A FAVORABLE VERDICI Jurn 9, 1860.—The next of our convaiescents is the case of soute rheumatism before you at our clinic of May 26th, which I then called a typical case, and which it was remarked was a fair opportunity for testing the work of our new remady. It was therefore steadily given in three grain doese every two hours for four days. The patient has get along very nicely, and is now able to walk about, as you see. I do not hesitate to say that i have neves seen as severe a case of scute rheutosiism os soon restored to health as this man has been, and without being propared to decide positive by as to the val-that in the eases in which we have used. I feel bound to state that in the eases in which we have regained their health match earlier than under the treatments ordinarily pur-ued. I wish gentlemen, you would yourselves kry it, and report the results. For a full report of which the above is a condensed extract, see the Philadelphia Medical and Surgical Reporter. It is the report after a fair trial by the best medout authority in this country, and makes it unnecessary to give numerous certificates from astonished doctors and reloting patients.
