HARRISBURG, PA.
Tuesday Afternoon, October 7, 1862.

ATTENTION BOYS.—Scholars belonging to room No. 5, North Ward, are hereby notified, that a room has been provided for their accommodation, in the Citizen Engine House, Fourth St. above Walnut, and that they are expected to report themselves to-morrow morning (Wednesday Oct. 8.) at 9 o'clock.

MEETING TO AVOID THE DRAFT IN SUSQUEHANNA TOWNSHIP.—All the citizens of Susquehanna Township subject to the draft are requested to meet at Nisley's School House on Wednesday evening at 7 o'clock, for the purpose of raising the volunteer quota of the township and avoiding the draft. All citizens not subject to the draft are also invited to attend.

PROCLAMATION OF THE GOVERNOR.—It will be seen in another column that Gov. CURTIN has issued a proclamation, offering one THOUSAND DOLLARS reward for the detection of the murderer or murderers of Mary Elizabeth German. This is right and proper, and we hope that it may lead to the detection of the perpetrator of this atrocious murder.

SERIOUS ACCIDENT.—On Saturday last, a very severe accident happened to Henry, son of Umat Wells, Esq., of Potstown. He had been gunning in the forenoon, and while crossing a fence upon returning, near home, rested his left hand upon the muzzle of the gun, which by some means was discharged, sending the whole load clear through the hand. The wound is a very severe and serious one, but it is believed that amputation can be avoided.

JOHN F. WILLIAMS, publishes a card in another column of this afternoon's TELEGRAPH, in which he announces his retirement from business, and the disposal of his shops, respectively, to Charles H. Vance and Samuel Taylor. For seventeen years J. H. F. Williams has been known in this city, as a business man always true to all his obligations, and faithful in every engagement he ever made, so that it is not writing more than the honest truth to claim that he has earned the title of an honest man. He will carry with him, wherever he goes, the best wishes of our best people, that prosperity may attend all his efforts.

JUST RECEIVED.—S. Ward & Co., No. 14 Market square, have just received a new and enlarged edition of the "Patriotic Song Book," having ninety-six pages of songs, duets and choruses, sacred and secular, including fourteen pages of prayers for sick and dying soldiers, and the soldiers' scripture manual, price 15 cents. Also, the following musical tracts: "Shall we Meet beyond the River," "Be in Time," "There is a Land of Love," "Don't you hear the Angels Coming," "There is a Beautiful World," "Freedom, Truth and Right," "Where Liberty dwells, there is my Country," "We are coming Father Abraham, six hundred thousand more." Price five cents each.

DESERVING OF PROMOTION.—We understand that the companies recruited for the Anderson Troop, are to be officered by men selected from the original troop. Valentine Hummel, of this city, who received special notice from General Buell, for meritorious conduct at the battle of Shiloh, is one whom we desire to see promoted to the command of one of these new companies. No better officer could be selected; besides being a good soldier, he is a gentleman in every sense of the word. He has two brothers in the service, George, the youngest, scarcely 20 years of age, is now Captain of a cavalry company in Illinois, and Harry, still younger than Valentine, is Captain of the Boas Guards of this city. We hope to see Valentine Hummel, at least, as high in rank as his brothers.

INTERESTING SWORD PRESENTATION.—At a dress parade on the last day of Capt. Hunt's command of Camp Curtin, the officers stationed at that post took occasion to present him with a handsome sword and belt, as a token of their high appreciation of his qualities as a commander and a man. The presentation was made by Lieut. Z. P. Boyer, of the 9th Regiment, P. V., the Adjutant of the post, in a very neat speech. He complimented Captain Hunt upon the great change which he had effected in the condition of the Camp, in bringing order out of chaos, and promoting the comfort of both officers and men. He closed by expressing his regret, and said he spoke on the behalf of the whole camp, at the necessity for their official separation. Capt. Hunt received the sword in an appropriate speech, upon the conclusion of which the whole line gave three hearty cheers for their late commander.

SANFORD'S OPERA HOUSE.—Last Night of the Season, and Benefit of Mr. Fluke, alias Brudner Bones.—A great bill is presented, in which Miss Bowers, a celebrity from the New York theatres, appears in several popular songs. Mr. Fluke, one of the working performers of Sanford's troupe, is really deserving of a bumper, and from the host of friends Mr. F. has made since his sojourn among us, there is no doubt but what there will be a crowded house. Mr. Turner will re-appear and sing some of his best selections. This gentleman, we learn, is to be a prominent member of Sanford's troupe, being engaged as the leading artist for Philadelphia, where Mr. Sanford opens on the 20th instant, when his company will be augmented with several more stars. His season there will continue until after the holidays, when the company will be transferred again to the Opera House, and continue with us during the session of the Legislature. In the meantime Signor Blits and other entertainments will perform at Sanford's.

ARREST OF A ROBBER.—A man giving his name as George White was arrested this morning on the charge of having robbed Mr. S. P. Filbert, who roomed with White at Peters' Hotel, in this city. White paid his boarding this morning with a five-dollar bill, which had been marked for special reasons by Mr. Filbert, which fixes the crime on White. He had made his escape to Bridgeport, where he had exhibited the money, and was arguing whether it was good. At the time of his arrest he had no money with him. Mr. Filbert offers a reward in another column for the recovery of the pocket book and papers it contained.

