IF THERE ARE MORE OF THE DOUGH-FACED who desire to know whether they are traitors, let them do as Frank Hughes has done, write to Secretary Seward for information, or, which will prove a more speedy way of ascertaining the fact, let them try their own cases by the standard which Mr. Seward has erected in the case of Hughes. Hughes was in doubt as to his loyalty. They suspicion haunted him that all was not right, and therefore he sought council from a high source, and was informed in the most unmistakable terms that he is a traitor of the meanest kind—a miserable, ungrateful, selfish and cowardly traitor, seeking the embarrassment of the government at a moment when it is the duty of all true loyal men to give it a generous support. Poor Hughes! he has at length found his level. Poor Dough-faces! it, too, has at length been properly estimated.

THE IMPROBABLE OF THE SYMPATHIZERS was exhibited in a very humiliating manner during a recent tournament at Bedford Springs. Among the knights who entered the lists were three or four appearing in the emblematic colors of the traitor oligarchy, while only two or three defiantly flung to the breeze the stars and stripes. Scarcely, however, was the fact of his ill-judged impudence was nevertheless established. It is about time that such conduct ended. Those who dare thus to insult the loyalty of our people, are far worse than those who are openly in arms against the government.

THE HON. JOHN M. BOTTS has been sent from Richmond to Salisbury, N. C., where he is kept under close surveillance, not exactly as a prisoner, but not a free agent. His son has been drafted in the rebel army, under the new rebel conscription law, which takes all that were exempted under the previous rules—young Bots having been. The removal of John Minor Botts was deemed necessary in view of the close proximity of the Union army. He was removed the first week in July.

THE UNITED STATES CONSUL at ELMHURST has written a letter to Secretary Seward, dated at Bremen, May 1, 1862, in which he gives a description of the wonderful triumph of a Berlin oculist, Professor Albrecht Von Graefe, who is restoring the blind to sight, healing the decaying optics of others, and bringing to his hospital patients from all parts of the civilized world. He is described as the most wonderful man of the age.

BERKEINHAUSEN, who undertook to rout Gen. Williams out of Baton Rouge, and who was driven out himself, left his sword on the field of battle, and it is now in good Union hands. The loss of his sword probably gave rise to the report that he had lost his right arm, for it is hardly expected that a hero will part with one without the other.

MR. BACON, the manufacturer of crated bread, recently celebrated his birthday in Boston by throwing out the national flag at his factory, and giving away bread to the company assembled. We have come so far towards the bread riots promised us last year by the secession leaders.

THE SOUTHERN ORGAN in this city seems to be drawing on the past for some of its stirring appeals to the "Young Men" of the present. The *Young Men*, formerly printed in this city, by Hunter and Bigler, is supposed to be revived in some of the republicans which have lately appeared in the Davis' organ. *Blood will tell!*

GEN. McALL, of the Pennsylvania Reserve, is to receive a splendid sword from the people of West Chester, and we learn from the *Chester County Times*, that the General is now making his arrangements to return to his command at the head of the gallant Reserve.

## THE ROLL OF HONOR.

Below we present the different reports made by B. F. Kelker, Esq., Treasurer of the Bounty Fund. As many of our citizens wish to preserve these for reference hereafter, we have concluded to re-publish them all in to-day's paper. We hope that all the loyal citizens of this city and county will examine the list carefully and note the different amounts paid to the Treasurer. Whilst we feel proud to present the list in general, we must admit with shame that some of our wealthiest men who count their dollars by thousands and hundreds of thousands, have given but very little, and some of them have not given a DOLLAR. We shall, however, let these gentlemen reflect upon their own conduct and leave those who have contributed liberally according to their means, to the satisfaction which a contemplation of the list will create.

We understand that all this money has been paid out to the volunteers for whom it was intended, and that the Commissioners have merely appropriated a sum sufficient to pay the balance to the seven companies enlisted from this county. Whilst the citizens of Harrisburg have thus directly paid for the benefit of our farmers and tax payers in the county over SEVENTEEN THOUSAND DOLLARS, and also agreed to pay their full share in taxes of the balance paid by the county, we would like to know what has become of the money collected at Middletown, Hummelstown, Dauphin and other places. In justice to the citizens of Harrisburg these sums ought to be paid directly into the County Treasury, and applied to the same purpose as the money of the citizens of Harrisburg has been used. We hope to receive a full report of the money subscribed and paid by our country friends for this noble purpose, which will be acknowledged and published as soon as it is paid over to the proper person. Here are the different reports of Mr. Kelker, viz:

THE DAVIS ORGAN calls the southern conspirators by the mild name of "Kekende Democrats". Truly a soft and gentle way of admitting that the rebellion was concocted and is carried on by the Democratic party. In the same article the Davis organ admits that the Democracy of the north and south were natural allies. If this is not confessing treason, we are too dull to comprehend the pro-secessionary disquisitions of our neighbors on Democracy. One more effort of the conscience and the spirits may help the Davis organ to a complete admission of its own complicity with traitors.

