Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thourands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Sonates with the thunders of eloquence or wated to ecstasy the living lyre, may call with full confidence.

Indeed, without these, the journey through life becomes a weary pligrimage; the prospect hearly darkens to the view; the mind becomes shadowed with despair and filled with the melancholly reflection that the happiness of another becomes blighted with our own.

Disease of Imprudence.

Disease of Imprudence,

When the misguided and imprudent votary of pleasure finds that he has imbibed the seeds of this painful disease, it to often hapens that an til-timed sense of shame or dread of discovery, deters him from applying to those who, from elucation and respectability, can salone befriend him, delaying till the constitutional symptoms on this horr d disease make their appearance, such as uicerated sore throat, diseased noce, nocturnal pains in the head and limbs, dimness of sight, dealness, modes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity; till at last the palate of the mouth or the benes of the mose fall in, and the victim of this awful disease becomes a horrid object of commiseration, till death puts a period to his dreadful sufferings, by sending him to "that Undiscovvered Country from whence no traveler returns."

It is a melancholly fact that thousands fall rijectims to this terrible disease, owing to the unskilfulness of ignorant pretenders, who by the use of that Decally Poson, Mercury, ruin the constitution and make the residue o life miserable.

[From the Louisville Journal.] Brutal Outrage—Three Union Ladies Violated.

The Nashville Union has been informed, on west, by which our forces were effectually conunimpeachable authority, of one of the most centrated to meet the demonstrations recently unimpeschable authority, of one of the most horrible and revolting crimes ever perpetrated on the soil of Tennessee. A party of guerillas, five in number, belonging to Dick McCann's command, it is said, went on last Tuesday night to the house of a highly respectable citizen, about eight miles from Nashville, on the Nubbin Ridge road, and violated the persons of his wife and daughter in the most bental manner. wife and daughter in the most brutal manner.

The ruffians, whose lust and revenge were still unsatiated, leaving this scene of horror, went to the house of a highly estimable widow in the vicinity and treated her in the same fiendish and the destruction of the canal as soon as manner. These families are both represented in Col. Stokes' cavalry, and the rebels, unable to revenge themselves on the men, slaked it to the attermost on the persons of helpless festions of the same important letters will soon.

Stokes' cavalry, and the rebels, unable to revenge themselves on the men, slaked it to the uttermost on the persons of helpless females, their wives and daughters. The atrocolous crime was committed almost in sight of the Capital of Tennessee. The Union says a few weeks ago it recorded a similar outrage committed by the guerillas on the person of a respectable young woman, the daughter of an aged and loyal citizen, and again it says its pages are blackened by the record of rebel would hardly know where it was; to keep the command of Cincinnati, he would construct a strong work heavily armed at Covington.

Copies of these important letters will soon be furnished to the country through the press. It will be gratifying to the public to know that arrangements for the organization of the camp hospital and ambulance corps of the well matured and systematic plan of Mr. H.

Pierce, will be completed in a few days.

Only the best material will be received into pages are blackened by the record of rebel shame.

The heart sickens at the recital of such acts which disgrace humanity itself, and the cheek of the stoutest turns pale at the thought that the unchained passions of men, revealing in the breaking up of law and order consequent on this damidable rebellion, may soon make the chastity of women as little regarded as the lives of their husbands, brothers and sons are. These deeds are but the vanguard of a train of sins as black as those of the pit, which will certainly invade us and make our section the most wreached of all countries, unless our armies sweep their authors from existence. We must not slumber nor be idle a mo ment when lawless men are so insolent and defiant. The only way to restore security and re-establish the wholesome restraints of the law over the lawless, is to crush out the rebellion, which is the parent and nurse of all that is viliatnous and infamous. Let every father, every mother, every man and woman who have the welfare of their kind and country at heart, units at once servestly in the work of determined. unite at once earnestly in the work of destroy ing that treason, whose overshadowing wing affords a shelter for every phase of human vil-

lainy.
We are rejoiced to learn that these infamous wretches were caught by a force sent out by Gen. Negley. Forty, including Col. Bennett, were killed. Bennett and Barksdale two of the scoundrels, were members of the Legislathe evils produced.

Thousame of persons of all ages can now judge what ture that carried Tennessee out of the Union. Its the cause of their declining health, losing their vigor. The Union gives the following list of prisoners becoming weak, pale nervous and emadated, having a taken belonging to Bennett's guerrilla regiment. It is understood that a dispatch from Gen.

When this dispatch left Louisville, a couried in the from our forces was expected to arrive in the course of the night, bringing details of the pursuit and the battle which was probably earth. arth.
