Curing, they keep you trifling month after month taking their filthy and poisonous compounds, or as long as the smallest fee can be obtained, and in despair, leave you with ruined health to sigh over your galling disappointment.

Dr. Johnson is the only Physician advertising.

His credential or diplomas always hangs in his office.

His remedies or treatment are unknown to all others, prepared from a life spent in the great hospitals of Europe, the first in the country and a more extensive Private Practice than any other Physician in the world.

Indorsement of the Press.

The many thousands cured at this institution year after year, and the numerous important Surgical Operations performed by Dr. Johnson, witnessed by the reporters of the "Sun," "Clipper," and many other papers, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.

Skin Diseases Speedily Cured.

Persons writing should be particular in directing their letters to his Institution, in the following manner:

JOHNS & CROSLEY,

(Sole Manufacturers,)

78 WILLIAM STREET,

Corner of Liberty street. NEW YORK

Important to Farmers.

To all whom this may concern, and it concerns every body.

JOHNS & CROSLEY'S

IMPROVED GUTTA PERCHA

CEMENT ROOFING,

The Cheapest and most durable Roofing in use.

Important to House Owners.

Important to Builders.

Important to Rail Road Companies.

IT IS FIRE AND WATER PROOF.

It can be applied to NEW and OLD ROOFS of all kinds, steep or flat, and to SHINGLE ROOFS without removing the Shingles.

The Cost is only about One-Third that of Tin AND IT IS TWICE AS DURABLE.

This article has been thoroughly tested in New York City and all other parts of the United States, Canada, West Indies Central and South America, on buildings of all kinds, such as FACTORIES, FOUNDRIES, CHURCHES, RAIL ROAD DEPOTS, CARS, and on PUBLIC BUILDINGS generally GOVERNMENT BUILDINGS, &c., by the principal Builders, Architects and others, during the past four years, and has proved to be the CHEAPEST and MOST DURABLE ROOFING in use; it is in every respect A FIRE, WATER, WEATHER and TIME PROOF covering for ROOFS OF ALL KINDS.

This is the ONLY material manufactured in the United States which combines the very desirable properties of Elasticity and Durability, which are universally acknowledged to be possessed by GUTTA PERCHA AND INDIA RUBBER.

No Heat is required in making application.

The expense of applying it is trifling, as an ordinary roof can be covered and finished the same day.

It can be applied by any one,

and when finished forms a perfectly FIRE PROOF surface with an elastic body, which cannot be injured by HEAT, COLD OR STORMS, SHRINKING OF ROOF BOARDS, nor any external action whatever.

LIQUID

GUTTA PERCHA CEMENT,

For Coating Metals of all Kinds when exposed to the Action of the Weather, and

FOR PRESERVING AND REPEARING METAL ROOFS OF ALL KINDS.

This is the only Composition known which will successfully resist extreme changes of all climates, for any length of time, when applied to metals, to which it adheres firmly, forming a body equal to coats of ordinary paint, costs much less and will LAST THREE TIMES AS LONG; and from its elasticity is not injured by the contraction and expansion of Tin and other Metal Roofs, consequent upon sudden changes of the weather

It will not CRACK IN COLD OR RUN IN WARM WEATHER, AND WILL NOT WASH OFF.

Leaky Tin and other Metal Roofs can be readily repaired with GUTTA PERCHA CEMENT, and prevented from further corrosion and leaking, thereby ensuring a perfectly tight roof for many years.

This Cement is peculiarly adapted for the preservation of IRON RAILINGS, STOVES, RANGES, SAFES, AGRICULTURAL IMPLEMENTS, &c., also for general manufacturers use.

GUTTA PERCHA CEMENT

For preserving and repairing Tin and other Metal Roofs of every description, from its great elasticity, is not injured by the contraction and expansion of Metals, and will not crack in cold or run in warm weather.

These materials are ADAPTED TO ALL CLIMATES, and we are prepared to supply orders from any part of the country, at short notice, for GUTTA PERCHA ROOFING in rolls, ready prepared for use, and GUTTA PERCHA CEMENT in barrels, with full printed directions for application.

AGENTS WANTED.

We will make liberal and satisfactory arrangements with responsible parties who would like to establish themselves in a lucrative and permanent business.

OUR TERMS ARE CASH.

We can give abundant proof of all we claim in favor of our Improved Roofing having applied them to several thousand Roofs in New York City and vicinity.

IMPROVEMENT IN DENTISTRY

DR. P. H. ALLABACH, Surgeon Dentist, Manufacturer of Mineral Plate Teeth, the only method that obviates every objection to the use of artificial teeth, embracing partial, half and whole sets of one piece only, of pure and indestructible mineral, there are no crevices for the accumulation of small particles of food and therefore, no offensive odor from the breath, as no metal is used in their construction, there can be no galvanic action or metallic taste. Hence the individual is not annoyed with sore throat, headache, &c. Office No. ... North Second street, Harrisburg.

Miscellaneous

UNION RESTAURANT,

BILLIARD AND BOWLING SALOON,

NO. 119 MARKET STREET, NEAR FIFTH.

THE subscribers having erected a large building at the above place, expressly for the purposes above indicated, beg to call the attention of the public to the following:

THE RESTAURANT, on the first floor, with a dining room attached, is fitted up in first-class style, and it will at all times be supplied with the best OYSTERS to be had in the Atlantic cities, together with terrapin, fish, and all kinds of game in season. Oysters served up in every style, and meals to be had at all hours. The Ales of all the celebrated breweries in the country constantly on hand.

The Ten-pin Alley, or Bowling Saloon, is in the rear, and contains three alleys of modern construction, where the lovers of this healthy exercise can enjoy themselves.

The Billiard Saloon is up-stairs—elegantly fitted up, and contains three marble top combination cushion tables, equal to any made.

Harrisburg has long felt the want of a grand combination of this kind, and as the proprietors are determined to conduct it in a quiet and orderly manner, and do everything in their power to make it a fashionable resort they hope to receive a liberal share of public patronage.
