INTERESTING CEREMONY-Presentation of a Swor to Capt. R. I. Dodge, U. S. A., by the Officers on Recruiting Service for Pennsylvania Volunteers.—The fact that Capt. R. I. Dodge has been relieved from duty in this State, as Superintendent of

the Recruiting Service, and mustering and dis bursing officer, has caused great regret among those who come closely in contact with him, and elicits also the regret of those who had a social and personal intercourse and acquaintance with the man. When the fact of this change became known to the officers on recruiting service for volunteers throughout the State, a movement was at once made to show to Capt. Dodge their high esteem, and to present him ome substantial token of their respect and admiration. Accordingly a committee was apofficer Fleck, and committed to prison for thirty pointed to purchase a handsome sword, for presentation to this officer, and last evening the

SHRAPNELL -Mr. Jacob L. Nisley, of Middle town, among other trophies from the battle fields of Maryland, brought one of those destructive missles home, with which he is gratifying the curious in our neighboring village. Shrapnell are used when the range is beyond canister, being fired by a fuse. The 12 pound shrapnell contains eighteen musket balls, which, when the shell explodes, fly off in every direction. One of these bursting in a column of Mexicans at the battle of Palo Alto, made a gap wide enough to drive a cart and oxen through. After the battle was over, seventy-five men were picked up where it had exploded.

DO OUR READERS REMEMBER the terrible stories circulated by the locofocos in 1856, about the robbing of spring houses, burning of barns, ravishing of women, &c., &c., which were attributed to the negroes, said to be liberated by the abolitionists, and fleeing North because Fremont was to be President. Well, the same old tales have been started in this county again, and are being busily circulated since the President's Proclamation. They return at every election, and if any of our readers have a file of any "democratio" paper, they will find them almost word for word, as they are now again being circulated. The man fool enough to believe such stories, would believe that Jonah swallowed the whale.

Had you all been intimate personal friends, J might well have doubted that the prejudices of friendship had biased your opinion of my official con-

duct and capacity. Eighteen years of service has convinced me that there is nothing more difficult than for a commanding officer to do his duty faithfully strictly and impartially, and retain, not only the official respect, but the personal esteem and good will of those under his command. If I acceeded in this, as you would lead me to believe, the fact speaks well not only for the fold, Morrison, Myers, Randall, Beiff and mmander, but the commanded. tietam. And whereas, The alacrity with which the people in every section of the Commonwealth rushed to the rescue of their brethren on the Cumberland Valley border, is worthy of the highest measure of praise. Although not reie6 quired by the terms of the call to pass the bor-ders of the State, our brave men, unused to the rigors of war and untrained in military move ments, not only entered Maryland, but held Hagerstown against an advancing foe, pressed forward to the Potomac, and resisted the threatened movement of the rebels upon Williams port until troops in the United States service arrived and relieved them. Their timely and heroic action has saved the state from the tread of an invading enemy, whose necessities made even military strategy subordinate to plunder. Now Therefore, I, ANDREW G. CUBTIN GOV-ernor of the Commonwealth do hereby order that the troops called into the service of the State by General Order No. 36, be discharged of the and that they be sent to their homes as rapidly as transportation can be furnished, and ir the name of our mighty State, and in behalf of our threatened people on the border, I ten-der them the grateful acknowledgments of a rescued Commonwealth. And I recommend, that, the companies here-by discharged from active service, should take prompt measures to preserve and perfect their organizations, and that new ones should be formed in every county, so that they may at all times be ready to answer the call of the State

hould their services again be required. Arms will be issued to them as soon as they can make regular requisitions in accordance with law, and the companies lately in the service of the State, will be preferred to others, should the supply not be equal to the demand. It is confi-dently expected, however, that all the organized men of the State can be promptly and properly armed.
