THE RESULT OF LAST TUESDAY.

We are yet unable to give the definite result of the election held on Tuesday last. No one seems to have kept a particular tally of the vote for state officers, particularly in the districts where several candidates were in the field.

THE EFFECT.

The Tory Organ, this morning, is anxious to learn on what ground we base our rejoicing at the result of the election on Tuesday. We might answer that our rejoicing was justified by the same news which induced its mournful regrets.

Defeated on these issues, (and it is not yet certain that such is the result) what must be the effect? Suppose the word goes forward to the men in the army, some of whom are under arms with their wounds still unhealed, and others of whom have sacrificed home, business, comfort and pleasure.

Viewed in this light, the result of the election as it is claimed by the Breckenridgers, may be a sore and sad termination to the prospects of those who gave themselves over to the nefarious influences which brought it about.

One of the successful candidates for the Legislature in Philadelphia county, our old friend, Joseph Moore, of the Fifth District, looked into our sanctum this morning.

The people of the city of Hudson, New York, have hit upon a novel expedient to secure a small change currency without disobeying the law.

PROBABLE COMPLEXION OF THE NEXT LEGISLATURE.

It is still impossible to publish an accurate list of members elected to the next Legislature, but we feel warranted in claiming that, in any event, the Union Republicans will have a clear majority on joint ballot, if not in each House.

THE PROCLAMATION AN EXERCISE OF THE WAR POWER.

There can be no question as to what the President's proclamation must rely upon for its chief justification. The issuing of the proclamation was an act performed in the clear exercise of the war power.

Congress appears not to have assumed to make law upon this subject. It will be observed that the language employed in the acts of March 13, 1862, and July 17, treat the right of confiscation and liberation of slaves, as already established.

Be it enacted by the Senate and House of Representatives of the United States in Congress assembled, That hereafter the following shall be promulgated as an additional article of war for the government of the army of the United States.

Remember that this act is antecedent to the confiscation bill, or any other Congressional legislation looking to the liberation of any slaves, except in the District of Columbia.

It is useless then to talk of further Congressional legislation to give force or vitality to the President's proclamation. Some of the men who look so much to this legislation, will next propose that Congress should revise or dictate the order which it may become necessary for every Major General hereafter to issue.

CAGED AT LAST.—The notorious counterfeiter, Charles Sabin, who, in years past has caused much trouble to the police of Boston, was on the 8th inst., at Rutland, Vt., in the United States Court, sentenced by Judge Smalley to ten years' imprisonment in the State prison at Andover, for making and uttering counterfeit halves and quarters of United States coin.

THE ELECTION.

The Tory Organ, this morning, not content with publishing the most villainous falsehoods against the administration, and presenting the tax bill in a most odious and false position to the tax payers before the election, is continuing its misrepresentation by stating that all the officials employed by the government had taken an active part to sustain that government.

The proposed course of Garibaldi, in offering his sword to the government of the United States, meets with disfavor in more than one quarter. The London Times, we see, signifies its great surprise at the fact, that a man so thoroughly devoted to the cause of human freedom, should be willing to enlist against a people struggling for their independence.

The Journal has a special dispatch from Frankfort, saying that General Kirby Smith and his command have been captured between Lexington and Harrodsburg. There has been no news of this kind received at headquarters here and the report is discredited.

THE CHAIRMAN OF THE BRECKENRIDGE COUNTY COMMITTEE, Mr. Alexander Watson, deserves to be remembered by the loyal men of this county. He labored with a zeal and perseverance which proved his love of the work in which he was engaged.

THE REBELS IN FULL RETREAT.

LOUISVILLE, Oct. 16. The Journal has a special dispatch from Frankfort, saying that General Kirby Smith and his command have been captured between Lexington and Harrodsburg.

A rebel officer, writing to Lexington, says the rebel General Claiborne was killed near Perryville, and the rebel General Wood wounded. The latter's command had been transferred to General Preston.

It is reported, but the statement is discredited, that the rebel General Bucker was severely wounded in an attack made by the rebels on General Gilbert's force on the 8th inst.

The Banks have refused to lend money on gold, the object being to prevent speculation. The Banks have also raised the margin on stock securities 25 per cent.

NEW YORK, Oct. 16.—The rumored action of the Banks on the subject of gold and stocks, is at least premature; no meeting has yet been held and no such action is talked of, particularly as regards gold.
