HARBISBURG, PA

Wednesday Afternoon, September 3, 1862

FOR SALE, -Mr. John Emerich offers for sale a valuable tavern stand, in Progress, about two and a half miles from this city. See his advertisement in another column.

H. C. BRESSLER of Clinton county, passed through this city yesterday, en route to join Chase, in the vicinity of the Chain Bridge, opposite Washington city.

New Music.-"Oh give to me thy heart again," Romance by Rodinella, and "The Early Morning Galopy" with chorus, a fine and spirited composition by Snelly, are just received at W. Knoche's Music Store, 93 Market street.

WOUNDED .- In the published list of the wounded soldiers in the late battles, we see the name of Lieut. Weaver, Company D, (Kepner Fencibles,) Twelfth Pennsylvania Reserves. He is wounded in the leg and is now lying at one of the hospitals in Washington.

IN NEW HAMPSHIRE they raise tomatoes that weigh two pounds each. Capt. Hill, of the New Jersey Central Railroad, can beat this, as he is said to have grown tomatoes which require to be sawed and split as we saw and split pine knots, before they can be reduced to a size sufficiently small for cooking.

THE OFFICE of the Adams Express company is open from 7 o'cleck, A. M. until 8 P. M., for the transaction of business. The soldiers at camp and others who are continually calling at all hours of the night, will please bear the above hours in mind and make their calls accordingly. Sep. 1-d1m. E. G. HESTON, Agent.

A STRANGE DRINK .- An old toper bet that he could, when blindfolded, tell each of several

kinds of liquors. When brandy, whisky, gin and other drinks were presented to him, he pronounced correctly what they were. At length a glass of pure water was given him ; be tasted it, paused, tasted it again, considered, and shook his head. He at last said-" Gentleman, I give it up, I am not used to that sort of liquor.'

THE SUPERINTENDENT of the Cumberland Valley Railroad, at Chambersburg, recently refused to furnish a pass to a regular physician, who was in the act of obeying the summons of the Governor for surgeons; and yet the same superintendent issued a pass to a mere student of medicine, who presumed to offer himself as a surgeon. Such a superintendent is scarcely fit, for so responsible a position at this time, and if the Cumberland Valley Railroad Company understand their business, they will relieve this superintendent of his responsibility.

DEPUTY MARSHAL ASSAULTED .- On Monday of last week, Deputy Marshal P. G. Carey, while enrolling the militia of North Phoenixville, was assaulted by a woman named Nesbit, at whose house he had called. She threw hot water over him, as is alleged, severely scalding him. Mr. Carey lodged complaint with the authorities, and the woman was arrested and taken to escaping the draft: the officers she disavowed her intention of assaulting the officer, and declared that the scalding was accidental. She was discharged.

RAILBOAD EXTENSION.—We learn that the Philadelphia & Erie Railroad has been completed to Youngwomanstown, Lycoming county, and that the road was opened to that point, or as it was called, North Point, on the 1st inst. The name of the place has been changed in consequence of the representations herein stated. of its citizens that it is the farthest point north of the West Branch of the Susquehanna. The enterprise of the Pennsylvania Railroad com pany will insure an early completon of the unfinished portion of this valuable line, and we have no doubt we shall soon be able to record a further extension.

WE WOULD CAUTION our too credulous people, and especially the female portion of the community, from believing the numerous and silly rumors that are propagated and put afloat by of left hand, or of one finger of the right hand, evil-disposed persons, to the effect that the other than the forefinger. most serious and terrible outrages are being almost daily perpetrated upon weak and helpless white people by the blacks, who, it is alleged by these reports, are becoming turbulent regarded as what will govern the Commisand defiant. If such things were really so, no sioners: one would condemn them more severely, or seek to administer upon the perpetrators the most condign punishment, than we would; but there is no truth in them, and their prepagation is only calculated to disturb the nerves of the fearful and timid; and, for that reason, gotters-up of such stories should be frowned States on the subject of naturalization, should

PLEASURES AND ADVANTAGES OF LABOR.-There is a very false notion in the world respecting employment. Thousands imagine that, if they could live in idleness, they would be perfectly happy. This is a great mistake improvements lately made in our city, to which Every industrious man and woman knows that Every industrious man and woman knows that we can point with pride as an evidence of pros-nothing is so tiresome as being unemployed. perity and as a determination on the part of During some seasons of the year we have holded as an extrementation on the part of our business men, no longer to remain behind the "light house," is the completion of Eby & Kunkle's large brick building at the corner of Market and Fifth streets, which is alike creditable to the owners and ornamental to that recreation, the diligent mechanic or laborer bepart of our city.

The building is not only one of the largest comes quite unhappy. Often he sighs over the wretchedness of being idle. The fact is, we are made to labor, and our health, comfort and without going into detail, we may safely say without going into detail, we may safely say happiness depend upon exertion. Whether we that the firm keep on hand everything usually ook at our bodies or examine our minds, everything tells us that our Creator intended that they sell at very small profits. Their clerks are civil and accommodating, and have that we should be active.
