> A MODEL ESTABLISHMENT. --- Among the many improvements lately made in our city, to which we can point with pride as an evidence of pros perity and as a determination on the part of our business men, no longer to remain behind the "light house," is the completion of Eby & Kunkle's large brick building at the corner of Market and Fifth streets, which is alike creditable to the owners and ornamental to that part of our city.

The building is not only one of the largest devoted to the grocery business, outside of New York, but the stock chillenges competion .-Without going into detail, we may safely say that the firm keep on hand everything usually kept in a grocery store, (liquors excepted,) and that they sell at very small profits. Their clerks are civil and accommodating, and have strict instructions under no circomstances whatever to misrepresent or take advantage of any customer. A general invitation is extended to the public to visit the new building and examine the extensive stock, whether they purchase or uot.
