H AS discovered the most certain, speedy and effectual remedy in the world for DISEASES OF IMPRUDENCE. RELIEF IN SIX TO TWELVE HOURS.

No Mercury or Noxious Drugs. A Cure Warranted, or no Charge, in from one to Two Days.

Weakness of the Back or Limbs, Strictures, Affections of the hidneys and Bladder, Involuntary discharges, Impotency, General Debility, Nervousness, Dyspepsy, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Tremblings, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stometh or Bowles—those terrible disorders arising from the Solitary Habits of Youth—those smour and solitary practices more fatal to the irreliant than the song of syrens to the Mariners of Clysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

Young Men

Men of the most exalted talents and brilliant intellect,
who might otherwise have entranced listening Senates

living lyre, may call with full confidence.

Marriage. Married Persons, or Young Men contemplating mar-lage, being aware of physical weakness, organic debiliy, deformittee, &c., speedily cured.
He who places himself under the care of Dr. J. may eligiously confide in his bonor as a gentleman, and con-idently rely upon his skill as a Physician. Organic Weakness

This distressing Affection—which renders I ife miserable and marriage impossible—is the penalty paid by the victims of improper indulgances. Young persons are too apt to commit excesses from not being aware of the dreadtul consequences that may ensue. New, who that understands the subject will pretend to deny that the power of procreation is lost sooner by those falling into improper habits than by the prudent Besides being deprived the pleasures of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the Physical and Mental Functions Weakened, Loss of Procreative Power, Nervious Irratibility, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Behility, a Wasting of the Frame, Cough, Consumption, Decay and Death.

both body and mind, uniting them for either business, study, society or marriaga.

These are some of the sad and melaucholly effects produced by early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation of the heart, Dyspeys, Nervous Irratibility, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY.—The fearful effects on the mind are much to be dreaded—Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forbodings, Aversion to Society, Seif Distrust, Love of solitude, Timidity, &c., are some of

the evils produced.

Thomsanes of persons of all ages can now judge what is the cause of their decilining health, losing their vigor, becoming weak, pale, nervous and emaclated, having a singular appearance about the eyes, cough and symptoms of accommand. Young Men