# THE INDIAN TROUBLES IN MINNESOTA.

THE FORMER REPORTS FULLY CONFIRMED.  
Men, Women and Children Killed.

THEIR BODIES HORRIBLY MUTILATED.

St. Paul, Aug. 22.  
Trustworthy information from Fort Ridgely confirms, without doubt, all the previous reports. Mr. Wickoff, the Assistant Superintendent, on his way to the upper Agency, met a messenger six miles from Fort Ridgely on Monday morning, announcing an outbreak at the lower Sioux Agency, and the murder of all the whites except a few. Capt. Marsh set out immediately with forty-five men.

At a ferry opposite the Agency he encountered a large body of warriors, who opened fire on them, and after a few volleys a large body of ambushed Indians in the rear fired upon them, killing a number of men. A retreat was attempted across the river. While in the water the Indians killed the captain, three Sergeants and four corporals. But seventeen returned to the fort.

On Monday night the light from burning buildings and grass stacks was seen in all directions. Escaped citizens came into the post during the night, giving accounts of horrors too terrible for imagination to conceive. Mothers came in in rags, barefooted, whose husbands and children were slaughtered before their eyes. Children came who witnessed the murder of their parents, or the burning of their homes.

The roads in all directions to New Ulm are lined with murdered men, women and children. J. J. Porter, of Waukato, a member of the last Minnesota Legislature, arrived here last evening for arms. He was one of the Committee sent to New Ulm to learn the truth of the reported murders. He arrived at New Ulm on Tuesday morning, and found the people prepared to bury five persons murdered.

Others who had been constantly found, most horribly mutilated. He saw four persons wounded in one room, cut with hatchets in their heads and arms. A little girl was cut across the face, breast and side. A little boy was dreadfully cut up; also, a middle aged woman in an adjoining room. He saw a child with its head cut off, and twenty-seven others mutilated with gasbes. The people of New Ulm are drilling with what arms they can get, and are fully awake to their danger, and are determined to defend the town to the last.

Mr. Porter left New Ulm Tuesday morning, and was overtaken by a man who reported that the Indians attacked the town, 200 strong, at 5 p. m., and burned several buildings. Several citizens were seen to fall. The people had gathered together and barricaded the streets. Letters to Gov. Ramsey say that hundreds are known to be killed, and it is believed thousands.

Gov. Ramsey yesterday ordered the militia with horses to the scene.  
**THE PURSUIT OF THE REBEL GUERRILLAS IN MISSOURI.**  
SPRINGFIELD, Mo., August 22.  
Colonel Wright, of the United States forces, passed through the rebel lines, and the guerrillas under Coffee, Hayes and Quantrell. On Wednesday, he attacked the rebels rear-guard, killing twelve, and capturing thirty-one. Quite a number of guns, horses and other property, had fallen into his hands.

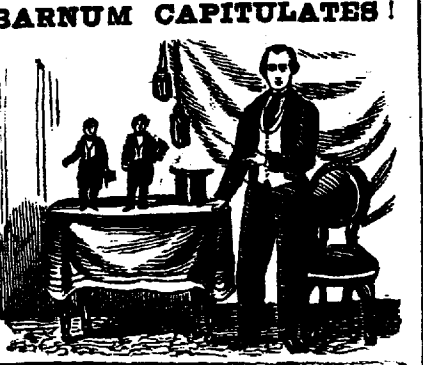

The Kansas troops, under General Blunt, were only a few miles behind, and pushing on rapidly. A number of horses and a quantity of camp equipage were found on the Osage, where the rebels had crossed.  
All the bad characters in Western Missouri are joining Coffee, and that section of the country will be drained of a dangerous element.  
The pursuit will not be relaxed until the rebels are driven from the State.

**The Strength of the Rebel Army in Arkansas.**  
CAIRO, Ill., Aug. 22.  
Late intercepted letters, dated August 5, from Gen. Hindman to the rebel War Department, state that he has 18,000 well armed infantry, 6,000 cavalry, and 64 pieces of artillery at Little Rock. He proposes awaiting an attack from Gen. Curtis, instead of attacking him at Helena. He intends to annihilate Curtis, and then push vigorously for the Mississippi river. He has received supplies of arms and ammunition from east of the Mississippi river. Helena is to be fortified as the base of operations, and siege guns for that purpose have already reached there.  
The health of the United States army at Helena is good.

**Reported Junction of McClellan, Pope and Burnside.**  
NEW YORK, Aug. 22.  
The Commercial says it has information that a junction of McClellan, Pope and Burnside's forces is effected—we believe at Aquia Creek.  
The same paper says, that reliable advices from James River state that the rebels have occupied Harrison's Landing, and their pickets extend as far as the Chickahominy.  
A large portion of our gunboat flotilla, with the flag ship, was above Harrison's Landing, and would probably give the rebels a taste of their quality.
