SERGEANT VAN HORN, of the 18th U. S. Infantry, left Harrisburg for Columbus, Ohio, to-day, with twenty recruits for his regiment. Miss These recruits were among the most efficient we Mis. have ever seen, being all large, healthy and athletic men, not one of whom was less in stature than six feet. It is only just to add that Sergt. Van Horn has been among the most active of On Sc the recruiting officers of his grade that have been in service in this city since the war begun. He Mrs. is a gentleman as well as a soldier, and if any man in the service has earned promotion, it is Van Horn.

A RAILROAD BATTERY.-The Jackson (Tenn.) correspondent of the Chicago Times gives the following description of a new railroad battery which has been constructed :

The iron-clad railroad battery is constructed upon a platform-car, 80 feet long by 8 wide.— The sides and ends are first constructed of  $2\frac{1}{2}$ inch oak plank, upon which boiler iron is riv-etcd. The sides lean inward sufficient to glance a ball upward ; one end is perpendicular, and the other pitched to a sharp angle. The sides the several wards of the city of Harrisburg, are are 21 feet high. In the centre of the car is requested to meet at the Park House, at 71 the circle upon which the gun carriage re-o'clock. ### To the Afflicted.

THE wonderful success which has attended the use of my medicine, has induced me to say a word through the press in its behalf. My mediices are prepared with great care, expressly for family use, and are admirably calculated to preserve health and remove disease. I can therefore recommend them with the greatest confidence, and am fully per uaded from pas experience that they will give very general if not iversal satisfaction. But at the same time I do not pretend to assert, that they are "cure alls." I have cured Gravel, Dropsey, Scrofula, and bave regulated the female system. Reference can be had at any time with the persons, as they feel a delicacy in having their names in the paper. MRS. LUCRETIA BALL.

MRS. BALL :--- I take this method of testifying to the efficacy of your valuable medicine. My child had Convulsion of the Bowels, and I heard of your curing children of that disease. I then gave it a trial, and my child was restored to health. When I commenced to use it my child was three weeks old. I then used your Infant

SERIOUS ACCIDENT. -- On Tuesday of last week, Elijah Bricker, about ten years of age; son of David Bricker, of Grapeville Station. Westmoreland county, while attempting toget upon a freight train under way, on the Pennsylvania Bailroad, was thrown under the wheels and had his left leg crushed to such an extent that it became necessary to have it taken off. This is another fearful warning to boys along the line of this road to abstain from the dangerous practice of jumping or hanging on trains until under headway. There is scarcely a day that we are not pained to see around our depot a crowd of boys indulging in this dangerous habit; it is astonishing that there are not actually more accidents occur. No blame can be attached to the operators upon the road, but parents are very much to be censured for permitting them to be near the line.
