THE NEW YORK WORLD circulates under false pretences when it seeks to impress the public with the idea that it is a Republican paper. The concern is controlled by a clique of the called dealing aristocracy of Gotham, not quite as bold as the clique which surrounds Fernado Wood, but equaliy as anxious to serve the conspirators when the service promises to pay. It was not surprising, then, that the World should object to the arrest of Charles Inger soll. It sees in that arrest the forbodings of rible conclusion that could happen the country. The people must not be astonished at what the World prints either for or against the govern succeed! ment, nor must its objections to the arrest of Ingersoll be received in any other light than the government is dealing sternly with traitors.

THE PROPLE'S UNION CONVENTION OF MIPPLIN County met in Lewistown on the 26th inst., and nominated the following ticket:

gard to former party ties, to unite upon the broad platform of effort to save an imperilled

country.

Resolved. That we are in favor of vigorous prosecution of the war; and the use of all the ueans in our power to preserve the Union, overthrow rebellion, and crush out treason and that we endorse all the efforts of our national and state administrations to these ends.

Goy. RANSEY, of Minuesota, has issued a proclamation calling out the militia of that state, for the purpose of suppressing the Indian outbreaks in that state. A regiment of infantry, together with 800 cavalry, have been ordered to the defence of the settlers, and the Governor promises other aid which is calculated will put an end to the terror and danger in that region. General or Brigadier General are to be made It is suspected that the rebels of Missouri had except for meritorious service during the war something to do in urging the Indians of Min. This decision of the War Department is a rightno doubt that such is the fact.

WHAT IS DUE FROM PENNSYLVANIA TO THE GOVERNMENT!

It is conceded by all who are disposed to do justice, that in the fight for the Union Pennsylvania has outstripped all her sister states, both in the promptness with which she contributed troops, the number of men she now has in the army, and the financial aid she rendered the national treasury, by the manner in which she has shared the financial burdens that would have otherwise fallen on and perhaps almost crushed the government. When the capitol was in danger, Pennsylvania was the first to hurry forward brave men for its defence. When Sumter fell, her sturdy sons were first to cross Maryland amid the assaults of its rebel citizens and the slights of those who were deemed loyal. When the Bull Run disaster appalled the country, her Reserve Corps assands have been daily hurrying across her borders, anxious to emulate the example of those who have gone before. And now the last duty which Pennsylvania owes to the National Government—a duty as sacred as that which her sons are discharging as they bear their bosoms to the encounters of battle. That last duty is confined in a struggle to maintain the loyalty of the state by preventing its legislative or its Congressional representation from falling into the hands of any but tried and true friends of the government. This can only be done by defeating those who aspire to such positions, and yet make their adhesion to party poramount to their loyalty to the government. Let no man be deceived into the support of which is called a Democratic candidate, and imagine that he is doing his duty. Let no man believe that he is voting for a patriotic or a loyal citizen, when he supports a candidate who accepts a nomination from a body which makes an issue with the govern ment. The thing is preposterous and cannot be cone. It is idle to boast of devotion to the government, and yet support and abet its vilest enemies and dirtiest assailants. Let these great truths be kept before the people, and Pennsylvania will vindicate her fair fame Gov. Curtin confidently expects to make ar- in standing by the government with the vote

CALCULATING WITHOUT THEIR HOSTS. It is amusing to see the manœuvres of the leaders of what is called the "Democratic party" of Dauphin county. Some of these are billing and cooing like fan tail pigeons, and it is not hard to devise the plots and plans they have made to carry Dauphin county against both the state and national administrations of Dauphin county profess to know just how many Republicans and how many Democrats have left as volunteers, AND THEY, THEREFORE, BOAST THAT THE COUNTY CAN BE CABRIED AGAINST THE LOYAT WHO REMAIN AT HOME

It is well enough for the people, the loyal men, who desire to see the end of the conflict which is now being waged in blood, to understand these facts. If the Democratic partythe party which is making issue with the federal government the same as the traitors themselves are doing-if that party succeeds, this war will be prolonged indefinitely. The very the fate of those whom it serves, a fact which fact of the sympathizers with rebellion triumph is expected to stop its pay, which to the minds ing, would ensure the triumph of rebellion. A Successful Raid Upon Manassas Junction and Bristow Station.

RAILROAD GUARD OVERPOWERED

AND ARTILLERY SEIZED AND TURNED UPON THEM. Four Trains of Empty Cars Destroyed.

A TRULY DISGRCAEFUL AFFAIR.

WASHINGTON, Aug. 28. A rebel raid, similar to that made on Friday night last at Catlett's Station, was successfully accomplished last night, not only at Bristow,

reached Washington up to noon to-day comes through "skedaddling" Union zoldiers, who, running on the first alarm, were brought up il standing near Centreville by Union pickets,) the first assault was made upon the cars on the rebel forces in several places. I will send furrailroad at Bristow, four miles out beyond Manassas. A train was fired into there, with what resulting damage we know not.

The Federal guard at Manassas is said to have consisted of the 12th Pennsylvania cavalry, (very green troops,) two companies of infantry

and a battery of artillery.

The skedaddling men bringing the news to Centreville and Fairfax, were of the cavalry, and represent that most of the infantry and artillery were captured, and the latter turned immediately against us in the skirmish or affair. The the Federal wagon trains there at the time had sumcron trains able them to move back to Centreville without-loss. Four trains of empty cars on the sideling at Manassas are understood to have fallen into the hands of this marauding party.

Tee Bull Run bridge (represented an hour ago to have been burned afso) is safe—we know

positively.

As soon as information of this affair reaches here last night, from Fairfax Station, a consid-

erable force was despatched by rail, under Gen.
Sturgis, to punish the daring marauders.
We take it for granted that the rebels destroyed as much of the railroad and telegraph at Manassas as possible, though they could not do more such damage there, we apprehend, than can be rectified by our construction corps at hand in perhaps twenty-four hours. The in-terruption of telegraphic communication of course prevents, up to this hour, a better know ledge here of the details of this most disgrace-

From all we know of it so far, we feel sure that instead of recrossing the Rapphhannock on Seturday, Colonel Fitzhugh Lee's force hur-ried into the mountains thack of Warrenton, from whence he had but to dash down twenty or twenty-five miles upon Bristow and Manage sas. We take it for granted that he did not remain at Manassas until Sturgis arrived there bur again made off for the fastnessess in his By this time a sufficient force of cavalrear. ry has doubtless been sent after him by Gen.

Pope.
They will hardly catch him, however, if he chooses to go over the ridge at Front Royal, and there disperse his force, to come together again somewhere in the valley. It is undeniably true that the success of the Rebel raids grow out of the gross incompetency and inattention to their duties of our officers in charge of our railroad, and other similar guards. It is-high time that examples, by shooting on the sentence of drum head courts-martial. h made of some of those responsible for these occurrences, so well calculated to make our armies justly the derision of the world.

HELENA, ARK., Aug. 24, via Catro, Aug. 26. To Major Gen. Hallock, General in Chief:

Satisfactory news is received from the navy and army expedition sent down the river near Miliken's Bend. The retel transport boat Fair-play was captured with a large cargo of arms

and a arge number of negroes, who were in the rebel force, brought away. Eleven hoge-heads of sugar, three baggage wagons, and six tracks were destroyed, our troops not having the means of transportation to bring it to the river. A portion of the force, with the rams, entered the Yazoo river, where a battery of forty-two pounders and two field pieces were taken, the enemy fleeing without firing a gun. The heavy pieces were destroyed, and the field pieces brought away. The expedition ascended the Yazoo above Sunflower, and returned up the Mississippi.
