Dr. Johnson,
Member of the Royal College of Surgeons, London, Graduate from one of the most emitient Colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known many froubled with ringing in the head and ears when askeep, great hervousness, being alarmed at sudden rounded, bashfullness, with frequent blushing, attended sometimes with derangement of mind were cured immediately.

Take Particular Notice. Take Particular Notice.

Dr. J. addresses all those who have injured themselves by improper indulge. ce and solitary habits, which ruin both body and mind, unfitting them for either business, study, society or marriage.

These are some of the sad and melancholly effects produced by early habits of youth, viz: Weakness of the Buck and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the heart, byspepsy, Nervous Irratibility, Derangement of the Digestive functions, General Deblity, Symptoms of Consumption, 26. Disease of Imprudence.

Trust not your lives, or health, to the care of the many Unlearned and Worthless Pretenders, destitute of knowledge, name or character, who copy Dr. Johnson's adververtisements, or style themselves: in the newspapers, regularly Educated Physicians incapable of Guring, they keep you trifling month after mouth taking their filtry and poisonousn's scompounds, or as long as the smallest fee can be obtained, and in despair, leave you with ruined health to sigh over your galling disappointment. Dr. Johnson is the only. Physician advertising. His credential or diplomás always hangs in his office. His remedies or treatment are unknown to all others, prepared from a life spent in the great hospitals of Europe, the first in the country and a more extensive Private Priscince than any other Physician in the world.

The many thousands cured at this institution year after year, and the numerous important Surgical Operations performed by Dr. Johnson, witnessed by the reporters of the "Sun," "Clipper," and many other peopers, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarrantee to the afflicted.