IMPORTANT DECISIONS UNDER THE TAX LAW.—Each particular article of manufacture is taxed for its value, though materials in its production have already been taxed in another form. Telegrams.—Messages transmitted by telegraph and railroad companies over their own wires, on their own business, for which they receive no pay, are not taxable.

Legal Documents.—Every paper is equally valid issued before January 1st, 1863, without stamp as with it. If the unstamped instrument should be needed as evidence in court, the party using would be subjected to an expense of \$5.

Congress will probably give relief in this particular. This decision refers to the 95th section of the Revenue Law. It is proper to add here that penalties will not be enforced under this law until the stamps are issued.

LARGE FUNERAL.—The funeral of D. Jerome Buck, who was accidentally killed at camp Boas, near the city of Washington, took place on Sunday morning from the residence of his father in West Hanover township, and was attended by an immense concourse of people from various parts of the country. The body of the unfortunate young man, which had been embalmed at Washington, was in a good state of preservation, and was gazed upon with deep emotion by hundreds who knew him before his departure to fight the battles of his country, was deposited in the family burying ground near the Mount Zion church, after which a solemn and impressive sermon was delivered by the Rev. G. J. Martz, of this city. During the delivery of the discourse, the church was crowded to its utmost capacity, whilst an equal number were crowding around the house, at doors and windows wherever the voice of the speaker could be heard. Mr. Buck, though a young man, was highly esteemed in the community in which he lived, and in his company and regiment in the army, he was universally beloved by his associates. He was a consistent member of the German Reformed church, and maintained in camp the character of a Christian. He was instantly killed while reposing in his tent, by the discharge of a pistol, caused by the falling of a rifle upon it, which had been leaned securely, as was supposed, against the side of the tent. How true is it that "in the midst of life we are in death."

AN INDEPENDENT MARRIAGE.—It has been written, and we believe truly, that "God never made an independent man;" but the following marriage notice, which we have received, shows that there are men and women who claim to be very independent.

MARRIED, on the 16th ult., in Chester county, OSEON S. MURRAY, of Warren county, Ohio, and LYDIA P. JACOBS, of the former place. The ceremony consisted principally of the following announcements, made by the parties concerned, in the presence of congratulating friends assembled on that occasion:

"We, Orson S. Murray and Lydia P. Jacobs, make known to these our friends that we have chosen each other for conjugal companionship—in prosperity and in adversity, in life and in death. We ask no license. We submit to no dictation. We bow to no authority. We recognize no God nor Almighty power to guide or to guard us. Our promises are to ourselves and each other, and not to others. Our trust is not in others, but in ourselves and each other."

Mr. Murray, who thus makes a declaration of independence of everything generally regarded as sacred in civilization, was once a Baptist clergyman and editor of the State organ of that denomination at Brandon, Vt.—His views have been radically changed since that time, as all who read the above notice will readily perceive.

THE COMMITTEE OF LADIES, in charge at Hummelstown, to collecting contributions for the relief of the sick and wounded in hospitals of the army, beg to acknowledge the receipt of the following articles from the persons named:

To the Afflicted.
The undersigned would respectfully inform those who are afflicted with Rheumatism, Dyspepsia, Consumption of Liver and Kidney, Coughs, Fevers, and all diseases arising from impurity of the blood, that he is prepared to furnish Mrs. Westhoven's German Vegetable Medicines at very moderate rates. I have also on hand a quantity of invaluable Salves for Sore Eyes, Frozen Feet and Piles. References can be furnished as to their wonderful efficacy, whenever called upon. There need be no apprehension in regard to my competency to administer it, as I have had it on hand for the past six years. As they are now sold at reduced prices, no family should be without them over night. They can be had at any time at my residence, in Pine street, between Second and Front. (au13-dlm) MRS. L. BALL.

The wonderful success which has attended the use of my medicine, has induced me to say a word through the press in its behalf. My medicines are prepared with great care, expressly for family use, and are admirably calculated to preserve health and remove disease. I can therefore recommend them with the greatest confidence, and am fully persuaded from past experience that they will give very general if not universal satisfaction. But at the same time I do not pretend to assert, that they are "cure alls." I have cured Gravel, Dropsy, Scrofula, and have regulated the female system. Reference can be had at any time with the persons, as they feel a delicacy in having their names in the paper.

Ayer's Cathartic Pills.
THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, purest, and most pleasant purgative which is known to man. Instantaneous proofs are shown that these Pills have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and foster disease, stimulate sluggish and disordered organs into their natural action, and impart healthy tone with strength to the whole system. Not only do they cure the every day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of fraud. Many eminent physicians and chemists have lent their names to certify to the public the reliability of our remedy, while others have sent the assurance of their conviction that our Preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The agents below named are pleased to furnish gratis our American Almanac, containing directions for the use and certificates of their cures, of the following complaints: Constipation, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul stomach, Nausea, Indigestion, Morbid inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all diseases which require an evacuant medicine. Also by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they would reach, such as Debility, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidney, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other they can give you compare with this in its delicate nature or curative powers. The sick want the best and there is for them, and they should have it.
