We refer to President Lincoln and Gen. McClellan, upon whose shoulders the destinies of this country rest. In company with a large military escort, the President visited the scene of the recent sanguinary conflict, and after-wards reviewed the troops comprising the en-tire Army of the Potomac. In conformity with Miner's Journal, of the 27th ult., a startling record. It was clearly shown in that record, over the signature of one of the ablest members of the bar in Schuylkill county, that Frank Hughes, chairman of the Breckenridge State ity, this grand review is preparatory to a grand move into secessia. There have been rumori that the army would winter on the line of the Potomac-recruit its shattered columns, and prepare for an early spring campaign. But we know that inaction at the present time, when the rebels are dispirited and demoralized, would not be tolerated by the vox populi, who are deeply interested in cutting short this unhappy and unholy rebellion. Besides this, Gen. McClellan is aware of the fact that the masses demand it of him as commander of the army, to "press the enemy to the wall." "Now" is the watch-

A successful reconnoissance was made this morning by our cavalry in a direction to the east of Martinsburg. The enemy were not found in force at any particular point. It was well ascertained, however, that Winchester was picked up by the way. It is not to be presumed that a stand will be made by Lee or Jackson this side of the Rapidan, whither the main body of the southern army has retired, we mean what was left of it after the invasion of Mary little petty states, to subsist on their codfish and land. From a refugee whom we conversed with the rebel army by the people of Maryland has a resolution in committee, General James, of Warren, a member of the committee, supporting the allegation, declaring that "Mr. Hughes came to me in the committee room and asked me to support his d—d treasonable resolution! Our forces have made terrible havoc in sundry places—and all domestic supplies seized by the men. Fences are destroyed for miles—but had the rebel army been permitted to remain many days longer in "My Maryland," they would have reduced this lovely valiey to the ruin and desolation that the mother of the Providence of th lation that the mother of the President's presents—a barren desert.

There have been within the past few days a number of sudden deaths—due to the exposed situations of the various camps, etc. To-night two burials took place beneath a large poplar nearly opposite our tent. The time and place made the scene an impressive one, and we saw men sobbing whom the fall of their brave com-rades on the field of the Antietam never moved. It seemed to us remarkable that the death of hundreds amid the terrible shock of battle has little or no effect upon the finer feelings of our nature. The excitement of the conflict no doubt chills sensibility—and the heart become callous. War, to say the least, has a demoral-izing effect—yet, we must acknowledge that among our soldiers sympathy finds a deep lodg-ment in the heart. This was exemplified on the field, after the late battle, when our wounded heroes, unmindful of their own sufferings, endeavored to render assistance to those who a few hours before sought their lives. Then they were as brothers. "Why should we fight each other—are we not Americans?" they said, and the canteen went round, while a glow of gratification lit up the countenances of Federal and rebel. OUR FRIEND HOLCOMB, who is in the enjoyment of "a right smart place" in the State Treasurer's office, is "the nephew of his uncle" referred to in the following article. It gives a history of affairs in the Bradford Congressional district, which, it is well enough should be printed in this region, particularly as Mr. Holcomb has been flying his uncle's kite rather high in the state capital. We quote from the Bradford Reporter of the 2d instant : "THE NEPHEW OF HIS UNCLE.—The "Bolters"

He had been elected at an early day to the House of Representatives, by the Republican party, and has been in office ever since on account of his republicanism, by kindness of Republican friends. But out the Committee went and got to work. Now the chief mourner had bolted only on Track's account - he was satisfied with the County Ticket, hence it became important that he should play his hand so as to win for his uncle. Allen McKean was prominent for Congress, and eight of the Committee were in his favor, Judson, therefore, had a "hard road to travel," but he brought to their attention the fact that McKean had been President of a Compromise Convention, held in the Court House, in February, 1861, in which it was proposed to compromise with the South, &c., and therefore McKean "had a bad record," and it would not do to nominate him for Congress, but suggested it might be advisable to nominate him for Representative. This was ingenious—it took. Mr. Tracy was therefore nominated for Congress, and McKean for Representative. The Committee came in an announced the result of their labors; the "peo-ple" were taken by surprise; but Tracy and his democratic friends (and there was a smart sprinkling" of them) were exultant; joy beamed in their faces, while ADAMS, ELHANAN SMITH, & Co., exclaimed, "sold again"—yet they swallowed it down and go the ticket thus fairly nominated "with their might." In the Republican Convention these men claimed that well ascertained, however, that Winchester was held by about two thousand infantry. Several detachments of cavalry were espied on the brow of a hill at a considerable distance, having made their appearence, as our scouts were returning; a few straggling deserters from rebeldom were picked up by the way.
